

California State University, Stanislaus
Office of Academic Programs

Faculty Profile

Faculty profiles (condensed curriculum vitae) are required as an appendix to the new degree program proposal. The following information should be emailed to the Office of Academic Programs in a MS Word document. The information will be transferred into the final faculty profile document (see sample). When providing the information listed below, please note the space limitation with respect to the one-page faculty profile.

New program proposals that are to be submitted to WASC are required to enclose faculty curriculum vitae not to exceed 5 pages. These 5-page cv's may be submitted with CSU proposals in lieu of a one-page faculty profile.
