Subject: WASC Special Visit Report

Dear Campus Community,

The Special Visit Report prepared for the Western Association of Schools and Colleges (WASC) is available at the Accreditation website <http://www.csustan.edu/wasc/specialvisit.html>. The report and attachments are password protected for all members of the CSU Stanislaus community. In order to access the report, you will be asked to enter your user id and password for your csustan.edu email account.

The Special Visit Report was a collaborative effort with contributions from administrators, faculty, and the Special Visit Research Team and prepared with the assistance of many individuals. I ask that you read the report and findings of the research conducted. The Special Visit Research Team (SVRT) would like to call special attention to the research section and encourage your interaction both before and after the Special Visit. As noted in the Special Visit Report, one recommendation is to “engage the campus community to discuss the outcomes of the research findings in this Special Visit Report” (p. 52). The SVRT will be meeting with the Provost and Speaker of the Faculty to discuss how the campus community might be engaged.

If you have any questions regarding the report or visit, please feel free to email me at hkornuta@csustan.edu or svrt@csustan.edu.

Subject: Special Visit Update

I am writing to update you about preparations for the Special Visit. Our visit dates have changed. On behalf of the WASC Site Team visitors, the WASC office contacted me to reschedule the visit dates due to a scheduling conflict.

We have confirmed that the Team visitors will be on campus **November 7-8, 2011**. Please remove the previous dates of September 29-30, 2011 from your calendar. While the campus visit dates have been extended, the Report will be submitted to WASC this month.

The roster for the Site Visit Team members is posted on the web page at <http://www.csustan.edu/wasc/specialvisit.html>. The draft campus schedule will soon be available on the website.

During September and October, the campus Special Visit Research Team plans to visit with as many faculty and administrative groups as possible to prepare for the subsequent WASC site visit.

Thank you in advance for your participation and for your continued efforts in maintaining a quality educational experience for our students. If you have any questions regarding the report or visit, please feel free to email svrt@csustan.edu.

On behalf of John A. Garcia, Co-Chair and Halyna Kornuta, Co-Chair...

A CSU Stanislaus Special Visit Report is due to WASC on **August 3, 2011**. The Campus Special Visit Research Team is working on a research study designed to document and evaluate our administration's efforts to foster a climate of trust and provide for a resolution to the leadership and governance issues highlighted in the WASC letter of July 13, 2010. We expect to initiate data collection during the summer, and will actively seek input as the research project becomes more fully realized.

We will post occasional updates and relevant reports on the following website
<http://www.csustan.edu/WASC/specialvisit.html>. We encourage you to visit the website throughout the summer.

The site visit is scheduled for **September 29-30, 2011**. If you have any questions regarding the report or visit, please feel free to email svrt@csustan.edu or one of the six research team members listed below.
