****ATTENTION****

Fees for the 2012-2013 academic year are based on fee rates proposed in the Governor's Budget. The fee rates included in the Governor's budget proposal must be approved by the legislature; consequently it is possible that fee rates ultimately required for the 2012-2013 academic year may be more than the rates billed at this time. If rates are increased in the 2012-2013 fiscal year budget, students will be billed the difference. The CSU makes every effort to keep student costs to a minimum. Fees listed in published schedules or student accounts may need to be increased when public funding is inadequate. Therefore, CSU must reserve the right, even after initial fee payments are made, to increase or modify any listed fees, without notice, until the date when instruction for a particular semester or quarter has begun. All CSU listed fees should be regarded as ***estimates*** that are subject to change upon approval by The Board of Trustees.

REGISTRATION FACTS

Please read all of the following information thoroughly to ensure your successful registration.

Overview of the Registration Process:

Step 1:

Registration Notices and Electronic Bills (EBills) are emailed to your University email account. The notice will indicate your registration appointment start time, which is the earliest time you may access your myCSUSTAN account for registration purposes. The notice also includes any Service Indicators (or holds) that must be cleared before you will be allowed to register for any classes. EBills show your account activity (charges and payments including financial aid).

New Undergraduate Students will NOT receive a Registration Notice and must register for and attend a New Student Orientation to register for classes (See New Student Orientation page for dates and more information).

Priority Registration Appointment Notices will be emailed to students eligible for Priority Registration at their University email address before Priority Registration begins. You are eligible if 1) you were admitted as a returning student, or a new graduate student by the Admission deadline date (October 1st for Winter/Spring or April 1st for Summer/Fall), or 2) you are a continuing student (enrolled in classes within the preceding 12 months) and have not been academically or administratively disqualified, and have not applied for graduation for a prior term.

Eligible students who do not receive an Appointment Notice three days before the beginning of Priority Registration should call the Registration HelpLine at 209/667-3039.

Open and Late Registration Appointment Notices will be emailed to new graduate and returning students within one week of being admitted if they were admitted prior to the last day for admission of the term they plan to register for classes.

Step 2:

Clear all Service Indicators on your student account. Please refer to the list below for who to contact.

Step 3:

Select Courses: If Advising Required is noted on your Appointment Notice, you are required to meet with your major adviser to select courses. Once you have been advised, **your major department** will release your advising hold and you will be enabled to register beginning at your scheduled time.

REGISTRATION FACTS

New Undergraduate Students: You must attend a New Student Orientation, during which you will receive advising, before you register. For dates, see the **New Student Orientation** section.

Reminder: Any other Service Indicators on your Appointment Notice must be cleared or you will not be allowed to register.

Permission Numbers are to be used to add or drop courses under the following circumstances. Check the "Registration Activity Dates" section for all pertinent registration periods.
You must use a Registration Options form to:

a. Change your grading option after Census Date.
b. Register for a course as an Audit (requires instructor's signature)
c. Add more than the allowable units (Excess Units) for that term (requires instructor's and department chair's signature)

You must use a Permission Number to:

d. Add a full class and/or a class for which you are waitlisted (requires instructor's signature)
e. Add a course which is restricted (requires instructor's signature)
f. Add a course without also adding its co-requisite course(s) (requires instructor's signature)
g. Add a course which requires the instructor's consent and is **NOT** a Special Registration or Individual Study course (see the section on "Special Registration Situations.")

Step 4:

Your Time to Register: You may register on the Web at your appointment time or anytime thereafter during any scheduled Online registration period for that term. Students may not register prior to their appointment. Registering at your appointment time via the Web will give you priority in course selection for available courses. Check the "Registration Activity Dates" section for all pertinent registration periods.

Step 5:

Verify Your Classes: After you have registered, you may verify your complete course schedule, including Waitlisted courses, via the Web by selecting the "My Class Schedule" option from your myCSUSTAN account to see your complete course schedule.

Step 6:

Pay your fees on time: All fees for registration are due and payable **by close of business on the due date** at the Cashier's Office, Stockton Campus, drop box outside the Cashier's Office, or by an Online payment. A payment made using the drop box after close of business on the due date will be counted as a LATE payment and may subject you to disenrollment/registration cancellation. Mailed payments must be received by close of business on the due date. (Refer to the Money Matters section for specific fee payment information.)

On-time payment or a timely formal withdrawal from all courses by the student is necessary to avoid a debt to the University and/or penalty fees. Disenrollment action will be taken by the University for failure to pay fees when due.

Alternative Registration Methods:

• In-Person Registration

This method is possible only at scheduled times at the Enrollment Services Office (MSR 120) or at the Stockton Campus, 612 E. Magnolia Street, Stockton. The phone number for the Stockton office is (209) 467-5300.

Other Registration Information:

• Enrollment Confirmation Deposit

Starting Fall 2012, CSU Stanislaus will require applicants to submit an Intent to Enroll and a $200 deposit upon accepting admission to the University. The nonrefundable deposit will be deducted from the balance owed at enrollment. Failure to pay the deposit may result in cancellation of the student's application.

REGISTRATION FACTS

• Online Priority Registration by Appointment

This registration period is for eligible continuing and returning students, and new graduate students admitted prior to email registration appointments being sent to students via campus email. You may obtain your priority registration date via your university email account at the following link: http://webmail.csustan.edu/mail/ See the Dates to Remember section for the date that priority registration emails will be sent.

• Open Registration

This registration period is for eligible continuing and returning students, and new graduate students. Students already registered may Add/Drop classes at this time also.

• Late Registration & Late Adds

Students who register initially after the Open Registration periods as indicated in the Dates to Remember section will be charged a $25 Late Registration Fee. A $10 surcharge will be required for each request to add a course(s) after the Add deadline.

• Registration Appointment

You may register via your myCSUSTAN acount beginning at your appointment time through the end of the registration period. Registration appointments are determined by units **completed** within class level in the following order: Senior, Graduate (Continuing in a Master's Program), Graduate (New Admit to a Master's Program), Graduate (Continuing Classified Credential), Graduate (New Classified Credential), Junior, Sophomore, Freshmen, Graduate (Credential Preliminary), Graduate (Unclassified Post-Baccalaureate).

• Course Adds/Drops

Eligible students may add or drop a course online during a scheduled registration period and after the term begins. Instructor signatures are not required to drop a course, or to add available courses during the scheduled add and drop periods as noted in the "Registration Activity Dates" page. To add a course that is full or restricted you must use a Permission Number by the last day to register or add a course. No automatic disenrollment action will be taken for non-attendance. A Permission Number is required to enroll in a class beginning the first day of the semester as well. Students are responsible for dropping courses or withdrawing their term registration through the Web by the last day to drop a course. Failure to do so may result in punitive grades being issued. You will be liable for pro-rated tuition and fees based on the last date of enrollment.

• Excess Units

Registering for 15 units Spring or Fall semester, or 10 units in Summer, requires submission of an Registration Options form with the signatures of the instructor and of your major department chairperson approving the number of excess units to Enrollment Services on or after the first day of the term, *but no later than the last day to add a class.*

• Course Availability: Full Courses

Check course availability on the Web. Waitlists will be available for some courses. Rather than waitlist a course, it may be wiser in some cases to enroll in an alternate course. Adding a closed/full class requires a Permission Number or the instructor's signature on an Registration Options form.

• Course Availability: Waitlist Classes

A student may request to be placed on a waitlist for a closed class if the class has specified a waitlist option. The student is not officially registered for the class until they are enrolled by using a Permission Number. Prior to the beginning of the term, classes are audited frequently for open seats, and eligible students on the waitlist for those classes will be automatically registered into the class. It is strongly recommended that students check their myCSUSTAN account regularly for addition to a waitlisted class and/or an increase in tuition and fees as a result of being added to the class.

