

STANISLAUS FUTURES

A vibrant economy is key to building a healthy community and a better quality of life for all residents. The higher the education level of a region's residents, the greater the impact on the regional economy. However, by 2025, as baby-boomers retire, 2.3 million California jobs will go unfilled due to a lack of college degree holders. The failure to meet the needs of the workforce could seriously limit our economic growth and future.

The Stanislaus Futures Scholarship is a strategic, needs-based award that is open to high school seniors from a Stanislaus County High School involved in college readiness and/or mentorship programs. This scholarship is intended to increase the number of students graduating from high school, enrolling in, and persisting through, college. **20 to 30 scholarships are given out annually.**

Eligibility

To be considered for the Stanislaus Futures Scholarship, you must meet the following criteria:

- Be a high school senior from a Stanislaus County high school graduating in 2023
- Be involved in a high school-college readiness and/or mentorship program
- Complete the FAFSA and demonstrate financial need based on Expected Family Contribution (EFC)
- Plan to enroll full-time at an accredited or qualified post-secondary school pursuing an Associate's or Bachelor's degree
