

California State University | Stanislaus

The Faculty Center

for Excellence in Teaching and Learning

The Center is dedicated to improving student learning by supporting faculty in ways that make teaching a more satisfying and productive activity.

Center's Mission

"The primary mission of the CSUS Faculty Center for Excellence in Teaching and Learning is to support faculty in their roles as teacher, learners, scholars, and members of the university and wider community as a means of enhancing student learning. Enhancement of faculty skills, professional fulfillment, and promotion of collegiality and a sense of campus community are integral to this mission. Faculty Center for Excellence in Teaching and Learning staff take a visionary role, to promote the spirit of innovation and collaboration among faculty, staff, students, and administrators at CSU Stanislaus. Faculty Center for Excellence in Teaching and Learning (FCETL) services are available to all university faculty at all stages of their professional careers, as well as student teaching assistants."

Academic Senate 16/AS/97

The Center's Vision

The Faculty Center is a vibrant, high-profile, easily accessible facility combining a variety of current faculty support offices in a location where faculty can meet to: get to know each other, discuss issues of mutual concern, discover faculty development resources, and experiment with instructional technology.