Students will not be moved from a waitlist into a class if they have also registered in another section of that course. If the waitlisted class is preferred, it is suggested that students not register in another section of the same course. Once a term begins, a waitlist will be used only as a chronological reference to unmet course requests; a student must use a Permission Number to add a waitlisted class. Students that are waitlisted for **all** classes on their schedule are subject to Late Registration fees once the term begins. Waitlisting is not available once the term begins.

REGISTRATION FACTS

An instructor cannot add a student to a course. Students whose names do not appear on an instructor's Class Roster are not enrolled in that class and should immediately report to the Enrollment Services Office to add if course enrollment is desired.

• Withdrawal from the University

Students may withdraw from the University through the census date without having any notation indicated on their permanent academic record. To do this, students may drop all classes through the Web or submit a completed Withdrawal Form to the Enrollment Services Office (MSR 120) by the Census date.

Students who withdraw from the University on or before the Census date will be considered continuing students for the following term if they were enrolled on the census date of the previous semester and have not yet graduated. See the Money Matters section for refund instructions. Fees and tuition will pro-rate based on last date of enrollment as recorded by Enrollment Services.

• Disenrollment from Classes

The University will cancel registration without additional notice for failure to pay fees by the appropriate deadlines and the student will be liable for penalty fees that have accrued up until the date of cancellation. See registration calendar, registration instructions, and the Money Matters section in the Schedule of Classes. Students will be liable for pro-rated tuition and fees based on the last date of enrollment.

• Individual Study, Cooperative Education, Thesis, Project, Internship, and Fieldwork

These courses are not specifically listed, but they are offered by most departments every semester. Students must obtain special forms from their departments or Enrollment Services to register for these courses (see the section on "Special Registration Situations" in the Registration Information pages). Forms must be submitted to Enrollment Services no later than the last day to add.

• Student Responsibility for Timely Course Enrollment, Adds, and Drops

Students should officially drop courses which they have no intention of completing rather than risk a "WU" (equivalent to an "F") or "NC" grade by Census date. Students should not assume the instructor will take disenrollment action.

Only under special restricted circumstances can an instructor drop a student from a course. Students who register for a class and do not attend the first class meeting should notify the instructor or the departmental office no later than 24 hours after the first class meeting if they intend to remain in the class. Students who fail to provide such notification may be dropped administratively from the course by the instructor. The instructor also may administratively drop students who do not meet the catalog prerequisites for the class. These administrative drops shall be without penalty and must be filed by the instructor with the Enrollment Services Office no later than the Census date.

Each registrant will be held personally and fully responsible for course enrollment, adds, drops, and his/her failure to add and drop courses by the Census date listed in the Dates to Remember Calendar.

• Census Date

This is the last date that any Registration, Add, or Drop requests may be made for that term. Enrollment changes *WILL NOT* be accepted after this date.

• Course Fees

Certain courses that require an additional fee are noted in the Schedule of Classes with a dot in the Special Fees column. Fees vary by course and courses with an additional fee are listed in the Money Matters section.

• Verification of Enrollment

Once registration begins, the primary method to verify course enrollment is by checking your schedule at http://my.csustan.edu. Schedules will **NOT** be mailed to students. Once instruction begins, a student should verify that his/her name appears on the instructor's current Class Roster. Students who also *need* additional written confirmation of enrolled courses may order one by requesting it in person at the Enrollment Services Office after paying a $5 fee at Cashiers for this service. An alternative is ordering a full transcript for $4.

REGISTRATION FACTS

• Updated Personal Information: Address, Email, Telephone Numbers and Emergency Contacts

Be sure to keep your Personal Information updated through your myCSUSTAN account. The University does not assume responsibility for mail you do not receive because you moved. You may change your address online through your student myCSUSTAN account at http://my.csustan.edu.

• Grading Option

Change requests made after the Census Date require the instructor's signature and will not be accepted 5 days before final exams. See the Special Situations section for additional information.

• Verify your schedule

To ensure course schedule completeness, students should verify through http://my.csustan.edu to each term that all add/drop transactions are properly recorded in the system.

• On-Time Fee Payment is Required

On-time payment or a timely formal withdrawal from courses by the student is necessary to avoid a debt to the University and/or a penalty fee. Students who do not pay fees by the fee payment deadline will be assessed a $25 late payment fee, which increases for each date that fees are not paid. See the Money Matters section in the Schedule of Classes.

SPECIAL SITUATIONS

Special Situations

Co-requisites. Be sure to register in both the "Lec" and the "Lab," "Act," or "Dis" sections. If you register in only the "Lec" section, Online registration will drop the course from your schedule when you submit your changes.

Individual Study. (4980, 5980). Individual Study sections are not specifically listed in the course offerings for the term, but they are offered by most departments every semester. Students who wish to take an Individual Study course must complete an Individual Study Request form and have it approved by the instructor, major adviser and department chair before submitting it to the Enrollment Services Office for registration by or before the last day to add.

Supervision Courses. These courses include: Cooperative Education, PE Practicum, Fieldwork, Internships, Graduate Project, and Thesis. Sections of these are not specifically listed in the course offerings for the term, but they are offered by most departments every semester. Instructor, advisor, and department chair signature approval is required for supervision courses that require submission of a "Special Registration Form" to the Enrollment Services Office by or before the last day to add.

Excess Units. Only registration for a maximum of 18 units in Fall/Spring, 10 units in Summer Session, or 5 units in Winter Term will be allowed prior to the first day of classes. Registration for more than these maximums requires signature approval of the major department chair on an Add/Drop Form. Excess units may be added at the Enrollment Services Office only after the first day of the term.

CSU Visitor or Concurrent Enrollment. Available to enrolled students who wish to attend another CSU campus for one term. Interested students should contact the Records Department, Enrollment Services Office at (209) 667-3264.

Repeated Courses. Effective Fall 2009, Undergraduate students may repeat up to 16 semester-units with grade forgiveness. Grade forgiveness (Repeat/Replace) means only the most recent attempt will be counted for Grade Points and credit. Undergraduate students may repeat courses for grade forgiveness only if they earned grades lower than a C or CR. Undergraduate students may not repeat courses for which they have an Incomplete (I), Report Delayed (RD), or Report in Progress (RP) until they have received a grade for the course. Undergraduate students may repeat an individual course for grade forgiveness no more than two times. Grade forgiveness shall not be applicable to courses for which the original grade was the result of a finding of academic dishonesty. The limits apply only to units completed at the campus. Students should submit a Notification of Repeated Course form to the Enrollment Services Office (MSR 120) immediately after the repeated course is completed. See the Catalog for more information.

Credit by Examination. Advanced placement and unit credit may be awarded for satisfactory scores on the International Baccalaureate Higher Level Examinations, the College Board AP exams, the College Level Examination Program (CLEP) General and Subject Examinations, or for departmental challenge examinations (see the current CSU Stanislaus Catalog). Applicants interested in taking CLEP exams should contact the Testing Office (MSR 180) at (209) 667-3157 for further information prior to seeking academic advisement.

Grading Options

Audited Courses. Audit status requires an instructor's signature verifying that space is available for an auditor after all students taking the course for credit are accommodated; enrollment as an auditor will not be permitted prior to the first day of instruction. Auditors are not authorized in a full course. Units enrolled in audit status are counted for tuition and fee purposes.

