

Student Name: _____

Date: _____

	Exemplary	Accomplished	Developing	Beginning
Assessing Need and Locating Sources	<input type="checkbox"/> Expertly and precisely formulates research question based on need (gaps in current knowledge)	<input type="checkbox"/> Accurately formulates research question based on need	<input type="checkbox"/> Research need is addressed but is misconstrued in regard to research question or discipline	<input type="checkbox"/> Research need is not understood in regard to research question
	<input type="checkbox"/> Fully determines the scope of the research question	<input type="checkbox"/> Adequately determines the scope of the research question	<input type="checkbox"/> Attempts but inadequately determines the research question	<input type="checkbox"/> Does not understand or does not adequately determine the research question
	<input type="checkbox"/> Selects information that satisfies the need and scope of research	<input type="checkbox"/> Selects appropriate but limited information to satisfy the need and scope of research	<input type="checkbox"/> Does not fully select adequate information for the need and scope of research	<input type="checkbox"/> Selects inadequate or inappropriate information for the need and scope of research
	<input type="checkbox"/> Expertly evaluates authority of sources necessary for research	<input type="checkbox"/> Accurately evaluates authority of sources necessary for research	<input type="checkbox"/> Attempts but struggles to evaluate the authority of sources necessary for research	<input type="checkbox"/> Does not accurately evaluate authority of sources necessary for research
Using and Incorporating Sources	<input type="checkbox"/> Integrates sources that accurately and directly respond to the research question	<input type="checkbox"/> Adequately integrates resources that mostly respond to the research question	<input type="checkbox"/> Integrates limited resources or uses sources that do not directly respond to research question	<input type="checkbox"/> Sources are inadequate and/or do not directly respond to the research question
	<input type="checkbox"/> Demonstrates advanced ability to synthesize, summarize, critique, and evaluate sources	<input type="checkbox"/> Demonstrates ability to synthesize, summarize, critique, and evaluate sources	<input type="checkbox"/> Demonstrates limited ability to synthesize, summarize, critique, and evaluate sources	<input type="checkbox"/> Does not demonstrate ability to accurately synthesize, summarize, critique, and evaluate sources
	<input type="checkbox"/> Skillfully contextualizes response to research question in a discipline	<input type="checkbox"/> Contextualizes response to research question in a discipline	<input type="checkbox"/> Struggles to contextualize response to research question in a discipline	<input type="checkbox"/> Does not accurately contextualize response to research question
	<input type="checkbox"/> Accurately adheres to discipline formatting and citation standards	<input type="checkbox"/> Has occasional errors in discipline formatting and citation standards	<input type="checkbox"/> Has frequent errors in discipline formatting and citation standards	<input type="checkbox"/> Inaccurately applies disciplinary standards of formatting and citation
