Independent Auditors' Report

Dr. Hamid Shirvani
President
California State University, Stanislaus:

We have audited the accompanying financial statements of California State University, Stanislaus (the University) and its aggregate discretely presented component units as of and for the year ended June 30, 2006, which collectively comprise the University's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the University's management. Our responsibility is to express opinions on these financial statements based upon our audit. We did not audit the financial statements of the aggregate discretely presented component units. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinions, insofar as they relate to the amounts included for the aggregate discretely presented component units, are based solely on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstance, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the reports of other auditors provide a reasonable basis for our opinions.

As discussed in note 2, the financial statements present only the statement of net assets, statement of revenues, expenses, and changes in net assets, and statement of cash flows of the University and do not purport to, and do not, present fairly the financial position of the California State University System as of June 30, 2006, and the changes in its financial position and its cash flows for the year then ended in conformity with U.S. generally accepted accounting principles.

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the University and of its aggregate discretely presented component units as of June 30, 2006, and the respective changes in financial position and, where applicable, cash flows thereof, for the year then ended in conformity with U.S. generally accepted accounting principles.

As discussed in note 2(c), the discretely presented component units' net assets at the beginning of the year have been restated.

Management's Discussion and Analysis on pages 3 through 9 is not a required part of the basic financial statements but is supplementary information required by U.S. generally accepted accounting principles. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

CALIFORNIA STATE UNIVERSITY, STANISLAUS

Management's Discussion and Analysis

June 30, 2006

This section of California State University, Stanislaus (the University) annual financial report presents our discussion and analysis of the financial performance of the University for the fiscal year ended June 30, 2006. This discussion has been prepared by management and should be read in conjunction with the financial statements and notes.

Introduction to the Financial Statements

This annual report consists of a series of financial statements, prepared in accordance with the Governmental Accounting Standards Board (GASB) Statements No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, No. 35, *Basic Financial Statements – and Management's Discussion and Analysis – for Public Colleges and Universities*, No. 37, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments: Omnibus*, and No. 38, *Certain Financial Statement Note Disclosures*. For reporting purposes, the University is considered a special-purpose government engaged in business-type activities which best represents the activities of the University.

The financial statements include the statement of net assets; the statement of revenues, expenses, and changes in net assets; and the statement of cash flows. These statements are supported by the notes to the financial statements and this section. All sections must be considered together to obtain a complete understanding of the financial picture of the University.

Statement of Net Assets – The statement of net assets includes all assets and liabilities. Assets and liabilities are reported at their book value, on an accrual basis, as of the statement date. It also identifies major categories of restrictions on the net assets of the University.

Statement of Revenues, Expenses, and Changes in Net Assets – The statement of revenues, expenses, and changes in net assets presents the revenues earned and expenses incurred during the year on an accrual basis.

Statement of Cash Flows – The statement of cash flows presents the inflows and outflows of cash for the year and is summarized by operating, noncapital financing, capital and related financing, and investing activities. The statement is prepared using the direct method of cash flows and, therefore, presents gross rather than net amounts for the year's activities.

Analytical Overview

Summary

The following discussion highlights management's understanding of the key financial aspects of the University's financial activities. Included is an analysis of current year activities and balances; a discussion of restrictions of University net assets; a discussion of capital assets and long-term debt; and factors impacting future reporting periods.

CALIFORNIA STATE UNIVERSITY, STANISLAUS

Management's Discussion and Analysis

June 30, 2006

The University's condensed summary of net assets as of June 30, 2006 and 2005 are as follows:

Condensed Summary of Net Assets

	June 30	
	2006	2005
Assets:		
Current assets	\$ 21,739,129	22,299,022
Capital assets	121,231,951	99,289,995
Other noncurrent assets	20,797,998	40,773,400
Total assets	<u>163,769,078</u>	<u>162,362,417</u>
Liabilities:		
Current liabilities	19,747,773	19,288,996
Long-term debt obligations, net of current portion	17,820,522	18,520,051
Other noncurrent liabilities	2,571,169	1,775,362
Total liabilities	<u>40,139,464</u>	<u>39,584,409</u>
Net assets:		
Invested in capital assets, net of related debt	102,710,981	80,098,537
Restricted, expendable	17,961,842	35,626,127
Unrestricted	2,956,791	7,053,344
Total net assets	<u>\$ 123,629,614</u>	<u>122,778,008</u>

Assets

The \$1.4 million increase in total assets from the prior year is primarily due to two actions, first, an increase in current receivables of \$2.5 million which was mainly due to the addition of grants and contracts and second, a decrease of \$20.0 million in noncurrent assets (primarily capital appropriation receivable) which was offset by a \$21.9 million increase in capital assets.

The \$21.9 million increase in capital assets is due to the on-going construction of the new Science II building. Capital expansion is financed through University funds, issuance of debt, and general obligation bonds of the state of California and the California State University System, which are not reflected in the accompanying financial statements.

Liabilities

The \$0.6 million increase in total liabilities from the prior year is primarily due to a \$1.3 million increase in accounts payable and a \$0.8 million decrease in other current liabilities. The increase in accounts payable results from an earlier vendor payment cutoff this year.

Net Assets

The University's net assets totaled \$123.6 million at June 30, 2006. A significant portion of net assets at the end of the year is invested in capital assets.