Credit/No Credit Grading. Enrolling in a course with Grade Option 2 and selecting the CR/NC grading option is a two-step process: register in the course via the Web; later file an Add/Drop Form in Enrollment Services to declare the CR/NC option. **Changes from a letter grade to the CR/NC option must be filed on an Add/Drop Form at the Enrollment Services Office by the Census date.** No more than 24 semester-units graded on a CR/NC basis may be applied toward a baccalaureate degree; other departmental major restrictions also are applicable.

Plus/Minus Grading Option. Plus and minus grading, as indicated below, is at the option of faculty. Faculty members must state in their course syllabi whether they will use this option. If the instructor uses this option, it applies to ***all*** students in the class. The effect is explained below:

Grade		Grade Pts.	Grade		Grade Pts.
A	=	4.0	C	=	2.0
A-	=	3.7	C-	=	1.7
B+	=	3.3	D+	=	1.3
B	=	3.0	D	=	1.0
B-	=	2.7	D-	=	.7
C+	=	2.3	F	=	.0

Registration Fees

The term "Registration Fees" is used to refer to all tuition fees charged to register for classes. All fees are mandatory for registration; no fee or part of a fee is optional. Components include fees for the Tuition Fee (TF), Instructionally Related Activities (IRA), Health Facility (HF), Health Services (HS), Associated Students (ASI), University Union (UU), Athletics (ATH), Student Recreation Cromplex (SRC), Orientation, and any required course fees.

If applicable, registration fees include non-resident tuition, which is charged to non-residents of the State of California (see sections following). Units enrolled in Audit status are counted for fee purposes. Information about these fees and non-resident tuition may be found in the current University Catalog or obtained from the Cashier's Office at (209) 667-3611, or Student Financial Services at (209) 667-3063.

The CSU makes every effort to keep student costs to a minimum. Fees listed in published schedules or student accounts may need to be increased when public funding is inadequate. Therefore, CSU must reserve the right, even after initial fee payments are made, to increase or modify any listed fees, without notice, until the date when instruction for a particular semester or quarter has begun. All CSU listed fees should be regarded as ***estimates*** that are subject to change upon approval by The Board of Trustees.

In the event that an increase in the fee structure is authorized after your registration period, notices for the additional fees will be sent to your campus email address on file in the Enrollment Services office. Students will be held to their fee status as determined by Enrollment Services (see "Dates to Remember").

Registration Must Be Accompanied by Timely Fee Payment. Do not enroll for any course unless you are prepared to meet your fee payment deadline. Prompt payment or a timely formal withdrawal, prior to the first day of the term, from all courses by the student is necessary to avoid a debt to the University and/or penalty fees.

Course Fees. Additional fees have been instituted for certain courses. Courses requiring an additional fee are noted in the Schedule of Classes online. Fees vary by course, and those with an additional fee are listed in the Money Matters section of this schedule.

ATTENTION

Due to the ongoing uncertainty regarding higher education funding from the State of California, there is a strong possibility that registration fees may change prior to the start of the terms in this publication. The University cautions all students that registration fees may be different than the amounts listed in this publication. Please regularly read your campus e-mail and review your student account online to stay abreast of any changes. Your student account may be viewed online at http://my.csustan.edu.

Immediately update your myCSUSTAN account when a change in your mailing address or telephone number occurs.

WARNING: DO NOT DISREGARD OR IGNORE ANY BILLING OR OTHER NOTICES SENT TO YOU, INCLUDING EMAIL COMMUNICATIONS

Students will be held to enrollment status (units, fees, tuition, class level, residency, etc.) as determined by Enrollment Services (see "Dates to Remember"). Invoices from the University are due and payable in accordance with fee payment deadlines. Failure to pay amounts due will result in enrollment cancellation and/or a hold/service indicator being placed on the student's record.

Holding of Records. Placement of a Hold effectively suspends all University services. Students having questions or concerns regarding tuition fees, refunds or payment deadlines may call the Cashier's Office at (209) 667-3611, or Student Financial Services at (209) 667-3063.

A student's records may be placed in a Hold status because of financial obligation or other University requirements. The student will not be allowed to register, nor will transcripts or other University services be available until a clearance is obtained from the office issuing the Hold.

Students should use the Online registration system to verify the accuracy and completeness of their entire course add and drop transactions. Students are responsible for ensuring they have met all administrative deadlines that affect fees associated with their enrollment at CSU Stanislaus by proper notification to the affected academic department, college, Enrollment Services Office, Financial Aid Office, Housing Office, University Police, and Student Financial Services Office. Deadlines will be enforced whether or not a reminder billing is received. The University will cancel registration without additional notice for failure to pay tuition and fees.

Direct Deposit Information

ALL STUDENTS RECEIVING FINANCIAL AID *SHOULD* PARTICIPATE IN THE DIRECT DEPOSIT METHOD OF DISBURSEMENT.

- ***Is direct deposit reliable and secure?*** Our banking partnership offers all the most up-to-date, secure and modern Electronic Funds Transfer (EFT) processes.

- ***How do I sign up?***
  Students with checking/savings accounts simply complete the Direct Deposit sign up form on-line through your myCSUSTAN account.

- ***How long does it take once I submit the form?*** EFT authorizations take effect immediately.
- ***How will I know when funds are in my account?*** We will send e-mail notifications to your campus e-mail address posting EFT schedule pay dates. Many banks offer automated services by which you can check your account for deposits. If you don't have a campus e-mail account, contact the Office of Information Technology.

- ***Why should I sign up?***
  - Save time
  - Eliminate check cashing hassles
  - Security (no lost or stolen checks) if your address changes
  - Faster access to your money

Direct deposit of financial aid has been the preferred method of financial aid disbursement to students since 2004. Early sign-up and participation will ensure future payments are not delayed.

If you have any questions, please call Student Financial Services at (209) 667-3063 or email sarc@csustan.edu.

CSU, STANISLAUS
FEE SCHEDULE for 2012/2013
AS OF MAY 22, 2012

The CSU makes every effort to keep student costs to a minimum. Fees listed in published schedules or student accounts may need to be increased when public funding is inadequate. Therefore, CSU must reserve the right, even after initial fee payments are made, to increase or modify any listed fees, without notice, until the date when instruction for a particular semester or quarter has begun. All CSU listed fees should be regarded as **estimates** that are subject to change upon approval by The Board of Trustees.

Extended Education except Doctorate & MBA

MONEY MATTERS

Other Fees

Dishonored Payments/Returned Checks. Checks or Online payments presented for payment and returned unpaid to CSU Stanislaus are required to be redeemed within 10 working days. A $25 returned fee will be assessed for the first check or Online payment returned regardless of the value or the writer. Each subsequent returned check or Online payment will be assessed a $35 returned fee. Placing a stop payment or closing your checking account does not release you from your obligation nor does it automatically drop you from enrollment. A ***hold*** will be placed on the affected student account until the value of the returned item and returned item fee has been paid in full. Placement of a ***hold*** effectively suspends all University services and will prevent future enrollment.

Payment for dishonored/returned checks or Online payments and the returned fee will be accepted only by cash, money order, or cashier's check. ***A personal check, irrespective of the check writer, will not be accepted to pay for a dishonored check.*** In addition, check-writing privileges with the University by or on behalf of the affected student may be suspended.

Non-resident Tuition. The non-resident tuition fee of $372.00 per unit is payable by all students who have not been legal residents of the State of California for at least one year immediately preceding the residence determination date.

Tuition payable by non-resident and foreign visa students is in addition to tuition and fees required of California resident students except for enrollment in extension sessions. Questions regarding residency classification for admission eligibility and tuition purposes should be directed to the Residency Technician in the Enrollment Services Office at (209) 667-3152.

