The Graduate School
California State University, Stanislaus

GRADUATE SCHOOL PROGRAM EVALUATION

Student Learning Goals
The Graduate Council has established the following student learning goals for all graduate programs at CSU Stanislaus. Please indicate your program’s effectiveness in helping you to attain each of these goals.

1. Students will demonstrate advanced knowledge, skills, and values appropriate to the discipline.

2. Students will demonstrate the ability to be creative, analytical, and critical thinkers.

3. Students will demonstrate the ability to work as individual researchers/scholars as well as collaboration with others contributing to the scholarship of their disciplines, as appropriate.

4. Students will demonstrate relevant knowledge of the global multi-cultural perspectives as appropriate to the discipline.

5. Students will demonstrate knowledge of new and various methods and technologies as appropriate to the discipline.

6. Students will be required to demonstrate advanced oral and written communication skills, complemented, as appropriate to the discipline, by the ability to access and analyze information from a myriad of primary, print, and technological sources.

Overall Program Effectiveness
Please use the following indicators to share your perception of your program’s overall effectiveness.