CALIFORNIA STATE UNIVERSITY, STANISLAUS

Management's Discussion and Analysis

June 30, 2006

Restricted Resources

Net assets of the University include funds that are restricted by donor or law. The following table summarizes which funds are restricted, the type of restriction, and the amount:

	June 30	
	2006	2005
Expendable:		
Scholarships and fellowships	\$ 1	21
Capital projects	17,773,809	35,614,888
Debt service	188,032	11,218
Total restricted net assets – expendable	<u>\$ 17,961,842</u>	<u>35,626,127</u>

The \$17.7 million decrease in restricted net assets – expendable is primarily due to capital projects expenditures during the year.

CALIFORNIA STATE UNIVERSITY, STANISLAUS

Management's Discussion and Analysis

June 30, 2006

The University's condensed summary of revenues, expenses, and changes in net assets for the years ended June 30, 2006 and 2005 are as follows:

Condensed Summary of Revenues, Expenses, and Changes in Net Assets

	Year ended June 30	
	2006	2005
Operating revenues:		
Student tuition and fees	\$ 13,676,742	13,303,349
Grants, contracts, and gifts	16,072,383	12,777,201
Sales and services of auxiliary enterprises, net	2,941,160	2,661,770
Other operating revenue	10,829	630
Total operating revenues	<u>32,701,114</u>	<u>28,742,950</u>
Operating expenses	<u>96,601,573</u>	<u>88,397,471</u>
Nonoperating revenues:		
State appropriations	56,140,815	52,304,289
Investment income	468,474	328,290
Other nonoperating revenues	1,998,877	3,844,385
Total nonoperating revenues	<u>58,608,166</u>	<u>56,476,964</u>
Other capital-related revenues:		
State appropriations, capital	5,984,000	232,000
Grants and gifts, capital	159,899	738,947
Increase (decrease) in net assets	851,606	(2,206,610)
Beginning net assets	<u>122,778,008</u>	<u>124,984,618</u>
Ending net assets	<u>\$ 123,629,614</u>	<u>122,778,008</u>

Operating Revenues and Expenses

Operating revenues and expenses come from sources that are connected directly to the University's primary business function. This includes revenues from categories such as tuition and fees, grants, and contracts that will be used for noncapital purposes, and sales and services of auxiliary enterprises. Expenses include categories such as salaries and wages, benefits, supplies and services, student grants and scholarships, and depreciation. In this discussion and analysis, expenses are reported by functional program such as instruction, academic support, and student services.

Operating Revenues

The University recognized \$32.7 million in operating revenues during this fiscal year, as compared to \$28.7 million in the prior year. This comprised 33.6% of total revenues for the year ended June 30, 2006 versus 33.3% for the year ended June 30, 2005. Federal, state and nongovernmental grants and contracts revenue increased \$3.3 million from \$12.8 million to \$16.1 million for the fiscal years ended June 30, 2005 and 2006, respectively. The significant increase was because most all grants and contracts previously administered by a

CALIFORNIA STATE UNIVERSITY, STANISLAUS

Management's Discussion and Analysis

June 30, 2006

campus auxiliary moved to the University. Sales and services of auxiliary enterprises increased by \$0.3 million primarily due to a \$0.4 million increase in dormitory housing revenue, as a result of additional housing space being completed and occupied.

Operating Expenses

The University's operating expenses consist of salaries and benefits of \$67.8 million, supplies and services of \$19.1 million, scholarships and fellowships of \$4.2 million, and depreciation of \$5.5 million. Total operating expenses, excluding depreciation, increased by \$7.9 million, or 9.6%, primarily due to increases in instruction. Salaries and benefits costs increased by \$9.0 million due to increases in staffing, salary rate increases, various faculty and administrative staff equity increases authorized by the campus president and health benefit increases for all employees. Additionally, most of the grants and contracts administered by the campus auxiliaries were moved to state side administration July 1, 2005 increasing all categories of expenditures except scholarships and fellowships. Supplies and services expenditures increased by \$3.0 million due to increased student services expenses and the addition of student health center expenses. The increase in depreciation expense of \$0.3 million relates to current year capital asset additions.

Nonoperating and Other Revenues (Expenses)

Nonoperating and other revenues (expenses) come from sources that are not part of the University's primary business functions. Included in this classification are categories such as state appropriations, gifts and grants, investment income, and interest on capital-related debt.

As the University is part of the California State University System, which is an agency of the state of California, the University's operations are funded primarily from appropriations of state tax revenues. Appropriations used for purposes of acquisition of capital assets totaled \$6.0 million for the fiscal year ended June 30, 2006, up from \$0.2 million for the fiscal year ended June 30, 2005. General (noncapital) appropriation revenues totaled \$56.1 million, an increase of \$3.8 million from the prior year.

CALIFORNIA STATE UNIVERSITY, STANISLAUS

Management's Discussion and Analysis

June 30, 2006

Capital Assets and Long-Term Debt Obligations

Capital Assets

Capital assets, net of accumulated depreciation are shown below:

	June 30	
	2006	2005
Land and land improvements	\$ 714,150	714,150
Works of art and historical treasures	226,715	226,715
Buildings and building improvements	64,571,021	67,094,174
Improvements, other than buildings	2,221,268	3,143,091
Infrastructure	14,894,076	15,226,910
Leasehold Improvements	251,036	265,124
Personal property	2,684,201	2,971,544
Intangible assets	20,744	221,292
Construction work in progress	35,648,740	9,426,995
Total capital assets, net of accumulated depreciation	<u>\$ 121,231,951</u>	<u>99,289,995</u>

At June 30, 2006 and 2005, the University had \$121.2 million and \$99.3 million, respectively, in capital assets, net of accumulated depreciation of \$84.6 million and \$79.2 million, respectively. Depreciation expense totaled \$5.5 million and \$5.3 million for the years ended June 30, 2006 and 2005, respectively.