Initial determination of residency status is made by University officials prior to or at the time of registration, and fees must be paid at registration. Full refund of non-resident fees paid will be made if final determination by the University legal advisor indicates that a student is a legal resident.

For more detailed information on residency determination and exceptions to tuition refer to "Determination of Residence" section in the current University Catalog.

Campus Parking Permit Fees. Current Parking Permit Fees may be found on the Fee Schedule pages of this guide. They may be paid at the same time as registration fees. The Cashier's Office will mail parking permits only upon request and if a self-addressed and stamped envelope is provided. Students who pay for parking permits by mail, via the Web (myCSUSTAN) or the Drop Box may pick up their parking permits at the Cashier's Office Monday-Friday, 8 a.m.-5 p.m (7:30 a.m.-4:00 p.m. during the Summer).

Warrior Card-Your Campus Credentials

The Warrior Card is the official identification card of CSU Stanislaus. It is issued to all members of the University Community and is required for identification for all students to access essential campus services. Your Warrior Card also offers a convenient Warrior Cash account for making purchases on and around campus. Warrior Cards are disbursed at the Turlock University Student Union Information Desk and at the Stockton Student Information Center.

Your Warrior Card is your key to:

* Identification – In addition to your photo, your Card has your unique ID number printed and encoded on the magnetic stripe.
* Meal Plans – Campus residents swipe the Card to access Meal Plan dollars at all Campus Dining Locations.
* Libraries – Use your Card to check out library materials and access other resources and services.
* Cashiers/Financial Aid/Enrollment Services – Your Card will be swiped to access your student records.
* Fitness Center Pass - Access privileges for current students, faculty, and staff.
* Warrior Cash – Make cashless purchases and pay for services at campus locations and local businesses.
* Banking Convenience - Make it an ATM/PIN-based debit card when linked to a FREE Wells Fargo College Checking account.
* OIT Print accounts.

For more information go to www.warriorcard.com.

   Turlock, California 95382
   Attn. Cashier
b. In person at either the Cashier's Office located in MSR 100 or at the CSU Stanislaus-Stockton Center.
c. By placement in the Drop Box located outside the main entrance to the Cashier's Office. Please include your student ID number.

EFT PREFERRED

Beginning Fall Semester 2004 financial aid payments to students are made via electronic fund transfer to the student's checking or savings account, rather than mailing checks to students as was done in past years. This process allows the University to get your monies to you in a timely, cost-efficient manner. **Please complete the Direct Deposit Authorization form available through your myCSUSTAN account.**

Financial Aid

Financial Aid Fee Deferment. Students who have enough financial aid awarded and accepted will have their registration fees deferred until their financial aid payout date(s). Students with financial aid amount(s) in the "accepted" status that are insufficient to cover the total of required registration fees must pay the remaining balance before the payment deadlines listed under Fee Payment Deadlines. The total of required registration fees must be paid and/or deferred to avoid being dropped from classes. Students that are not meeting Satisfactory Academic Progress must also pay their registration fees by the payment deadlines. Financial Aid recipients uncertain about financial aid amounts must contact the Financial Aid and Scholarship Office at (209) 667-3336 for specific instructions. Registration fees and other debts to the University will be deducted from the first available financial aid, regardless of type of aid, including loans.

Financial Aid Applicants. Financial Aid applicants who have not yet been awarded financial aid for the Spring term will only have their registration fees deferred if they have applied for financial aid and have completed their financial aid file by 10/1/2012. Students that have not completed their financial aid file or have a student loan that they haven't accepted will not be eligible for a fee deferment. A student is able to view their status with the Financial Aid and Scholarship Office on their mycsustan account. If a student is not eligible for a fee deferment, they must pay required fees by the payment deadline.

Note: Students with Financial Aid Fee Deferments agree by accepting the deferment of their registration fees that they are fully liable to the University for their registration fees, whether or not they ultimately obtain or accept financial aid or attend classes. If they do not pay the required fees, the only way to cancel their obligation to the University is to officially withdraw from courses by the Full Refund Deadline for the term. See "Refund Deadlines" for specific dates.

Alan Pattee Scholarship Act No Tuition Fee shall be required of or collected from those individuals who qualify for such exemption under the provisions of the Alan Pattee Scholarship Act. For further information, contact Enrollment Services at (209) 667-3264.

Employee Fee Waivers Qualifying CSU Stanislaus employees must have their Employee fee waiver on file with the Waiver Coordinator in the Enrollment Services Office, 667-3264, prior to registering for classes in order to have their fees calculated properly. **This waiver must be submitted for each term of enrollment.** Forms are available from the Employee Benefits Coordinator in the Human Resources Office. Questions regarding which fees qualify for waiver should be directed to the Employee Benefits Coordinator in Human Resources, (209) 667-3351.

MONEY MATTERS

Senior Scholars Qualifying students must have their Senior Scholar fee waiver on file with the Special Academic Programs Coordinator in the Advising Resource Center (ARC), 667-3304, prior to registering for classes in order to have their fees calculated properly. **This waiver must be renewed each term.**

Employee Dependents Qualifying students must have their fee waiver on file with Waiver Coordinator in the Enrollment Services Office, 667-3264, prior to registering for classes. **This waiver must be renewed each term.** Forms are available from the Employee Benefits Coordinator in the Human Resources Office. Questions regarding which fees qualify for waiver should be directed to the Employee Benefits Coordinator in Human Resources, (209) 667-3351.

Veteran's Dependent Qualifying students under provisions of the California Educational Code, section 32320, must have their authorization on file with the Waiver Coordinator in the Enrollment Services Office, 667-3081, prior to registering for classes in order to have their fees calculated properly. **The authorization must be renewed for each academic year.**

Veteran Fee Payment Deferral Students qualified by the Veterans' Coordinator in the Enrollment Services Office, 667-3081, may have their payment deadline deferred until receipt of veteran benefits.

Third Party Fee Payment Students whose fees will be paid by another party (Vocational Rehabilitation, Workers' Compensation, Private Industry Council, Americorps, local school districts, or employers, etc.) must have their fee authorization on file with the Cashier's/Student Financial Services Office, MSR 100, prior to registering for classes. Failure to do so may subject the student to improper billing and related late payment penalties. ***If the third party fails to pay, the student is fully responsible and liable for all charges incurred on his or her account***. Questions regarding third party pay may be directed to 667-3977.

CSU Concurrent Enrollment Students concurrently enrolled at another CSU campus must have their Concurrent Enrollment form with fees paid certified by their **HOME** campus on file with the Records Coordinator prior to registering for classes in order to have their fees calculated properly.

Higher Education Tax Incentives The Tax Relief Act of 1997 (TRA 97) and the American Recovery and Reinvestment Act of 2009 provide several federal tax incentives for students enrolled in post-secondary higher education.

~American Opportunity credit
~Education IRAs
~Hope Scholarship tax credit
~Lifetime Learning tax credit
~Student Loan Interest deduction
~Tuition and Fees deduction

CSU Stanislaus cannot determine if you qualify for a tax credit or deduction or provide income tax advice. Please obtain IRS publication 970 and IRS form 8863 or contact a tax return preparer about your specific income tax situation. Additional information can be obtained from the Internal Revenue Service at 1-800-829-1040 or www.irs.ustreas.gov.

Refunds Students will no longer be required to request a refund. Any refund for which a student is eligible will be "automatic" when a student follows campus-established procedures to cancel registration, drop courses, or withdraw for the academic period. Refunds will be automatically processed following the census date for each academic term.

