

Students in the Educational Technology Program

Current Students

<u>Name</u>	<u>Status</u>	<u>Project/Thesis Title or Focus</u>
Helen Aleksani	Classified	The Impact of Wireless Pads on Achievement in High School Mathematics
Eli Bynum	Classified	
Edith Calderon	Classified	Social media websites' influence on Second Language Acquisition among High School English Language Learners
Bryan Clarke	Classified	Technology Perceptions and Practices in a Continuation High School
Lori Dangerfield	Classified	Access to Technology and its Influence on Community College Student Performance
Anita Dhanota	Classified	Interactive Books and Their Effects on Literacy Skills in the Primary Grades
Lisa Diaz	Classified	
Christine Dunn	Classified	A Teacher's Approach: Improving Student Engagement through the Use of Interactive Whiteboards
Mark Gallegos	Conditional	
Sonia Gutierrez	Classified	The Effects of Using <i>Study Island</i> Software to Improve Learning
Cheryl Lloyd	Classified	Using Technology as an Engagement Tool and Instructional Strategy in the Visual Arts Classroom
Yvonne Manriquez-Curiel	Classified	Technology Oriented Graphic Organizer and Their Importance in Organizing Students Expression for English Learners in Narrative Writing
Nancy Petty	Classified	Professional Learning Communities in High School Mathematics
Vicki Reid	Classified	Teacher and Student Attitudes and Beliefs Regarding Technology and the Impact on Motivation and Engagement in the Classroom
Crystal Rustin	Classified	Student Attitudes Regarding Technology-Based Cheating
Gianna Smith	Classified	The Impact of iPods on Reading Fluency and Motivation
Donna Tigrett	Conditional	
Craig Tornquist	Classified	Computers Assisting Learners: Differentiating with Language Learning Software
Robert Torres	Classified	A Study of the Effects of Using a Word Processor in Writing
Thomas Van Ruiten	Classified	Using Technology to Improve Parent Involvement in School
Joel Vilanova	Conditional	
Carolyn Viss	Classified	Preparing Teachers in Effective use of LCD projectors, InterWrite pads, and Document Cameras
Kathleen Woodman	Classified	The Effect of Student Response Systems at the Elementary

		Level
Tamara Woods	Conditional	
Elbia Zamora	Classified	The Impact of Computer Assisted Instruction on the Vocabulary Development of English Learners

Graduates

<u>Name</u>	<u>Completion Date</u>	<u>Project/Thesis Title</u>
Lisa Anglim	5/09	Using Podcasting to Increase Content Retention in the Eighth Grade Science Classroom
Jeff Aprile	12/00	A Study of Student Perceptions of Gender Inclinations in Software Programs
Christine Benson	5/06	Analysis of Parent and Teacher Preferences and Expectations in Terms of Home-School Communications
Valerie Brandenburg	6/06	How Teacher Attitudes Impact the Utilization of Computer-based Systems
Nancee Carillo	7/05	Technological-Cheating: Students Attitudes on Cheating And who use Technology to Advance Academically
Victoria Castro	5/09	Student Attitudes toward Art Created with Technology and Technology's Effect on Student Artwork
Dennis Conrad	5/03	An Email Exchange Project: Its Effect on Writing
Cyndi Donelson-Chancellor	5/01	Gender Usage of Elementary Classroom Computers: A Study of K-6 Teachers
Rose DePalma	12/08	The Effect of Interactive Whiteboards on Student Achievement in Mathematics
Hamde Farha	12/11	The Effects of a Wireless Pad on Student Performance in Algebra
Marilyn Farrens	8/10	The Effects of Computer-Supported Collaborative Learning in a First Grade Writing Program
Israel Gonzales	6/10	The Impact of an Elective Technology Course on Student Problem Solving Skills
Lisa Hoover-Moore	5/03	A Comparison of Writing from Elementary Students that Use a Word Processor and Those Using Pencil/Paper
Adam Huckins	10/11	How Does Accelerated Reader Improve Reading among Intermediate Grade Students
Jill John	5/07	How Males and Females Use the Internet
Jeong-Lan Kinser	1/07	Contrasting Technology Integration and Traditional Methodology in Adult ESL Instruction
Jeff Kuhlman	5/07	The Effects of Technology-Based Assessment on Student Motivation
Carolyn Lowrey	12/04	A Comparison of Student Performance after Problem- and Project-Based Instructional Strategies
Charles Lunetta	5/07	Parent-Centered Websites and Homework Support
Ruth Luman	6/05	The Use of PowerPoint vs. Traditional Methods in Teaching Grammar: The Impact on Adult ESL Students

David McIntyre	12/04	How Does Middle School Scheduling Effect Technology Use?
Cindy Mudge	5/04	A Case Study of Students using a Computer-Aided Delivery Model for the Learning Strategies Sentence Writing Curriculum
DeLonna Patten	5/02	Teacher Perceptions of Computer Environments: The Lab Versus the Classroom
Monique Preciado	5/12	The Impact of Vocabulary Development Software on Performance
Trichelle Pugh	12/05	Accelerated Reader: The Effects on California Standards Test Scores
Daniel Rogers	5/08	Student Perceptions of Online Vs. Traditional Master's Programs
Francisco Romo	12/04	Specially Designed Academic Instruction in English (SDAIE), and Word Processing: The Achievement and Attitudinal Effects on the Writing Processes of Second Language Acquisition Students
Barry Scott	6/06	The Effectiveness of Voice Recognition Software in Accelerating Language Arts Skills Development of Low Performing Students
Surjit Shergill	5/03	Changing Teachers' Attitudes and Perceptions of Computers and Technology Through the Use of a Productivity Tool: Electronic Mail
Michael (Cory) Simpson	5/10	The Effects of Blog Use on Academic Achievement in Middle School Science
Doug Souza	5/05	The Effect of Word Processor Use on ADHD Student Writing
David Sutton	5/06	An Exploratory Study of the Effect of Digital Photography on Student Writing
Eileen Thorpe	1/04	Comprehensive Standards-Based Assessment Reporting: The Effects of Using an Electronic System
Joe Wood	5/12	Using Online Exams as a Review Strategy in a Middle School Science Classroom
Monica Woods	12/10	The Impact of Test Preparation Technologies on Student Achievement