The University had one major capital project in process during the year with additions totaling \$26.0 million. This project is the construction of the Science II building, funded through general obligation debt from the State of California and scheduled for completion and occupancy in 2007.

See note 5 of the notes to the financial statements for further information on capital assets.

Long-Term Debt Obligations

Debt outstanding at June 30, 2006 and 2005 is summarized below by type of debt instrument:

	June 30	
	2006	2005
Systemwide Revenue Bonds	\$ 17,760,000	18,080,000
Capital leases	760,969	1,111,458
Total long-term debt	18,520,969	19,191,458
Less current portion	(700,447)	(671,407)
Long-term debt, net of current portion	<u>\$ 17,820,522</u>	<u>18,520,051</u>

The interest rates on outstanding debt range from 2.5% to 7.5%.

CALIFORNIA STATE UNIVERSITY, STANISLAUS

Management's Discussion and Analysis

June 30, 2006

At June 30, 2006 and 2005, the University had \$18.5 million and \$19.2 million, respectively, in total debt outstanding. There were no new debt issued during the current year and activity mainly relates to paydown of principal. The University expects to pay \$0.7 million during FY 07.

Bond Ratings

Moody's Investors Service currently provides an intrinsic rating for the Systemwide Revenue Bonds at A1, and the Student Union Revenue Bonds at A2 (however, these bonds are insured to Aaa). Standard & Poor's currently rates the Systemwide Revenue Bonds at A+ and the Student Union Revenue Bonds at A (however, these bonds are insured to AAA).

See notes 6 through 8 of the notes to the financial statements for further information on long-term debt obligations.

Factors Impacting Future Periods

The legislative process has approved the State General Fund allocation to the California State University for the fiscal year 2007. CSU Stanislaus received \$0.9 million for enrollment growth and \$0.2 million to backfill fee revenue. Mandatory cost increases for retirement, health and dental benefits were funded as well as a general salary increase of approximately 3.5%.

The planned FTE enrollment target for 2006/2007 is 6,847, an increase from the previous year of 2.0%.

Construction began in winter 2005 on a new science building and is projected to be completed in 2007. This project will replace an existing building that was built in 1972 and is in need of major seismic and programmatic renovations involving extensive destructive and reconstructive work.

The campus will construct a new 13,000 gross square foot bookstore beginning in spring/summer 2007. The building is scheduled for occupancy in fall 2008. The building will be financed with systemwide revenue bonds and with contributions from the campus third party bookstore contractor.

A student fee referendum for a Student Recreation Complex passed last spring. The complex is expected to include a 23,000 gross square foot fitness center, soccer field, stadium, press box, track and practice fields. The complex is scheduled for completion in fall 2008 and will cost approximately \$15 million.

CALIFORNIA STATE UNIVERSITY, STANISLAUS

Notes to Financial Statements

June 30, 2006

(1) Organization

California State University, Stanislaus (the University) was established as a campus of the California State University under the state of California Education Code to offer undergraduate and graduate instruction for professional and occupational goals emphasizing a broad liberal arts education. As one of 23 campuses in the California State University System (the System), the University is included in the financial statements of the System. Responsibility for the University is vested in the Trustees of the System (the Trustees) who, in turn, appoint the Chancellor, the chief executive officer of the System, and the University president, the chief executive officer of the University.

The University provides instruction for baccalaureate and masters' degrees and certificate programs and operates various auxiliary enterprises such as student dormitories, student unions, and parking facilities. In addition, the University administers a variety of financial aid programs which are funded primarily through state and federal programs.

(2) Summary of Significant Accounting Policies

(a) Financial Reporting Entity

In accordance with Governmental Accounting Standards Board (GASB) Statements No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, and No. 35, *Basic Financial Statements – and Management's Discussion and Analysis – for Public Colleges and Universities*, the accompanying financial statements include the accounts of the University and the University's four recognized auxiliary organizations. These auxiliary organizations are legally separate entities that provide services primarily to the University's students and faculty. Separate financial statements are issued for each of the recognized auxiliary organizations and may be obtained from the University.

The discretely presented auxiliary organizations are as follows:

- California State University, Stanislaus Foundation
- Associated Students Incorporated of California State University, Stanislaus
- University Student Union of California State University, Stanislaus
- California State University, Stanislaus Auxiliary and Business Services.

CALIFORNIA STATE UNIVERSITY, STANISLAUS

CALIFORNIA STATE UNIVERSITY, STANISLAUS

Notes to Financial Statements

June 30, 2006

The auxiliary organizations are presented in the accompanying financial statements as component units due to the nature and significance of their relationship with the University. The relationships are such that exclusion of these organizations from the reporting entity would render the financial statements incomplete, primarily due to the activities that the organizations carry out on behalf of the University, such as research, grant administration, foodservice, and academic support. The auxiliary organizations are discretely presented to allow the financial statement users to distinguish them from the University.

The financial statements present only the statement of net assets, statement of revenues, expenses, and changes in net assets, and statement of cash flows of the University and do not purport to, and do not, present fairly the financial position of the California State University System as of June 30, 2006 and the changes in its financial position and its cash flows for the year then ended in conformity with U.S. generally accepted accounting principles.

(b) *Basis of Presentation*

The accompanying financial statements have been prepared using the economic resources measurement focus and the accrual basis of accounting in accordance with U.S. generally accepted accounting principles, as prescribed by the GASB. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met.