Students will be entitled to a full refund of mandatory fees and nonresident tuition **only** if they cancel their registration or drop all courses prior to the first day of instruction for an academic term by the following deadlines:

Winter 2013
December 19 .....Last day to withdraw for full refund of mandatory fees
January 4 .....Last day to withdraw & qualify for a 75% refund

Spring 2013
.....Last day to withdraw for full refund of mandatory fees & non-resident tuition
.....Last day to drop from full-time to part-time & qualify for refund of the difference in fees
.....Last day to withdraw & qualify for a pro-rata refund

Coming Soon!

All refunds are subject to a $5 processing fee.

MONEY MATTERS

Refund Deadlines Students who drop some but not all units resulting in a lower tuition and/or mandatory fee obligation within the campus designated drop period and in accordance with campus procedures will be entitled to a refund of the applicable difference in tuition and/or fee levels.

For state-supported non-standard terms or courses of less than four (4) weeks in length, students are not entitled to any refund unless the student cancels registration prior to the first day of instruction of the non-standard term or the first scheduled meeting in the case of "short courses."

For state-supported semesters, quarters, and non-standard terms of four (4) weeks or more in length, students who drop all courses prior to the end of the campus-designated drop period or who officially withdraw no later than the sixty percent point in the academic period shall be entitled to a pro-rata refund of tuition and mandatory fees.

The pro-rata refund is determined on the basis of the date of the student's withdrawal and the length of the academic period. The length of the academic period is calculated from the first day of instruction through the final exam day of the period and excludes any breaks of five (5) days or more. The first day of instruction is TBD for Spring 2013 Semester.

Exceptions to the policy, providing that the full amount of tuition and mandatory fees be refunded, are authorized where the fees were assessed or collected in error, the course for which the tuition and fees were assessed or collected was cancelled by the campus, the campus makes a delayed decision that a student was not eligible to enroll in the term for which mandatory fees were assessed and collected and the delayed decision was not due to a student not providing complete or accurate information, or the student was activated for compulsory military service.

Delinquent Accounts Past due accounts are subject to collection procedures including but not limited to placement of a HOLD preventing University services, submission to a collection agency, or submission to the California State Franchise Tax Board for tax offset/intercept of any income tax refund or lottery winnings. Delinquent accounts may be subject to additional collection charges and interest rom the date of debt.

CSU STANISLAUS

INSTALLMENT PAYMENT PLAN

WHO MAY APPLY FOR INSTALLMENT PLAN?

Any student registered for classes who is not a financial aid recipient receiving sufficient funds to cover the tuition and fees. Students with a prior balance are not eligible.

HOW DOES IT WORK?

- The installment plan will defer tuition and fees and nonresident tuition into 3 monthly installments.
- The first installment payment will be 1/3 of tuition and fees (amount will depend on the number of units enrolled), plus a $33.00 non-refundable administrative fee.
- For Non resident students each installment will include additional 7% administrative fee of the non-resident tuition amount.
- Installment payment plan application instructions are provided below for use at your myCSUSTAN account.

1. After tuition fees have posted to your myCSUSTAN service center, click on the down arrow then select "Enroll in Payment Plan".

2. Click on the right arrows. Follow the steps below.

Follow the remaining steps to complete enrollment in your payment plan. Do not forget to click the Enroll button.

Call (209) 667-3063 if you have any questions.

TESTING INFORMATION

English Placement Test (EPT) & Entry-Level Mathematics Test (ELM) Requirements

CSU STANISLAUS PRE-COLLEGIATE MATH AND ENGLISH REQUIREMENTS

The CSU requires all new undergraduate students who are not exempt to take the English Placement Test (EPT) and the Entry Level Mathematics (ELM) Test prior to attending a New Student Orientation or enrolling in any course. See below for exemption criteria.

Purpose of the EPT and ELM

The EPT is designed to assess the level of reading and writing skills of entering CSU students so they can be placed in appropriate courses. Those students who do not demonstrate college-level skills will be directed to English courses or developmental programs to remediate identified deficiencies.

The ELM test is designed to assess the mathematics skill levels of entering CSU students. Those undergraduate students who do not demonstrate college-level mathematics skills will be directed to courses or programs designed to help them attain these skills.

Required remedial courses must be taken the first and each subsequent term at the University until the student satisfies the skill level required for General Education courses. Full remediation of all English and Mathematics entrance deficiencies must be completed within one year of initial University registration to avoid academic-administrative disqualification from enrollment. Students who have not completed remediation requirements in the 12-month limit will be academically disqualified.

English Placement Test

Who must take the EPT?
Unless a student qualifies for one of the EPT exemptions listed in the following section, it is necessary that the student take the EPT **before attending New Student Orientation or registering for any courses at CSU Stanislaus.**

Exemptions from the test are given only to those who present proof of one of the following (see www.calstate.edu).

*A score of 500 or above on the critical reading section of the College Board SAT Reasoning Test.
*A score of 22 or above on the American College Testing (ACT) English Test.
*A score of 3 or above on either the Language and Composition or Composition and Literature examination of the College Board Scholastic Advanced Placement Program.
*Completion and transfer to CSU of the credits for a college course that satisfies the CSU General Education requirement in English Composition, provided such a course was completed with a grade of C- or better.
*A score of "Exempt" or "Ready for college-level English courses" on the CSU Early Assessment Program (EAP) taken along with the English Language Arts California Standard Test in grade 11.

Placement

Scores on the EPT determine which entry-level composition course students may take. Eligibility is determined according to this table:

EPT Score	First Course to Take
0-146	ENGL 1000 Introduction to Composition
147-150*	ENGL 1001/1002 * First-Year Composition (with conditions)
151 and above	ENGL 1001/1002 First-Year Composition (no conditions)

*Students with scores of 148, 149, or 150 are admitted conditionally to ENGL 1001 or 1002 and must agree to use the CSU Stanislaus Writing Center as their instructor directs.

After meeting English Placement Requirements, students may be admitted to First-Year Composition (ENGL 1001 or 1002) the following term. After successful completion of ENGL 1001/1002, students may enroll in the required ENGL 2000 or PHIL 2000 Critical Inquiry courses (GE Area A.3).

TESTING INFORMATION

Entry-Level Mathematics Test

Who must take the ELM?
Unless a student qualifies for one of the ELM exemptions listed below, it is necessary that the student take the ELM **before attending a New Student Orientation or registering for any courses at CSU Stanislaus.**

Exemptions from the test are given only to those who present proof of one of the following:

1. Completion and transfer of a course that satisfies the General Education-Breadth (Area B.3) or Intersegmental General Education Transfer Curriculum (IGETC) (Area 2) quantitative reasoning requirement, provided such course was completed with a grade of C- or better.
2. Completion of one of the following tests at the specified level or higher:

Test	Score
Advanced Placement–Statistics	3
Advanced Placement–Mathematics (Calculus AB or BC)	3
ACT - Mathematics	23
SAT I - Mathematics	550
SAT II – Mathematics I, IC, II, or IIC	550
Augmented mathematics CST taken in 11th grade (EAP)	Exempt

EPT/ELM Registration

For current EPT/ELM test dates please visit http://www.csustan.edu/testing

Test Date
January 12, 2013
February 9, 2013
March 16, 2013
May 4, 2013

Information bulletins and registration materials for the EPT and ELM will be mailed to all students who are subject to the requirement at the time of admission. Students may access more information, including applications, test dates, deadlines, and registration materials, online at http://www.csustan.edu/testing

Placement

Interpretation of ELM scores for those who took the ELM test after March 22, 2002. Scores on the ELM determine which entry-level mathematics course students may take. Eligibility is determined according to the table below:

ELM Score	First Course To Take
0-32	Enroll in MATH 0103, Pre-Algebra or re-take and pass ELM
34-48	Enroll in the following courses based on the student's academic major: **Planning on teaching K-8?** MATH 0107, Intermediate Algebra for Math/Science **Math, Science or Computer Science Major?** MATH 0110, Intermediate Algebra for Math/Science **Other Major?** MATH 0106, Intermediate Algebra for Non-Math/Science
50-80	ELM pass; enroll in G.E. Mathematics
Note: ELM scores are even numbers ranging from 02-80. **After meeting Mathematics Placement Requirements,** a student will be eligible to take a General Education mathematics course (G.E. Area B.3).	

