SEXUAL ASSAULT POLICY

California State University, Stanislaus is strongly committed to the establishment of an educational environment in which students, faculty, and staff can work together in an atmosphere free of sexual assault. While historically acts of sexual assault have been considered unique in terms of society’s responses to the survivors involved, this University will view any act identified as sexual assault as a serious matter. Every member of the University community should be aware that sexual assault is prohibited by state law and University protocol. **This institution will vigorously discipline and/or prosecute persons identified as responsible for assaults as described in this policy.**

This policy is a part of the University’s Policy Against Sexual Harassment, and establishes a coordinated, commonly agreed upon set of procedures to be followed by California State University staff who may receive a report of the sexual assault of a member of our community.

**Complaint Procedure**

The administration and staff of California State University, Stanislaus recognizes the need to address all reports of sexual assault with sensitivity and objectivity. The University must be concerned with the rights of all members of its community, and acknowledge that all parties identified in a reported sexual assault are entitled to "due process" during a complaint investigation.

Individuals in the campus community are strongly encouraged to report
any incident of sexual assault to University faculty or staff members, the Victim’s Advocate, a designated Sexual Harassment Advisor or the Sexual Harassment Officer. The University encourages persons reporting to seek the support and assistance of friends or significant others when needed, in presenting their concerns.

Informal Inquiry

The President of the University will designate a Victim’s Advocate to speak confidentially with any person seeking information or advice regarding sexual assault or rape. The Advocate will assist in clarifying definitions of sexual assault, stranger and acquaintance rape, and to explain the administrative mechanisms for dealing with complaints. Additionally, the Advocate will provide assistance and information relative to immediate crisis intervention services, and inform the victim of other options for further assistance and reporting, including: rights of confidentiality, medical and emotional support, academic intervention, financial intervention, contact with law enforcement authorities, criminal prosecutions, civil prosecutions, the court system, and/or the University’s Conduct System; physical protection and relocation assistance; and support with/for the survivor’s, significant others or friends.

* Should the information provided during the informal inquiry identify a clear and immediate danger to the community, the Advocate will notify the Director of Public Safety immediately. A
clear and present danger is defined as a threat as the result of a 
cluster or pattern of sexual assaults and/or a stranger or sadistic
sexual assault, or a gang rape involving University students or staff
either on campus or its surrounding environs.
