POSITION

California State University, Stanislaus
One University Circle
Turlock, CA 95382

POSITION: The Department of Biological Sciences invites applications for a Tenure Track appointment at the level of Assistant Professor. We are seeking an organismal biologist who demonstrates the ability and desire to teach invertebrate biology courses including Invertebrate Biology, Parasitology, and/or Marine Ecology. Teaching responsibilities may also include general education and introductory survey, or graduate courses or upper division courses in the candidate's specialty. The ideal candidate will be committed to teaching, mentoring, and advising a highly diverse student population. Although teaching is the primary emphasis of this position, other duties include establishing an active research program, advising students on academic and career matters, and involvement in committee and service to the university. This position is contingent upon the availability of authorized funding.

MINIMUM QUALIFICATIONS: The successful candidates are expected to have completed the appropriate terminal degree (Ph.D. or equivalent) with an appropriate academic program. Prior successful teaching experience at the college level and post-doctoral experience preferred.

HOW TO APPLY: A complete application must include an application letter qualifying your interest in the position and preferences for courses to teach, names, addresses and telephone numbers of references, a current vita, and unofficial copies of college transcripts. Send applications and all other correspondence to:

Dr. Mark A. Grobner, Chair
Department of Biological Sciences
California State University, Stanislaus
One University Circle
Turlock, CA 95382

COMPENSATION: Commensurate with qualifications and experience. As a member of the 23-campus California State University System, we offer an extremely competitive benefits package.

DEADLINE: Consideration of applications will begin October 1, 2013. This position is open until filled