TESTING INFORMATION

WPST and Graduate Writing Competency for Graduation

All students must demonstrate competency in writing skills as a requirement for graduation. Students who have not met the writing requirement for graduation must **pass** the Writing Proficiency Screening Test (WPST) as a prerequisite to an upper-division writing proficiency (WP) course. Writing Proficiency courses must be passed with a minimum grade of C- or better to satisfy this requirement. Writing Proficiency courses are designated in the Schedule of Classes with a "(WP)." A complete listing of currently approved WP courses follows on the next page and is also included in the current Catalog under "Writing Proficiency."

Check with the department of your major for a WP course appropriate to your major. A course taken prior to the first semester in which WP status takes effect for that course may not be used to satisfy the writing competency requirement.

How to sign up for the WPST:

The WPST will be given four times a year. See the "Testing Calendar" for test dates. For specific registration information, refer to the WPST registration form or contact the WPST Office at (209) 667-3069. Registration forms are available in the forms rack located in MSR 180 in the Mary Stuart Rogers Gateway Center. They are also available from any academic department, the Writing Center (on the Turlock Campus), the Stockton Campus Office, and the Transfer Centers at area community colleges.

Peer tutoring to prepare for this test is available at the Writing Center.
There are special test arrangements for individuals with disabilities and those who observe the Sabbath on Saturday. Students may access more information, including applications, test dates, deadlines and registration materials online at http://www.csustan.edu/wpst.

NEW STUDENT ORIENTATION

What is New Student Orientation?

New Student Orientation (NSO) is a program for incoming CSU Stanislaus students designed to provide you with information about University requirements, general education requirements, major academic advising and student programs and services. Each NSO includes informational sessions with a variety of CSU Stanislaus staff and faculty to assist you with academic advising and course registration. Your attendance and participation in your New Student Orientation will greatly enhance your educational experience at CSU Stanislaus. By the end of the day, you will have a general understanding of the campus and, more importantly, your personalized class schedule for the upcoming semester.

How Will NSO Benefit Me and Why Should I Attend NSO Early?

*Preferred class selection and scheduling
*Opportunity to become familiar with campus prior to first day of classes
*Interaction with other new students as well as University faculty and staff
*Gain knowledge of University policies and graduation requirements
*Obtain information of campus services available to you as a student
*Receive an electronic copy of the current University catalog, class schedule, and student handbook

How Do I Register for NSO and How Much Does it Cost?

Register online at www.csustan.edu/nso. To be eligible to attend NSO and enroll in any courses, all students must provide EPT/ELM test scores, or provide proof of exemption at the time of registering for NSO online. For more information about testing please visit the Testing Office website at: http://www.csustan.edu/testing/. You should register as soon as possible as space is very limited in each NSO. In the event that you need to change your orientation date, you must notify the NSO Office 30 days prior to your scheduled orientation date; change of date cannot be guaranteed. There is a mandatory New Student Orientation fee for all new students of $75.00; payment is required prior to attending NSO by following payment instructions given on the NSO online registration final page. The NSO fee is a mandatory fee charged to all new undergraduate students at CSU Stanislaus. The NSO fee is separate from and in addition to other deposits, registration fees and tuition.

In order to pay the NSO fee, students must log into their myCSUSTAN portal account. Additional step by step instructions for payment are stated on the final page of the NSO online registration.

What Happens After I Register For NSO?

One week prior to your registration date, a confirmation email will be sent to the email address you provided on the registration form. If you have questions or feel you must change your choice of dates, please contact the NSO office at (209) 664-6757.

When Do I Attend NSO?

Walk-in registration is NOT permitted.
For registration questions, please call (209) 664-6757.

TELEVISED COURSE INFORMATION

Televised courses at CSU Stanislaus are delivered by Instructional Television Fixed Service (ITFS), videoconferencing (CODEC), and cable television. They are easily idenfiable in the online Schedule of Classes denoted by a video camera icon.

Students should register for the section of a course that coincides with the site of attendance as shown in the room column. Two sections of a course identify it as a CODEC course, three as an ITFS course, and four as an ITFS course also transmitted via local cable TV.

Videoconferencing (CODEC) CODEC classes link Turlock and Stockton in P146 and STK A1071, respectively. Students at both sites see and hear each other and the instructor can teach from either site.

Instructional Television Fixed Service (ITFS) ITFS courses from classrooms P164 and P165 in Turlock are televised to classrooms at the reception sites listed below. These ITFS classrooms include a two-way audio system that allows students at the outlying sites to communicate with the instructor and students in Turlock. Faculty in Turlock see remote site students by web-conferencing.

Cable Television (Local TV) Some of the ITFS courses are available on local cable television. The room column in the course listing identifies the cable system and communities in which a course is offered, as follows:

Charter TV (room TV 002 in the Schedule of Classes)-These courses are available only to Charter Communications cable television subscribers in Ceres, Delhi, Denair, Hilmar, Keyes, Turlock, and Modesto (zip code 95351) on channel 2.

Comcast TV (Room TV 096 in the Schedule of Classes)-These courses are available only to Comcast cable television subscribers in Modesto (except for zip code 95351) on channel 96.

Charter + Comcast TV (Room TV 2OR96 in the Schedule of Classes)-These courses are available on both Charter cable televesion channel 2 in Ceres, Delhi, Denair, Hilmar, Keyes, Turlock and Modesto zip code 95351 *and* Comcast cable television channel 96 in Modesto zip codes excluding 95351.

Students registered in a cable television section should watch the channel for their community at the time and day of the first class. Registered students will be provided with website links to access class materials and a phone number to use to interact with the instructor and students during class. Exams are administered on the Turlock campus.

GENERAL EDUCATION CURRICULUM

The curriculum of general education is central to the mission of CSU Stanislaus and to the explicit commitment to a quality liberal arts education.

The purpose of general education is to provide a common educational experience for students, regardless of major field of study. The faculty are committed to ensuring that the general education program cultivates knowledge, skills, and values that are characteristic of a learned person.

The general education program is organized into five subject areas of communication skills, natural sciences and mathematics, humanities, social sciences, and individual resources for modern living. The general education program also includes required courses in history and government. The multicultural education requirement offers students coursework which addresses multicultural/ethnic studies/gender or non-Western cultures issues.

The academic goals of the University specify that the University will guide students to attain mastery in the search for knowledge and to become critical thinkers who have attained effective levels of expressive and scientific literacy. Those who graduate will be versatile in their approach to problems and refined in their ability to frame and test intellectual arguments and hypotheses. They will have knowledge of the arts, history, and cultural identities of past and current societies. They will understand the value of being caring and humane citizens engaged by the challenges facing their evolving communities.

The University provides curricular and co-curricular activities to enhance global thinking and environmental awareness, and to cultivate respect for cultural diversity, both within and beyond the boundaries of its educational community.

