

CALIFORNIA STATE UNIVERSITY, STANISLAUS

RECOMMENDED CURRICULUM FOR STUDENTS INTENDING TO ENTER

SCHOOLS OF VETERINARY MEDICINE

Coursework required by most California veterinary schools:

BIOL 1050	General Biology I
BIOL 1150	General Biology II
BIOL 3350	Introductory Genetics
CHEM 1100	General Chemistry I
CHEM 1110	General Chemistry II
CHEM 3010/3012	Organic Chemistry I
CHEM 3020/3022	Organic Chemistry II
CHEM 4400	Biochemistry I
MATH 1410	Calculus I
PHYS 2100	Basic Physics I
PHYS 2110	Basic Physics II

Recommended coursework:

MBIO 3010/3032	Bacteriology
ZOOL 4280	Physiology of Human Systems
ZOOL 4151	Histology
ZOOL 3130	Vertebrate Embryology
ZOOL 3150	Comparative Anatomy of Vertebrates

Recommended concentrations in the Biological Sciences:

Biology Education or Organismal Biology can help fulfill these required and recommended courses while progressing toward a bachelor's degree.

Required examination: Graduate Record Exam (GRE)

Additional Requirements:

Generally a minimum of 90 semester units (including English composition, public speaking, social science, and humanities courses as well as those listed above) are required, but a bachelor's degree is highly recommended. In addition, letters of recommendation from professors, veterinarians, etc. as well as a personal statement from the applicant are required. Acceptance into a school may be aided by a broad range extracurricular activities, dental-related experience, and fluency in a second language in addition to strong GPA (*e.g.*, ≥ 3.5) and GRE scores. Interested students should investigate requirements of specific schools well before beginning the application process.