The financial statements required by GASB Statement Nos. 34 and 35 include a statement of net assets, a statement of revenues, expenses, and changes in net assets, and a statement of cash flows. As a public institution, the University is considered a special-purpose government under the provisions of GASB Statement No. 35. The University records revenue in part from fees and other charges for services to external users and, accordingly, has chosen to present its financial statements using the reporting model for special-purpose governments engaged only in business-type activities. This model allows all financial information for the University to be reported in a single column in each of the financial statements, accompanied by aggregated financial information for the auxiliary organizations. In accordance with the business-type activities reporting model, the University prepares its statement of cash flows using the direct method.

The auxiliary organizations included in these financial statements apply the accounting and reporting standards promulgated by the Financial Accounting Standards Board (FASB).

CALIFORNIA STATE UNIVERSITY, STANISLAUS

Notes to Financial Statements

June 30, 2006

(c) Auxiliary Organizations Restatement

The beginning net assets of the auxiliary organizations have been restated due to the correction of an error reported in the separately audited financial statements of the auxiliary organizations. A summary of the restatements to net assets at the beginning of the year related to the auxiliary organizations is as follows:

Net assets as of June 30, 2005, as previously reported	\$	18,303,368
Foundation – reclassified to custodian accounts liability		(96,084)
Associated Students Inc – reclassified to custodian accounts liability		(3,983)
Net assets at beginning of year, as restated	\$	<u>18,203,301</u>

(d) Election of Applicable FASB Statements

The University has elected not to adopt the pronouncements issued by the FASB after November 30, 1989.

(e) Classification of Current and Noncurrent Assets and Liabilities

The University considers assets to be current that can reasonably be expected, as part of its normal business operations, to be converted to cash and be available for liquidation of current liabilities within 12 months of the statement of net assets date. Liabilities that reasonably can be expected, as part of normal University business operations, to be liquidated within 12 months of the statement of net assets date are considered to be current. All other assets and liabilities are considered to be noncurrent.

(f) Cash and Cash Equivalents

The University considers all highly liquid investments with an original maturity date of three months or less to be cash and cash equivalents.

(g) Investments

Investments are reflected at fair value using quoted market prices. Realized and unrealized gains and losses are included in the accompanying statement of revenues, expenses, and changes in net assets as investment income, net.

CALIFORNIA STATE UNIVERSITY, STANISLAUS

Notes to Financial Statements

June 30, 2006

(h) Capital Assets

Capital assets are stated at cost or estimated historical cost if purchased, or if donated, at estimated fair value at date of donation. Capital assets, including infrastructure, with a value of \$5,000 or more and with a useful life of one year or more are capitalized. Title to all assets, whether purchased, constructed, or donated, is held by the state of California. Although title is not with the University for land and buildings, the University has exclusive use of these assets and is responsible for the maintenance of these assets and thus has recorded the cost of these assets on the accompanying financial statements. Capital assets, with the exception of land and land improvements, works of art and historical treasures, and construction work in progress, are depreciated on a straight-line basis over their estimated useful lives, which range from 3 to 45 years. Library books, unless considered rare collections, are capitalized and depreciated over a 10-year period. Periodicals and subscriptions are expensed as purchased. Works of art and historical treasures are valued at cost if purchased or the fair market value at the date of donation if contributed. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its life are expensed as incurred.

Depreciation expense is shown separately in the statement of revenues, expenses, and changes in net assets rather than being allocated among other categories of operating expenses.

(i) Deferred Revenue

Deferred revenue consists primarily of fees collected in advance for summer and fall terms and continuing education programs.

(j) Compensated Absences

University employees accrue annual leave at rates based on length of service and job classification.

(k) Grants Refundable

The University periodically receives contributions from the federal government in support of its operation of the Federal Perkins and Nursing Loan programs, approved Title IV loan programs. The federal government has the ability to terminate its support of these programs at any time and to request the University to return those contributions that it has made on a cumulative basis. Accordingly, the federal contributions received and retained by the University at year end are considered to be liabilities of the University and are reflected as such in the accompanying statement of net assets.

(l) Net Assets

The University's net assets are classified into the following net asset categories:

Invested in capital assets, net of related debt – Capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction, or improvement of those assets.

Restricted – nonexpendable – Net assets subject to externally imposed conditions that the University retain them in perpetuity. Net assets in this category consist of endowments held by the University or its related auxiliaries.

CALIFORNIA STATE UNIVERSITY, STANISLAUS

Notes to Financial Statements

June 30, 2006

Restricted – expendable – Net assets subject to externally imposed conditions that can be fulfilled by the actions of the University or by the passage of time.

Unrestricted – All other categories of net assets. In addition, unrestricted net assets may be designated for use by management of the University or have legislative or bond indenture requirements associated with their use. These requirements limit the area of operations for which expenditures of net assets may be made and require that unrestricted net assets be designated to support future operations in these areas. Campus housing programs are a primary example of operations that have unrestricted net assets with designated uses.

The University has adopted a policy of generally utilizing restricted – expendable funds, prior to unrestricted funds, when an expense is incurred for purposes for which both are available.

(m) *Classification of Revenues and Expenses*

The University considers operating revenues and expenses in the statement of revenues, expenses, and changes in net assets to be those revenues and expenses that result from exchange transactions or from other activities that are connected directly to the University's primary functions. Exchange transactions include charges for services rendered and the acquisition of goods and services. Certain other transactions are reported as nonoperating revenues and expenses or capital contributions in accordance with GASB Statement No. 35. These nonoperating activities include the University's operating and capital appropriations from the State of California, net investment income, gifts, and interest expense.

