

AQUATICS PROGRAM OPERATIONS AND INFORMATION HANDBOOK 2019-20

Recreational Swimmers

A lifeguard must be on deck or in a guard stand for swimmers to enter the pool during open swim hours. Swimmers that enter before or without a lifeguard in the proper area will be asked to leave the facility.

Lifeguards have the responsibility to enforce rules and regulations and have the authority to remove anyone for unsafe or inappropriate behavior.

Recreational swimmers should circle swim when there are two or more swimmers in a lane (See lifeguard for instructions). Swimmers should comply with lifeguard's instructions at all times. Rules and regulations will be enforced immediately by the lifeguards when there is a safety concern.

The diving well for the pool will be closed for open recreation swim unless it is posted open and a lifeguard is present to watch the area.

Weather Policy and Winter Closing Dates

The use of the pool will be determined on a daily basis by the Campus Recreation staff. Should an unanticipated closure occur, a sign will be posted on the Campus Recreation website, on Campus Recreation social media, at the aquatic facility gate, and at the Welcome Desk of the SRC Student Fitness Center. Weather conditions or maintenance work on the pools will be used as the determining factors for this decision. The pool will be offered on a limited basis during early afternoon time periods to assist in trying to avoid sun exposure for an extended period of time. The aquatic facility will close immediately due to any inclement weather involving storms with the likelihood of thunder and lightning. In addition, the aquatic facility will close during campus holidays and closures.

Users must display a current Stanislaus State parking pass. You will be ticketed by University Police if you do not display the proper pass. Automated parking ticket machines are on the campus to allow others to park for a nominal fee.
