

Institutional Report Validation

- An extensive validation process of the institutional report was conducted
- The draft report was distributed in Spring 2018 to several key stakeholder groups for input and content validation
- The WASC Steering Committee hosted open forums to solicit feedback and posted the draft report on the university's website and invited the university community to review and provide feedback.
- The university-wide validation process culminated with an affirmative vote as a consent item by Academic Senate on May 8, 2018.