The State of California appropriates funds to the System on an annual basis. The appropriations are, in turn, allocated among the campuses by the Office of the Chancellor. Appropriations are recognized as revenue when authorization is received, and are reported as either noncapital appropriations when used to support general operations or capital appropriations when used for capital projects.

Student tuition and fee revenue, and sales and services of auxiliary enterprises, including revenues from student housing programs, are presented net of scholarships and fellowships applied to student accounts. Certain other scholarship amounts are paid directly to, or refunded to, the student and are reflected as expenses.

(n) *Income Taxes*

The System was established under the state of California Education Code as an agency of the state of California. As a campus of the System, the University is generally not subject to federal or state income taxes. However, the University remains subject to income taxes on any net income that is derived from a trade or business, regularly carried on and not in furtherance of the purpose for which it was granted exemption. No income tax provision has been recorded as the net income, if any, from any unrelated trade or business, in the opinion of management, is not material to the financial statements taken as a whole.

CALIFORNIA STATE UNIVERSITY, STANISLAUS

Notes to Financial Statements

June 30, 2006

(o) **Eliminations**

All significant nonexchange transactions between the University and the discretely presented auxiliary organizations have been eliminated from the total column and are separately presented in the eliminations column in the accompanying statement of revenues, expenses, and changes in net assets.

(p) **Use of Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts in the accompanying financial statements. Actual results could differ from those estimates.

(3) **Cash and Cash Equivalents and Investments**

The University's cash and cash equivalents and investments as of June 30, 2006 are classified in the accompanying financial statements as follows:

Cash and cash equivalents	\$ 4,660,123
Investments	<u>10,827,511</u>
Total cash and cash equivalents and investments	<u>\$ 15,487,634</u>

(a) **Cash and Cash Equivalents**

At June 30, 2006, cash and cash equivalents consisted of demand deposits held at the State Treasury and petty cash. Total cash and cash equivalents of \$4,660,123 had a corresponding carrying value balance with the State Treasury of \$3,302,682 at June 30, 2006. The differences related primarily to deposits in transit and outstanding checks.

(b) **Investments**

At June 30, 2006, the University's investment portfolio consists primarily of investments held in the California State University Investment Pool, an internal investment pool, as well as interest-bearing accounts held in the State Treasury. For the California State University Investment Pool, separate accounting is maintained as to the amounts allocable to the various funds and programs.

Investment Policy

State law and regulations require that surplus monies of the University must be invested. The primary objective of the University's investment policy is to safeguard the principal. The secondary objective is to meet the liquidity needs of the University. The third objective is to return an acceptable yield. The University's investment policy authorizes funds held in local trust accounts under Education Code Sections 89721 and 89724 to be invested in any of the securities authorized by Government Code Section 16430 and Education Code Section 89724, subject to certain limitations. In general, the University's investment policy permits investments in obligations of the federal and California state governments, certificates of deposit, and certain other investment instruments.

CALIFORNIA STATE UNIVERSITY, STANISLAUS

Notes to Financial Statements

June 30, 2006

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the University manages its exposure to interest rate risk is by purchasing a combination of short-term and mid-term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or nearing maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations. The University monitors the interest rate risk inherent in its portfolio by measuring the weighted average maturity of its portfolio. The weighted average maturity of the University's investment portfolio for each investment type as of June 30, 2006 is presented in the table below.

Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization.

The following table presents the fair value, weighted average maturity, and actual rating by investment type of the University's investment portfolio as of June 30, 2006:

Investment type	Fair value	Weighted average maturity (in years)	Rating as of year end			
			AAA	Aa	A	Not rated
Money market mutual funds	\$ 180,102	0.01	\$ —	—	—	180,102
Certificates of deposit	1,589,471	1.41	—	595,998	993,473	—
U.S. agency securities	1,085,023	1.46	1,085,023	—	—	—
Mortgage-backed securities	246,011	10.57	246,011	—	—	—
Corporates	3,362,396	1.74	172,754	940,320	2,249,322	—
Commercial paper	648,397	0.01	—	—	—	648,397
Total	7,111,400		\$ 1,503,788	1,536,318	3,242,795	828,499
Not subject to ratings:						
U.S. Treasury securities	242,793	1.85				
State of California Surplus						
Money Investment Fund	3,051,746	0.42				
Local Agency Investment Fund	421,572	0.42				
Total investments	\$ 10,827,511					

Concentration of Credit Risk

The University's investment policy contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. As of June 30, 2006, the following investments (other than U.S. Treasury securities, mutual funds, and external investment pools) represented 5% or more of the University's investment portfolio: Federal Home Loan Bank \$626,367 (6%).

For information regarding the investments of the individual discretely presented auxiliary organizations, please refer to the separately issued auxiliary organizations reports.

Net capital assets	\$ <u>99,289,995</u>	<u>22,416,381</u>	<u>(474,425)</u>	<u>—</u>	<u>121,231,951</u>

For information regarding the capital assets of the individually discretely presented auxiliary organizations, please refer to the separately issued auxiliary organizations' reports.

(6) Lease Obligations

The University is obligated under various capital and operating leases and installment purchase agreements for the acquisition of equipment and facility rentals.

CALIFORNIA STATE UNIVERSITY, STANISLAUS

Notes to Financial Statements

June 30, 2006

Capital leases consist primarily of leases of certain facilities and office equipment. Total capital assets related to capital leases have a carrying value of \$1,580,333 at June 30, 2006. Substantially all of these assets are pledged as security for the related leases. The leases bear interest at rates ranging from 4.95% to 7.48% and have terms expiring in various years through January 2008.

