Teacher Performance Assessments
Teacher candidates must complete and pass the four CA TPA tasks. These tasks are separate, but are interrelated. Each task was designed with a specific sequence in mind as students learn to plan lessons, develop assessment plans, deliver instruction, and reflect and analyze lessons. The coursework within the Credential Program will prepare students for the CA TPAs. TPA orientation meetings are held at the beginning of each semester for students to better understand the process. Also see TPA Handbook available at [http://www.csustan.edu/TeacherEd/tpa.html](http://www.csustan.edu/TeacherEd/tpa.html)

What is required for Special Admission?
The Department of Teacher Education is allowed to admit a small number of students who do not meet admittance requirements. Students who are below the minimum GPA criteria must submit a letter requesting special consideration for admittance. Special admissions will only be granted if there is room available.

Frequently Asked Questions About SSCP

How Long Does It Take to Complete the Program?
The program is 32 units. Full-time students can complete the program in one year if enrolled in both semesters & summer term. Students who start in summer can finish by the end of May. Students who begin in January finish by the end of December.

How Much Does It Cost?
Full-time students pay about $10,000 (fall & spring semesters) in total tuition and overall book costs are approximately $700.

Do You Have Paid Internships?
Yes. CSU Stanislaus has intern agreements with most school districts in San Joaquin, Stanislaus and Merced Counties. Intern teachers do not complete student teaching; their paid intern teaching replaces student teaching. Students who are hired as long-term substitutes may possibly obtain pay and credit for student teaching at the same time.

Do You Offer Assistance in Passing the CBEST & CSET Exams?
Yes, contact the Teacher Recruitment and Retention Office (DBH 322 667-3589) for information about upcoming workshops [teacheroutreach@csustan.edu](mailto:teacheroutreach@csustan.edu).

Is Your Program Accredited? What Happens If I Want to Teach in Another State?
CSU Stanislaus is fully accredited by the California Commission on Teacher Credentialing (CCTC) and by the National Commission on Accreditation of Teacher Education (NCATE). Therefore, you can be assured that your program meets the highest State and National Standards.
If you go to another state you will have university transcripts that detail the courses and program that you completed. With NCATE accreditation you will be required to take fewer additional courses or exams to receive a teacher credential from that state.
