What Do I Do If My Class Has Been Cancelled?

Carefully consider the following:

a. Do you need this class in order to qualify for financial aid, health insurance eligibility or other programs that require you to be a full-time student? If so, register for another course.

b. Do you need this particular class for graduation (this semester)? If so, consult with the chairperson of the department offering the class or with your major advisor.

c. Do you need this class to progress in your program? If so, register for another course required for your major or consult with the chairperson of the department offering the class or with your major advisor.

After considering the factors above, follow the steps listed below:

Step 1: Check the on-line schedule for open or waitlisted sections.

Step 2: Choose an open/waitlisted section of the same course if available, or choose another course.

Step 3: Register online for the course through your MyCSUSTAN account.