Operating leases consist primarily of leases for the use of real property and have terms expiring in various years through fiscal year 2009. The leases can be canceled if the state does not provide adequate funding.

Future minimum lease payments under capital and operating leases having remaining terms in excess of one year are as follows:

	<u>Capital leases</u>	<u>Operating leases</u>
Year ending June 30:		
2007	\$ 407,876	654,632
2008	407,876	635,192
2009	—	48,112
	<hr/>	<hr/>
Total minimum lease payments	815,752	\$ <u>1,337,936</u>
Less amount representing interest	<hr/> (54,783) <hr/>	
Present value of future minimum lease payments	\$ <u>760,969</u>	

Rent expense under operating leases for the year ended June 30, 2006 totaled \$693,841.

Lease financing is provided to the System for the construction of various system and campus facilities through its participation with the state of California in the State Public Works Board Lease Revenue Bond Program. Certain capital assets recorded by the University may have been financed under these arrangements. However, since the obligation for the repayment of this financing rests with the System and the proceeds of such financing are not readily identifiable with a campus or project, a substantial portion of such financing is not allocated to the individual campuses of the System. Unallocated Lease Revenue Bonds outstanding for the System as of June 30, 2006 totaled \$554,748,000.

(7) Long-term Debt Obligations

(a) General Obligation Bond Program

The General Obligation Bond program of the state of California has provided capital outlay funds for the three segments of California Higher Education through voter-approved bonds. Each of the approved bond programs provides a pool of available funds which is allocated on a project-by-project basis among the University of California, the California State University System, and the Community Colleges. Financing provided to the University through State of California General Obligation Bonds is not allocated to the System by the State of California. This debt remains the obligation of the state and is funded by state tax revenues. Accordingly, such debt is not reflected in the accompanying financial statements. Total General Obligation Bond debt carried by the state related to System projects is approximately \$1,277,682,000 as of June 30, 2006.

CALIFORNIA STATE UNIVERSITY, STANISLAUS

Notes to Financial Statements

June 30, 2006

(b) Revenue Bond Programs

The Revenue Bond Act of 1947 provides the Trustees with the ability to issue revenue bonds to fund five specific self-supporting programs and the health facilities program. The statute has enabled the Trustees to finance student housing, student unions, parking facilities, health facilities, continuing education facilities, and auxiliary organization facilities.

The housing program provides on-campus housing primarily for students. Housing is a self-supporting program deriving its revenues from fees collected for the use of the residence facilities. Funds are used for current operating expenses, maintenance and repair, improvements to facilities, and interest and principal payments on outstanding bonds. Available balances after payment of all operating expenses and required charges remain available for future program expenses and capital needs.

The student union program provides facilities and programs aimed at creating and enhancing learning experiences outside the classroom by promoting interaction among students, faculty, and staff. The student union program is self-supporting and derives its revenues primarily from student fees and interest income. Funds are used for maintenance and repair, improvements to facilities, and interest and principal payments on outstanding bonds. After payment of all authorized charges, the balances of these funds are available for transfer to the campus auxiliary organization that has contracted with the University to operate the facility. The operating entity may derive additional revenue from facility subrental, recreational and commercial activities, and interest income.

The parking program provides parking facilities. The parking program is self-supporting and derives its revenues primarily from student fees and interest income. Funds are used for construction, repair and maintenance, and principal and interest payments on outstanding bonds. Available balances after payment of all operating expenses and required charges remain available for future program expenses and capital needs.

The health facilities program provides facilities on campus in which to provide health services to students. The health facilities program derives its revenues primarily from student fees and interest income. Funds are used for current operating expenses, maintenance and repair, improvements to facilities, and interest and principal payments on outstanding bonds. Available balances after payment of all operating expenses and required charges remain available for future program expenses and capital needs.

The continuing education program provides nonstate-supported courses to students. The continuing education program is self-supporting and derives its revenues primarily from student fees and interest income. Funds are used for current operating expenses, maintenance and repair, improvements to facilities, and interest and principal payments on outstanding bonds. Available balances after payment of all operating expenses and required charges remain available for future program expenses and capital needs.

The auxiliary organization program provides for certain additional facilities on campus for the benefit of students and staff. The auxiliary organization program derives its revenues primarily from lease income received by the campus from the auxiliary organization using the facility. Funds are used for current operating expenses, maintenance and repair, improvements to facilities, and interest

CALIFORNIA STATE UNIVERSITY, STANISLAUS

Notes to Financial Statements

June 30, 2006

and principal payments on outstanding bonds. Available balances after payment of all operating expenses and required charges remain available for future program expenses and capital needs.

The Systemwide Revenue Bond program, formerly the Housing Revenue Bond program, was approved by the Trustees in fiscal year 2003. This program provides funding for various construction projects, including student residence and dining halls facilities, continuing education buildings, student unions, parking facilities, health facilities, and auxiliary organization facilities at designated campuses within the System as specified by the individual bond documents. It is designed to provide lower cost debt and greater flexibility to finance revenue bond projects of the System. Rather than relying on specific pledged revenues to support specific debt obligations, this program pools several sources of revenue as the pledge for the related revenue producing projects. The System's total outstanding balance of revenue bond indebtedness under the Systemwide Revenue Bond program was \$1,982,433,000 at June 30, 2006. The University's portion of the total outstanding balance under this program was \$17,760,000 at June 30, 2006.

Senior to the Systemwide Revenue Bonds are the Student Union Revenue Bonds Series A, B, and C. At June 30, 2006, the System's outstanding balance for these senior bonds totaled \$70,820,000. The University's total outstanding balance for these senior bonds was \$0 at June 30, 2006.

