When claiming California residence and completing this form outside California, it must be subscribed and sworn to before a person authorized to administer oaths, such as a notary public.

Fee Refund Policy — Fees may be refunded only as authorized by Section 41802 of Title 5, California Code of Regulations. Details concerning the fees that may be refunded, the circumstances under which they may be refunded, and the appropriate procedure to follow in seeking a refund may be obtained from the office of admission and records on each campus.

Use of the Social Security Number — You are required to include your Social Security number (or taxpayer identification number) on admission application forms to all of the CSU campuses pursuant to Section 41201, Title 5, California Code of Regulations. The CSU campuses use the Social Security number to identify your student records maintained in your association with the campus and, if needed, to help collect debts owed the university. Your Social Security number may be written on your application fee check to facilitate the processing of your fee payment. Also, the Internal Revenue Service requires the university to file information returns that include the student's Social Security number and other information, such as the amount paid for qualified tuition, related expenses, and interest on educational loans. That information is used to help determine whether you, or a person claiming you as a dependent, may take a credit or deduction to reduce federal income taxes.

If you do not have a Social Security number at the time you file the application, you may leave the item blank, and the campus will assign a temporary number. However, you are required to obtain a Social Security number and submit it to the university by the time you begin enrollment. Failure to furnish your correct Social Security number may result in the imposition of a penalty by the Internal Revenue Service.
