ESM 99 courses have an online component and require the purchase of an ALEKS software package. As a California State University (CSU) student, you may purchase the ALEKS software package at the reduced rate of $45 at http://www.csumathsuccess.org/exam_prep.

Select Online Personlized ELM Prep Tutorial ($45)
You will need to use the login name and password of the CSU Mentor account you created when you first applied for admission to the CSU.

If you do not remember your username and/or password, use the link provided to help you access this information.
Once you successfully log in to your CSU mentor account, you will then be able to complete the purchase using a credit card.
Choose California State University (Turlock) as this is where you will be completing ESM 99.

When the purchase is complete you will be asked for the ALEKS course code into which you will be enrolled.

Use the following code: **KUYCN-RXCYR**

**Note your ALEKS login name and password. You will need this information the first day of class.**
