

Associated Students, Inc. and University Student Union Programming Statement

Develop and produce quality programming primarily for student, and also for faculty, staff and the local community. Our programs should reflect the diversity of our campus, accomplish the standard of expected quality and meet a wide variety of learning objectives established by ASI Warrior Squad, ASI Warrior Fanatics and USU Program Board. In order to achieve our objectives programming standards should include:

- Freedom to try new ideas and ability to test new directions in campus programming.
- A wide range of diverse programming on a regular basis throughout the academic year.
- Various programs for the student community with a focus on highlighting services and amenities offered by the Associated Students Inc. and the University Student Union.
- Continuous improvement in our standards of programming excellence especially in the areas of creativity, levels of audience interest and production excellence.
- The Development and implementation of policies and procedures, which enable such programs to happen on a regular basis throughout the entire academic year.
- Regular assessment of programs and reports of findings to the ASI Senate and USU Board of Directors.
