Commencement

What is the difference between Graduation and Commencement?

- Graduation is the conferral of a degree and the issuance of a diploma. A student graduates when he/she has filed an Application for Graduation and has fulfilled all the requirements for their degree. Students who have applied for graduation may participate in the Commencement ceremony, but this participation does not imply that they have graduated or that they have completed degree requirements.
- Commencement is the formal ceremony that is held each May to recognize and honor the achievements of degree candidates, graduates, and teaching credential recipients
- Each Spring the commencement brochure includes students who graduated the previous Fall or students who have submitted an Application for Graduation for the Spring and Summer. For specific deadline information please visit: csustan.edu/commencement
