NOTES:

LIBS Department accepts courses **NOT** listed above. [Example: CIS for CS 11 at Delta College]. Students completing a course not listed above should contact the **Liberal Studies Department website at: www.csustan.edu/liberalstudies for information on petitions, advising forms and guides.**

- A. *The AA-T for Elementary Teacher Education is now the recommended pathway for students wishing to transfer to the Liberal Studies Major at Stanislaus State.* Courses in the AA-T as well as additional courses listed above from Columbia, Merced, Modesto, and Delta Colleges fulfill the Subject Matter Waiver requirement for the California Commission on Teacher Credentialing (CCTC) observing the following:
 - a. Choosing from options satisfying the standard GE requirements can satisfy most of the Liberal Studies subject requirements. **The Liberal Studies Department website provides the appropriate CSUS course selection and a Sample Road Map that combines CCTC requirements with the GE.** All courses, excluding labs and unless otherwise noted, require a minimum of 3 semester units or approval of the Liberal Studies Department Chair.
 - b. Lower-division courses do not fulfill the upper-division major requirements.
 - c. The California Commission on Teacher Credentialing requires Liberal Studies Majors complete each of the Subject Matter Preparation Program Requirements with a grade of C- or better.
 - d. The courses that satisfy the CCTC requirement in Early U.S. History and American Government will differ from those community college courses certified for completion of the CSU's US History/Constitution/American Ideals requirement. See the community college catalogs for approved courses.
- B. Liberal Studies majors should take the Writing Proficiency Screening Test (WPST) as soon as they pass a course that satisfies the G.E. Area A.3 Critical Thinking requirement, with a grade of C- or better. WPST passage is required before enrolling in LIBS 3000 Community and Diversity (WP). LIBS 3000 is the entry level course for transfers. Information about the WPST is available on the Web at: <http://www.csustan.edu/wpst>
