

Campus Safety Committee

Rationale

To maintain a safe and secure learning environment requires commitment and collaboration by the whole community. Safety is improved for everyone by open discussion, deliberation, and participatory problem solving. Risk can be reduced and managed best when accurate information is shared from a large variety of resources.

Mission

To improve the safety culture across CSU Stanislaus facilities and sites where individuals are actively involved in the promotion and protection of the well-being of the CSU Stanislaus community.

Charge

1. Participate in open discussion about safety issues effecting employees, students, and the public at CSU Stanislaus facilities and sites
 - a. Engage with administrators for possible solutions and improvements
 - b. Suggest Ad Hoc committees when necessary for problem solving
 - c. Refer matters to pertinent existing committees for consideration
2. Promote safety across CSU Stanislaus facilities and sites in a variety of methods.
 - a. Recommend methods for safety information distribution
 - b. Report committee meeting details back to all bargaining units and represented constituents
 - c. Recognize systemic safety issues and bring to the committee for consideration
 - d. To inform persons to take appropriate action when a safety hazard is identified (i.e.; "see something, say something")
