III. Information

- A. **Graduate School Updates (Graham).** Steven Graham has met with each program coordinator this summer to discuss 2007-2008 program goals.

The Graduate School is currently working on updating general graduate publications for fall. Revision of individual program materials will begin during the spring.

An electronic database is being developed to house graduate policies and procedures. This database will be located on the Graduate School Website and will serve as a resource for University faculty and staff.

The Graduate School is almost finished collecting 7005 account information. Once this task is complete Steve Graham will release account information to program coordinators.

Graduate enrollment is up overall 55 students, and down 38 continuing students.

- B. **MA/MS in Interdisciplinary Studies Annual Report (Sayers).** Deferred.

- C. **Proposing New Graduate Programs (Demetrulias) – Attachment #0708-3.** A revised copy of Proposing New Graduate Programs, Attachment #0708-3 was distributed. The document is a compilation of CSU, University-Wide, as well as WASC policies. Recent updates include changes to degree designations, writing proficiency courses, criteria for reviewing course proposals, grading options, and doctoral programs.
- D. **EdD Program Proposal Update (Brown).** The EdD Program Proposal has moved through the campus approval process and is currently being reviewed by WASC and the Chancellor’s Office.

IV. Action

- A. **Master of Science in Nursing Program Proposal –Attachment #0708-5.** Peggy Hodge presented the Master of Science in Nursing Program Proposal to the Council. This proposal comes in response to a tremendous shortage of nurses in the nation, especially the Central Valley. This program is expected to address this need. The program consists of 36 units of core curriculum. Students can choose one of two tracks: Education or Gerontology. The Council made the following modifications to the proposal, and requested the proposal be reread to reflect the elements in “Proposing New Graduate Programs.”

Course Proposal

Because Gerontology concentration was not identified as an area of high need in the study done, compelling arguments should be included in the proposal to show this area of need. In addition to the below mentioned modifications, all 4000 level course proposals should include a section that specifies the additional assignment(s) that graduate students will need to complete to ensure that a higher standard is being met. It was recommended that all curricula vita need to be updated to include the most recent publications and/or research.

NURS 4900 Advanced Pathophysiology (3 units). Syllabus need to be more detailed. The motion to approve NURS 4900 with modifications was made by Shawna Young, and seconded by Kurt Baker. The course proposal was approved.
