Focus Hospice is a new and budding hospice agency in Stockton ready for the right team to have it flourish. Now that Focus Health has joined the Covenant Care family, there are expanded opportunities to grow and serve our community. A new Hospice Director is bringing fresh leadership. Come, grow with us!

Elevate Home Health, a division of Covenant Care, is a Home Health Service Provider enhancing the continuity of care for the patients we serve. Our services integrate professional and personal care to elevate wellness and recovery and to promote independence, all in the comfort of the patient's home. With a unique focus on rehabilitative medicine, the integration of preventative and curative programs, we bring together the latest clinical excellence and empower our clients to achieve their optimal level of living and independence.

We reward our employees' contributions to our success by offering competitive compensation and benefits. A highlight of the many employee benefits available at Elevate Home Health includes:

- Elevate Home Health pays the majority of employee medical coverage.
- You pay less for benefits as contributions for medical, dental, and vision are pre-tax deductions.
- Company-paid time off with an increased benefit based on years of service.
- Company-paid life and accidental death and dismemberment insurance.
- Company-paid time off to attend the funeral of an immediate family member.
- 401(k) Retirement Savings Account.

Elevate Home Health is an equal opportunity employer.

Focus Hospice is seeking a full time Registered Nurse for our team in the Modesto/Stockton areas. This position has on-call responsibilities. As a member of the Focus Hospice team you will provide skilled nursing care to our patients in their place of residence. Using our Point of Care documentation system, you will provide real time patient information to be shared with case managers, physicians, family members and the entire interdisciplinary team.

POSITION SUMMARY: The registered nurse plans, organizes and directs hospice care, and builds from the resources of the community to plan and direct services to meet the needs of individual and families within their homes and communities.

KEY JOB FUNCTION

- Completes an initial, comprehensive and ongoing comprehensive assessment of the patient and family to determine hospice needs.

- Provides a complete physical assessment and history of current and previous illness(es).
- Develops and initiates a plan of care, regularly re-evaluates patient and family/caregiver needs, and participates in revising the plan of care as necessary through the IDG process.
- Develops a care plan that establishes goals based on nursing diagnosis, incorporates hospice nursing actions, and includes the patient and the family in the planning process.
- Initiates appropriate preventive/rehabilitative nursing procedures, and administers medications and treatments as prescribed by the physician in the physician's plan of care.
- Assists the patient with the activities of daily living and facilitates the patient's efforts toward self-sufficiency and optional comfort care.

Job Requirements

- Graduate of an accredited school of nursing.
- Current RN licensure in State and CPR certification.
- One (1) to two (2) years of recent acute care experience in an institutional setting.

- One (1) to two (2) years of recent experience in home care or hospice is strongly preferred.
- Valid driver's license and reliable transportation
- cell phone