Long-term debt obligations of the University as of June 30, 2006 consist of the following:

<u>Description</u>	<u>Interest rate</u>	<u>Fiscal year maturity date</u>	<u>Original issue amount</u>	<u>Amount outstanding</u>
Systemwide Revenue Bonds:				
Series 2002A	3.0% – 5.5%	2020/21	\$ 780,000	680,000
Series 2003A	2.5% – 5.375%	2034/35	17,370,000	<u>17,080,000</u>
Total long-term debt				17,760,000
Less current portion				<u>(330,000)</u>
Long-term debt, net of current portion				<u>\$ 17,430,000</u>

CALIFORNIA STATE UNIVERSITY, STANISLAUS

Notes to Financial Statements

June 30, 2006

Long-term debt principal obligations and related interest mature in the following fiscal years:

Year ending June 30:	<u>Principal</u>	<u>Interest</u>
2007	\$ 330,000	847,894
2008	345,000	837,444
2009	350,000	827,456
2010	360,000	817,068
2011	375,000	805,306
2012 – 2016	2,105,000	3,770,235
2017 – 2021	2,715,000	3,164,545
2022 – 2026	3,135,000	2,410,271
2027 – 2031	4,025,000	1,524,507
2032 – 2036	4,020,000	414,500
	<u>\$ 17,760,000</u>	<u>15,419,226</u>

Long-term debt obligations of the discretely presented auxiliary organizations have been issued to purchase or construct facilities for University-related uses. For information regarding the long-term debt obligations of the individual discretely presented auxiliary organizations, please refer to the separately issued auxiliary organizations' reports.

(8) Long-term Liabilities Activity

Long-term liabilities activity for the year ended June 30, 2006 was as follows:

	<u>Beginning balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending balance</u>	<u>Current portion</u>
Accrued compensated absences	\$ 2,748,806	2,118,101	(1,743,826)	3,123,081	1,743,826
Capitalized lease obligations (note 6):	1,111,458	—	(350,489)	760,969	370,447
Long-term debt obligations (note 7):					
Systemwide Revenue Bonds	<u>18,080,000</u>	<u>—</u>	<u>(320,000)</u>	<u>17,760,000</u>	<u>330,000</u>
Total long-term liabilities	<u>\$ 21,940,264</u>	<u>2,118,101</u>	<u>(2,414,315)</u>	<u>21,644,050</u>	<u>2,444,273</u>

(9) Pension Plan and Postretirement Benefits

(a) Plan Description

The University, as an agency of the state of California, contributes to the California Public Employees' Retirement System (CalPERS). The state's plan with CalPERS is an agent multiple-employer defined-benefit pension plan. For the University, the plan acts as a cost-sharing multiple-employer defined-benefit pension plan which provides a defined-benefit pension and postretirement benefit program for substantially all eligible University employees. CalPERS functions as an investment and administrative agent for its members. The plan also provides

CALIFORNIA STATE UNIVERSITY, STANISLAUS

Notes to Financial Statements

June 30, 2006

survivor, death, and disability benefits. Eligible employees are covered by the Public Employees' Medical and Hospital Care Act (PEMHCA) for medical benefits.

CalPERS issues a publicly available comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the CalPERS annual financial report may be obtained from the California Public Employees' Retirement System Executive Office – 400 P Street – Sacramento, California 95814.

(b) Funding Policy

University personnel are required to contribute 5% of their monthly earnings in excess of \$513 to CalPERS. The University is required to contribute at an actuarially determined rate; the current rate is approximately 15.942% of annual covered payroll. The contribution requirements of the plan members are established and may be amended by CalPERS.

The University's contributions to CalPERS for the most recent three fiscal years were equal to the required contributions and were as follows:

2004	\$	6,547,337
2005		6,661,362
2006		6,651,713

(c) Faculty Early Retirement Program

During fiscal year 2004, the System implemented the Faculty Early Retirement Program, which was authorized by Executive Order S-8-04 issued by the Governor on May 6, 2004. In order to enroll in the program, participants must meet the CalPERS retirement eligibility requirements of age 50 or more on the date of retirement and have five years or more of service credit. Eligible employees who elect to participate in this program will receive two additional years of service credit in their retirement income calculation if their (1) separation date is no earlier than May 5, 2004, and no later than July 27, 2004, and (2) CalPERS retirement date is no earlier than May 6, 2004, and no later than July 28, 2004. In return, the System must contribute to CalPERS an amount representing the actuarial equivalent of the value of this benefit. The early retirement benefit is not dependent upon future services and, therefore, is already earned as of June 30, 2004 by those who have elected to participate in the program. The University's total estimated liability under the program is \$890,106, of which \$196,377 was paid during fiscal year 2006. As of June 30, 2006, the University's remaining liability has been recorded as a component of accrued salaries and benefits payable for \$212,868 and \$230,743 has been recorded as other noncurrent liability.

(10) Self-Insurance Program

The System and certain auxiliary organizations have established a public entity risk pool, California State University Risk Management Authority (CSURMA), a blended component unit of the System, to manage centrally workers' compensation, industrial and nonindustrial disability, and general organizational risks. The System's self-insurance claims liability includes estimated amounts that will be required for future payments of claims that have been reported and claims related to events that have occurred but not been reported. The estimated liability is actuarially determined using individual case basis valuations and

CALIFORNIA STATE UNIVERSITY, STANISLAUS

Notes to Financial Statements

June 30, 2006

statistical analyses. Although considerable variability is inherent in such estimates, management believes that the liability is a reasonable estimate at June 30, 2006.

