Source: CSU Enrollment Reporting System-Student (ERSS) data files

Notes: Term Headcount (HC) and Full-Time Equivalent Student (FTES) enrollments are based on official state-supported enrollment reporting files as of the term census date. The figures may not sum to totals due to rounding. Master's and Doctorate FTES are computed differently than undergraduate, credential, and postbaccalaureate FTES. Students enrolled in multiple programs as of the fall census date (i.e. double majors, Education majors concurrently seeking a credential) are counted only once in the primary program. Blanks designate zero (0) enrollment. N/A designates that a program was either not in existence, discontinued, or suspended.

<sup>1</sup> College Year (CY) Headcount (HC) Enrollment: (Fall HC \* .4333333) + (Winter HC \* .1333333) + (Spring HC \* .4333333) + (Summer HC/2)

<sup>2</sup> College Year (CY) Full-Time Equivalent Student (FTES) Enrollment: (Summer FTES + Fall FTES + Winter FTES + Spring FTES)/2