The University collaborates with partners in its surrounding communities to provide "service learning" opportunities for enhancing the educational experiences and civic awareness of our students.

Goals of the General Education Program

1. ***Subject knowledge.*** To provide an educational experience that will enhance students' understanding of the discipline's basic principles, methodologies, and perspectives.

2. ***Communication.*** To provide an educational experience that will enhance the ability to communicate.

3. ***Inquiry and Critical Thinking.*** To provide and educational experience that will enhance critical thinking skills and will contribute to continuous inquiry and life-long learning.

4. ***Information Retrieval and Evaluation.*** To provide an educational experience that will enhance the ability to find, understand, examine critically, and use information from various sources.

5. ***Interdisciplinary Relationships.*** To provide an educational experience that will enhance students' understanding of a discipline's interrelationships with other disciplines.

6. ***Global or Multicultural Perspectives.*** To provide an educational experience that will enhance the ability to look at issues from multiple perspectives and/or that will describe the discipline's impact on or connection to global issues.

7. ***Social Responsibility.*** To provide an educational experience that will help students understand the complexity of ethical judgment and social responsibility and/or that will describe the discipline's impact on or connection to social and ethical issues.

Credit Policy for General Education

The Schedule of Classes and the Undergraduate catalog designate the current courses offered at CSU Stanislaus which are applicable to General Education requirements. Only courses so designated are approved for credit applicable to General Education. All enrolled undergraduates should, therefore, refer to the current General Education Curriculum which lists acceptable General Education courses.

Breadth Requirements for General Education

The University's General Education requirements are prescribed by the California Code of Regulations. It consists of a minimum of 51 semester units as described below, including at least 9 upper-division units. At least 9 of these 51 semester units shall be earned at the University. However, credit earned in fulfillment of the upper-division writing competency graduation requirement is not applicable to this 51-unit General Education program. The University accepts certification of General Education—Breadth requirements by a California community college or a CSU campus, according to CSU regulations. Upon request, the University will report completion of these requirements to another CSU campus.

CSU General Education-Breadth Requirements are designed so that, taken with the major depth program and electives presented by each baccalaureate candidate, they will assure that graduates have made noteworthy progress toward becoming truly educated persons. Particularly, the purpose of these requirements is to provide means whereby graduates:

* Will have achieved the ability to think clearly and logically, to find information and examine it critically, to communicate orally and in writing, and to reason quantitatively;
* Will have acquired appreciable knowledge about their own bodies and minds, about how human society has developed and how it now functions, about the physical world in which they live, about the other forms of life with which they share that world, and about the cultural endeavors and legacies of their civilizations;
* Will have come to an understanding and appreciation of the principles, methodologies, value systems, and thought processes employed in human inquiries.

- PHIL 2005 Honors Critical Thinking, 3 units, **or**
- PHIL 2100 Logic, 3 units

B. Natural Sciences and Mathematics
(9 units minimum)

Note: Complete at least one course from each of the 3 groups listed below. This must include a Laboratory course from either group 1 or 2.

1. Physical Sciences Requirement
- ASTR 2100 Descriptive Astronomy, 3 units, **and**
- ASTR 2112 Optional lab, 1 unit
- CHEM 1000 Chemistry in the Modern World, 3 units, **and**
- CHEM 1002 Optional lab, 1 unit
- CHEM 1100 General Chemistry I, 4 units (includes activity)
- CHEM 1102 General Chemistry I Laboratory, 1 unit
- CHEM 2100 Chemistry and Biochemistry for Nurses I, 3 units
- CHEM 2110 Chemistry and Biochemistry for Nurses II, 2 units (includes lab)
- CHEM 2400 Science of Winemaking, 4 units (no lab credit)
- CHEM 2500 Chemistry of Photography, 4 units (includes lab)
- CHEM 2600 Consumer Chemistry, 4 units (includes lab)
- GEOG 2010 Introduction to Physical Geography 3 units
- GEOL 2000 California Geology, 3 units (no lab credit)
- GEOL 2100 Principles of Geology, 3 units (no lab credit)
- GEOL 2102 Principles of Geology Laboratory, 1 unit
- GEOL 2200 History of Earth and Life, 3 units
- GEOL 2202 History of Earth and Life Laboratory, 1 unit
- GEOL 2400 Introduction to Earth Science, 3 units (no lab credit)
- GEOL 2500 Dinosaurs, 3 units (no lab credit)
- PHSC 1300 Environmental Pollution, 3 units (no lab credit)
- PHSC 2100 Atmosphere, Weather, and Climate, 3 units (no lab credit)
- PHYS 1500 Energy and Matter, 3 units, **and**
- PHYS 1502 Optional lab, 1 unit
- PHYS 2100 Basic Physics I, 5 units (includes lab)
- PHYS 2110 Basic Physics II, 5 units (includes lab)
- PHYS 2250 General Physics I, 4 units, **and**
- PHYS 2252 Optional lab, 1 unit

2. Biological Sciences
- BIOL 1010 Principles of Biology, 3 units (no lab credit)
- BIOL 1020-29 World of Biology Laboratory, 1 unit, taken concurrently with BIOL 1010
- BIOL 1150 General Biology II, 4 units (inlcudes lab)
- BIOL 2310 Human Genetics, 3 units (no lab credit)
- BIOL 2650 Environmental Biology, 3 units (no lab credit)

3. Mathematics
- MATH 1000 Excursions into Mathematics, 3 units
- MATH 1030 Elementary Foundations of Mathematics I, 3 units
- MATH 1070 College Algebra, 3 units
- MATH 1080 Trigonometry, 3 units
- MATH 1100 Precalculus, 4 units
- MATH 1410 Calculus I, 4 units
- MATH 1500 Finite Mathematics, 3 units
- MATH 1600 Statistics, 4 units
- MATH 1610 Statistics for Decision Making, 3 units
- MATH 1910 Calculus with Applications I, 3 units

Note: All the above MATH courses require an ELM score of 50 or above prior to enrollment.

C. Humanities Requirement[2]
(9 units minimum)

Note: Include at least 3 units from group 1, and 3 units from group 2, below.

1. Arts
- ART 1000 Introduction to Studio Art, 3 units
- ART 1010 Foundation Drawing, 3 units
- ART 1030 Foundation Printmaking, Option A, Physical Strategies, 3 units
- ART 1035 Foundation Printmaking, Option B, Planographic Print Strategies, 3 units
- ART 1040 Foundation Digital Media, 3 units
- ART 1100 Foundation Painting, 3 units
- ART 1200 Foundation Sculpture, 3 units
- ART 1340 Introduction to Ceramics, 3 units
- ART 1350 Looking at Art, 3 units
- ART 2515 Art History Survey-Ancient, 3 units

NURS 2042 Better Health with Self-Care Activity, 1 unit
PSYC 1000 Sexual Behavior, 3 units
PSYC 2030 Psychology of Adjustment, 3 units
SOCL 2000 Intergenerational Experiences and Life Course Developments, 3 units

2. KINS 1010–1999 Physical Education Activities, 1 unit [5]

[3] Requirements may be satisfied partially by acceptable scores on the CLEP Social Sciences General Examination.

[4] Students may not use both CS 2000 and CS 4000 for GE requirements.

[5] Students age 25 years or older at the time of entry into CSU Stanislaus will not be held to this requirement.

GENERAL EDUCATION CURRICULUM

F. Upper-Division General Education Requirements

(9 units minimum)

Each student is to complete a minimum of 9 units of upper division level General Education course work.

These courses may be taken no earlier than the term in which upper division status (completion of 60 semester units) is attained.

