CALIFORNIA STATE UNIVERSITY, STANISLAUS, Electronic Files Disclaimer
This electronic file is the property of California State University, Stanislaus, and should be used solely for work authorized by and executed on behalf of the University. Any changes made to this CAD plan should be made in conformance with the University's published CAD standards (available upon request), and are to be considered the property of the University under the terms of any contract or agreement executed between your firm and California State University, Stanislaus.

In providing this plan to you, the University does not vouch for the accuracy of scale, content, or layout. The University attempts to provide the best available information, but many plans are based on information which may not reflect all recent renovations or modifications to a building or to University or municipal utilities infrastructures serving the campus. Consequently, plans should not be used for architectural design without space first being field measured and verified.
