Margaret and Roy Endsley

Margaret & Roy Endsley established their home in Turlock once they decided to relocate from Arizona in 1976. Some time after they began to enjoy their retirement years Roy became ill, requiring him to be treated at Emanuel Medical Center.

Margaret was comforted by the fine care Roy received from Emanuel's caring staff. She did not know what she would have done had they not moved to Turlock where they had access to a caring community hospital such as Emanuel Medical Center.

When Margaret experienced Emanuel's care, she felt like she was in the home of a long-time family friend. She had great faith in the care that was given her and her husband Roy, which in turn provided much comfort to her family.

From the 1950's to 1970's Margaret and Roy Endsley played a unique role at Palo Verde Community College in Blythe, California. They converted two buildings into dorms to house young men who were away at school for the first time. Margaret and Roy will forever be remembered for their wise counsel, encouragement, and the comforts of home, provided to the many students who became their extended family.

It is with profound pleasure that Margaret and Roy's family established **The Margaret & Roy Endsley Scholarship for Nursing Education**. Margaret and Roy were great believers in higher education. This scholarship fund will memorialize and honor Margaret and Roy Endsley's respect for education and grateful appreciation for excellence in nursing care.