Students will not be given upper-division General Education credit for course work in the discipline(s) of their major or concentration. The distribution of the 9 semester units must include 3 units from each of the three following areas:

1. Natural Science and Mathematics

a. Biology

BIOL 3000	Frontiers in Biology, 3 units
BIOL 3020	Introduction to Evolution, 3 units
BIOL 4050	Ecosystem Case Studies, 3 units
BIOL 4350	DNA: The Code of Life, 3 units

b. Botany

BOTY 4000	Medicinal Plants and Herbs, 3 units (G)

c. Chemistry

CHEM 3070	The Chemicals in Your Life, 3 units
CHEM 3100	Environmental Chemistry, 3 units

SUMMIT PROGRAM

Summit Program

Students have the option of joining the Summit Program as an exciting alternative way to fulfill 6 of their 9 units of Upper-Division General Education requirements (Area F General Education requirements). Students select a cluster of 2 courses in one of the following combinations:

a) One Math/Science course (F1) and one Humanities course (F2); or
b) One Math/Science course (F1) and one Social Science course (F3); or
c) One Humanities course (F2) and one Social Science course (F3)

Some clusters also fulfill the multicultural requirement (Area G General Education requirements).

For the curricular area not covered by the 2-course cluster, students will select an Upper-Division General Education course from the traditional menu (area F1, F2, or F3).

The features of the Summit Program:

- Each cluster includes 2 courses that have been linked to an engaging topic. Faculty members will integrate the courses so that what students learn in one course will become the foundation for learning in the next course.
- Students will take the courses in the cluster with the same classmates, enabling them to get to know each other and interact in class discussions and group projects.
- The faculty members in the cluster may be interacting with students during both cluster courses, enabling students to develop a personal relationship with their instructors.
- During the first class meeting of the cluster, students will complete a learning contract that summarizes information about the program.
- Enrolling in the Summit Program can begin in the term in which a student attains upper-division status (completion of 60 semester units).
- Any student may enroll in any cluster, regardless of his/her major, and have the cluster fulfill the Upper-Division General Education requirement in the areas indicated.
- Summit courses used to meet the Upper-Division General Education requirement cannot be electives for a major or concentration; they may, however, be used as electives in a minor.

Enrollment and Credit towards the General Education Requirement:

- Each semester students enroll via Online registration for the appropriate cluster course.
- Students must successfully complete all courses in the cluster to have these courses fulfill 6 of the 9 units of the Upper-Division General Education requirements.

A listing of the current clusters can be found on the next page.

SUMMIT PROGRAM

2012-2013 Summit Clusters

Due to budget contraints, this cluster will be offered at a later date, undetermined at this time.

*Courses designated with an asterisk fulfill the General Education Multicultural Requirement, Area G.

GENERAL INFORMATION

Use of Social Security Number

Students are required to provide the University with their correct Social Security Numbers (individual taxpayer identification numbers) pursuant to the authority contained in Section 41201, Title 5, California Code of Regulations, and Section 6109 of the Internal Revenue Code. The University uses the Social Security Number to identify the student for purposes of financial aid eligibility and disbursement, and the repayment of financial aid and, if needed, to collect other debts payable to the University. Your Social Security Number or Student ID Number may be written on your fee check to facilitate the processing of your fee payment. Also, the Internal Revenue Service requires the University to file information returns that include the student's Social Security Number and other information such as the amount paid for qualified tuition, related expenses, and interest on education loans.

That information is used to help determine whether a student, or person claiming a student as a dependent, may take a credit or deduction to reduce federal income taxes. Students who do not have a Social Security Number at the time of enrollment will be required to obtain a Social Security Number and submit it to the University within 30 days. Failure to furnish a correct Social Security Number may result in the imposition of a penalty by the Internal Revenue Service.

Credit Evaluations Some transfer students qualify to have partial or full completion of CSU lower-division General Education requirements certified by the college from which they transfer. Students who have followed an official CSU General Education program should request their former colleges to certify to CSU Stanislaus the completion of part or all of these requirements. The Academic Records Department, Enrollment Services Office will issue a General Education evaluation to transfer students *after* receipt of complete and final official transcripts.

Full-Time or Part-Time Status For most purposes, enrollment for 12 or more units during Fall, Spring or Summer is considered full-time status for undergraduate students. Eight or more units in Fall, Spring or Summer is considered full-time status for postbaccalaureate students. Veterans should check status requirements with the Veterans' Affairs Coordinator in Enrollment Services. Federal INS regulations require that international (visa) undergraduates and postbaccalaureate students enroll in 12 and 8 units respectively to qualify for full-time status during Fall and Spring.

Change of Major Students changing their major, minor, or concentration should submit a Declaration or Change of Degree Objective form available at the Enrollment Services Office (MSR 120). Assistance in choosing a major, vocational testing, and counseling are available upon request from the Career Development Center at (209) 667-3381.

Graduation Honors Graduation honors are awarded to students earning baccalaureate degrees at commencement on the basis of both their overall ***and*** CSU Stanislaus grade point averages achieved in their undergraduate work. *Projected or estimated grade averages for degree candidates are excluded from grade point average calculations. Honors designation for Spring and Summer candidates in the commencement program is based on grades earned by the end of the Winter Term.* To receive an honor**,** *both* averages must meet the standards as follows:

Cum Laude	3.40 – 3.59
Magna Cum Laude	3.60 – 3.79
Summa Cum Laude	3.80 – 4.00

These are minimum grade point average requirements. Calculations are not rounded upward to qualify a student. When there is a difference between the averages, the lower of the two will be used in determining the level of honors. (See Grading System section in the Undergraduate Catalog.)

Continuing Education, Open University, and Extension Courses Students wishing to enroll in continuing education courses need not apply for admission prior to registration. They should contact the University Extended Education Office at (209) 667-3111 before the last day to add a class in the term for which they wish to enroll. Matriculated students may not be enrolled concurrently for resident credit and Open University courses.

Release of Personal Information CSU Stanislaus is authorized under the Family Educational Rights and Privacy Act of 1974 to release "directory information" concerning students. "Directory information" includes name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational institution attended by the student. "Directory information" is also released to agencies of the State of California for recruitment purposes. This information is subject to release at any time unless the campus has received prior written objection from the student specifying the information that the student requests not to be released. Written objections should be sent to the Dean of Admissions/Registrar.

GENERAL INFORMATION

Selective Service Registration The federal Military Selective Service Act (the "Act") requires most males residing in the United States to present themselves for registration with the Selective Service System within 30 days of their 18th birthday. Most males between the ages of 18 and 25 must be registered. Males born after December 31, 1959 may be required to submit a statement of compliance with the act and regulations to receive any grant, loan or work assistance under specified provisions of existing federal law. In California, students subject to the Act who fail to register are also ineligible to receive any need-based student grants funded by the state or a public postsecondary institution. Selective Service registration forms are available at any U.S. Post Office, and many high schools have a staff member or teacher appointed as a Selective Service Registrar. Applicants for financial aid can also request that information provided on the Free Application for Federal Student Aid (FAFSA) be used to register them with the Selective Service. Information on the Selective Service System is available and the registration process may be initiated online at http://www.sss.gov.

Voter Registration Information Voter registration materials are available at several locations throughout the campus. Students may obtain information at the Student Union, the Counseling/Career Development/Academic Support Office, and the Veterans Desk, MSR 120; or call 1-800-345-VOTE.

Veterans Assistance Veterans who plan to enroll under one of the federal or state plans of educational benefits should read the Veterans' section of the University catalog *and* should contact the Veterans' Affairs Coordinator at (209) 667-3081 in the Enrollment Services Office (MSR 120).
