

The Associated Students Inc. is committed to bringing the students a real world experience in servant leadership. ASI senate deals with a million dollar budget and employs 30 student employees. Executives and Senators sit on campus wide committee's and deal with governmental statewide issues. Through these experiences ASI gives students the premier opportunity in becoming engaged, provide the setting for all students to be equally heard and represented, and maximally enhance each student's experience and development.

Being active in student government provides leadership opportunities that translate into life-long learning and career experiences. You'll learn to build a consensus, negotiate, and make important decisions that affect all students at CSU Stanislaus.

The backbone of our student government is the network of the ASI Senate Board and Committees, which offer great opportunities to become active members of the student community.
