Nursing

The School of Nursing offers a variety of programs leading to a Bachelor of Science degree in Nursing. The pre-licensure and ASBSN tracks are designed for individuals interested in pursuing a career in Nursing, while the ADN to BSN track is designed to meet the needs of Associate Degree Nurse – licensed registered nurses. The School of Nursing also offers a master’s program with an emphasis in education, administration, and gerontological nursing.

Where can you go with a degree in Nursing?

Possible career paths and fields of work include public health nursing, school nursing, leadership and management, critical care, armed services health care, nursing education, home health care, mental health, nursing research, quality improvement, ambulatory care, health care policy, and non-profit agency work.

California State University | Stanislaus
