HOUSING AND RESIDENTIAL LIFE

Mission Statement

The mission of Housing and Residential Life is to provide safe, affordable, and well-maintained housing facilities which foster and support programs and services that promote academic success and personal development in the residential population.

Vision Statement

By the year 2012, Housing and Residential Life will offer a variety of quality housing and meal options for students responsive to their needs, preferences and lifestyle. Freshman who desire to live on campus will be guaranteed a space in a living community that will support their transition to the University community, as well as their overall integration in the campus culture.
