

PRE-LICENSURE FOR STANISLAUS STATE NURSING PROGRAM

2022-2023 CYRAN GRID

*Established: Fall 2002
Revised: Fall 2022*

This grid represents comparable lower division course preparation for admission to the Pre-licensure Nursing at CSU Stanislaus. It is published for informational purposes only. Although every effort has been made to ensure its accuracy, it is not considered an irrevocable contract between CYRAN and the student. CYRAN reserves the right to change provisions and descriptions at any time while taking precautions that such changes do not adversely affect enrolled students. Students are advised to consult their college counselor for supplementary information.

See notes at the end of this document for additional information.

PROGRAM PREREQUISITES

SCIENCE PREREQUISITES

| REQUIREMENT | STAN STATE | COLUMBIA | MERCED | MODESTO | SJ DELTA | UC MERCED |
|--|---|---|---|--|---|--|
| ANATOMY | ZOOL 2250 <i>C-ID BIOL 110B</i> <i>C-ID BIOL 115 B S</i> | BIOL 10 <i>C-ID BIOL 110B</i> | BIOL 16 <i>C-ID BIOL 110B</i> | ANAT 125 <i>C-ID BIOL 110B</i> | BIOL 31 <i>C-ID BIOL 110B</i> | BIO 164 |

| ADDITIONAL INFORMATION | | | | | | |

Non-Stanislaus State students seeking admission to the Nursing Pre-licensure Program must submit an application for admission to the University during the priority admission application filing period.

Students need to be admitted to the University before their nursing program application will be considered. The application period for fall admission to the nursing program is December 1st - January 15th; spring admission application period is the month of August. Only completed applications will be accepted. Nursing applications are submitted through the admissions office. Official transcripts for all prerequisite and/or general education courses taken at colleges or universities must accompany the application, including Stanislaus State transcripts. Applications are available on the School of Nursing webpage.

A minimum of two science prerequisites and two non-science prerequisites must be completed at the time of application to the program. Remaining prerequisite courses may be in progress at the time of the nursing application. Evidence of completion or work in progress is required for the application. For selected applicants, a final grade of C or better in an outstanding course is required to enter the program. All prerequisites must be completed before the first day of program admission.

This is an impacted program and supplemental criteria are used for the selection of students. Applicants must have a minimum overall GPA of 3.0, a GPA of 3.0 in the prerequisite science courses, a GPA of 3.0 in other prerequisite courses, and complete the ATI Test of Essential Academic Skills (TEAS) with a minimum score of 70%. ATI TEAS may be taken a maximum of three times. The highest score of the first three attempts will be used. No more than one science and one non-science prerequisite course may be repeated once.

Applicants are ranked according to the following formula:

- Overall GPA: 5-25 points
 - Overall Science Prerequisite: 5-25 points
 - Overall Non-Science Prerequisite: 5-25 points
 - ATI-TEAS of Academic Skills: 5-25 points
 - Up to 25 points can be earned for the following:
 - Completion of any of the following pre-requisite courses on the Stan State campus: Chemistry, Anatomy, Physiology, Microbiology, and Statistics (2 points each)
 - Permanent residency in the Stanislaus State service region (Calaveras, Mariposa, Merced, San Joaquin, Stanislaus, or Tuolumne counties): 5 points
 - Health care experience: 0-5 points (see the website for algorithm)
 - Bilingual: 0-5 points (see application for proficiency certificate)
- (Criteria subject to change; see Nursing website.)*

Note: California residents are given preference over out-of-state and international students as long as the program is on impacted status. Applicants with military service are also given priority if two students score the same.

Students should consult the CSU Stanislaus nursing department web page for more information: www.csustan.edu/nursing.

This articulation grid is produced by the Central Yosemite Region Articulation Network. CYRAN is a partnership of the following institutions: California State University Stanislaus, Columbia College, Merced College, Modesto Junior College, San Joaquin Delta College, and University of California Merced.