Changes in the System's self-insurance claims liability for the two years ended June 30, 2006 are as follows:

Liability at June 30, 2004	\$ 118,711,000
Incurred claims and changes in estimates	33,419,000
Claim payments	<u>(34,491,000)</u>
Liability at June 30, 2005	117,639,000
Incurred claims and changes in estimates	23,938,000
Claim payments	<u>(29,201,000)</u>
Liability at June 30, 2006	112,376,000
Less current portion	<u>(27,441,000)</u>
Long-term liability at June 30, 2006, net of current portion	<u>\$ 84,935,000</u>

The University maintains excess general liability insurance coverage provided by Schools Excess Liability Fund (SELF), a Joint Powers Authority, with coverage for individual claims between \$1,000,000 and \$49,000,000 per occurrence. The University purchases excess workers' compensation insurance provided by the Insurance Corporation of Hanover (ICH) to limits of \$50,000,000 in excess of \$2,500,000 self-insured retention and coverage from American Home Assurance Company (AIG) for limits of \$50,000,000 in excess of \$50,000,000. There have been no settlements in the most recent three fiscal years that have exceeded insurance limits. Although the University maintains excess policies with SELF, ICH, AIG, and other insurers, the ultimate responsibility for payment of claims resides with the University.

The University's allocation of the System's total self-insurance claims liability as of June 30, 2006 was approximately 2%, or \$2,170,000. This allocation reflects the University's estimated share of the ultimate cost of settling claims relating to events that have occurred on or before June 30, 2006.

The University's payable to CSURMA totaled \$114,000 at June 30, 2006, which is recorded in the accompanying financial statements under current liabilities Due to California State University Risk Management Authority.

(11) Commitments and Contingencies

Federal grant programs are subject to review by the grantor agencies, which could result in requests for reimbursement to grantor agencies for disallowed expenditures. Management believes that it has adhered to the terms of its grants and that any disallowed expenditures resulting from such review would not have a material effect on the financial position of the University.

Contractual commitments for construction projects unexpended as of June 30, 2006 totaled \$10,320,059. These expenditures will be funded primarily from state appropriations.

CALIFORNIA STATE UNIVERSITY, STANISLAUS

Notes to Financial Statements

June 30, 2006

The University is involved in various claims and legal actions arising in the ordinary course of business. In the opinion of management, the ultimate disposition of these matters will not have a material adverse effect on the University's financial position, changes in net assets, or liquidity.

(12) Classification of Operating Expenses

The University has elected to report operating expenses by functional classification in the statement of revenues, expenses, and changes in net assets, but to provide the natural classification of those expenses as an additional disclosure. For the year ended June 30, 2006, operating expenses by natural classification consisted of the following:

<u>2006</u>	<u>Salaries</u>	<u>Benefits</u>	<u>Scholarships and fellowships</u>	<u>Supplies and other services</u>	<u>Depreciation</u>	<u>Total</u>
Functional classification:						
Instruction	\$ 27,271,925	8,418,267	—	3,859,563	—	39,549,755
Research	252,929	4,665	—	359,162	—	616,756
Public service	288,074	69,358	—	272,728	—	630,160
Academic support	6,082,085	1,842,691	—	2,767,472	—	10,692,248
Student services	6,096,587	2,217,412	—	2,616,567	—	10,930,566
Institutional support	5,945,604	2,340,332	—	5,559,333	—	13,845,269
Operation and maintenance of plant	4,359,881	1,776,602	—	505,124	—	6,641,607
Student grants and scholarships	—	—	4,158,275	—	—	4,158,275
Auxiliary enterprise expenses	629,942	215,852	—	3,162,976	—	4,008,770
Depreciation	—	—	—	—	5,528,167	5,528,167
Total	\$ 50,927,027	16,885,179	4,158,275	19,102,925	5,528,167	96,601,573

(13) Transactions with Related Entities

The System is an agency of the state of California and, as such, processes substantially all of its revenue and expenditure activity through the Office of the California State Controller. State appropriations, both noncapital and capital, allocated to the University through the Office of the Chancellor aggregated \$62,124,815 for the year ended June 30, 2006. State appropriations receivable aggregated \$21,952,701 at June 30, 2006. The University also received lottery fund distributions from the state of California in the amount of \$684,000 for the year ended June 30, 2006, which is included in other nonoperating revenues and expenses.

As headquarters for the System, the Office of the Chancellor administers certain activities centrally for the individual campuses. Primary among these activities are management of capital projects, debt administration, and risk pool administration. The costs associated with the operations of the Office of the Chancellor are not allocated to the individual universities' financial statements.

The University has recorded capital assets that have been financed by System or State of California obligations that are not reflected in the accompanying financial statements. For the year ended June 30, 2006, \$104,751 of such additions of capital assets are included in other nonoperating revenue in the accompanying financial statements.

CALIFORNIA STATE UNIVERSITY, STANISLAUS

Notes to Financial Statements

June 30, 2006

The accompanying financial statements also include the following transactions with discretely presented auxiliary organizations and other related parties as of and for the year ended June 30, 2006:

Reimbursements from recognized auxiliary organizations for salaries of University employees working on contracts, grants, and other programs	\$	449,891
Reimbursements from recognized auxiliary organizations for other than salaries of University personnel		433,185
Payments to recognized auxiliary organizations for services, office space rental, and programs		989,796
Amounts receivable from recognized auxiliary organizations		491,033
Amounts payable to recognized auxiliary organizations		538,858
