High School Science Teachers and Faculty

PAVING the PATHWAY

For Our Students Toward the STEM Fields

An event brought to you by the Science and Engineering Division of the Stanislaus County Office of Education in partnership with Stanislaus State.

Date: Monday, May 20th , 2019

Time: 4:30 PM - 7:30 PM

Location: Stanislaus State, Faculty Development Center

Registration: http://stanislaus.k12oms.org/445-165732

Cost: $25

This event is the second in a series of stand alone events that will support science educators; our goal is to better prepare students to enter college ready to succeed in STEM fields. Science high school teachers and faculty will have the opportunity to expand their knowledge of NGSS together.

The evening includes:

- Phenomenon used in research and real world applications to drive instruction in high school classrooms
- Dinner
- Strategies that support Phenomena-based instruction
- High School Teachers and Faculty Networking

ENGAGING · EMPOWERING · TRANSFORMING
