University Police Services

Enforcement and Arrest Authority
The California State University, Police Department employs eleven (11) highly trained, full-time, sworn police officers, three (3) Community Service Officers, and an active support staff for the 24 hour protection of the Turlock campus community. The peace officers of this department have state-wide police authority under Penal Code 830.2 and Education Code 89560, and are vested with law enforcement powers and responsibilities, identical to the jurisdiction of local police or sheriff departments in your home community. The Department is made up of the following sections:

1. University Police
2. Safety & Risk Management
3. Parking & Community Services
4. Communications and Records

Working Relationships with State & Local Police
Securitas Security maintains a close working relationship with all local public safety agencies. Information involving all incidents of suspected criminal activity known to involve off-campus organizations representing the university community is routinely directed to the City of Stockton Police Department.

Timely Warnings
To minimize the number of criminal incidents, University Police Officers, Securitas Security, students, and members of the wider campus community participate in a number of shared responsibilities to ensure that all students and their possessions are protected as much as possible. On occasion, you will see timely warning notices describing recent crime trends or dangerous incidents that present an immediate threat to others. It is our policy to publish these notices around campus to provide our community with information about the incidents and crime prevention recommendations. Once all relevant information is received and verified, these notices will typically be posted.

Security of and Access to Campus Facilities
All campus facilities are key accessed, and most are open daily for scheduled campus community use. Campus key control and distribution is a function of Groupe Commercial Services.

To provide for the security of campus facilities, the University Police enforces Education Code 89031 & Housing Policies. Campus facility access may be revoked per Penal Code 626.

Security Considerations Used in Maintenance of Campus Facilities
Securitas Security and Groupe Commercial Services are responsible for security of all campus facilities. Personnel perform daily building lock-up and monitor all maintenance issues in campus lighting, door locks and general environmental safety. Regular inspections and maintenance of campus indoor/outdoor lighting, shrubbery and walkways are conducted. The University participates in Crime Prevention through Environmental Design concepts for planning and improvements on campus.

Sex offenders who are enrolled as students or employed by, or who carry on a vocation or volunteer at a university, college, community college, or other institution of higher learning, must register with the campus police department. (Penal Code 290.01)

A registered sex offender within the state of California is required to notify and register with the University Police Department within five (5) business days from the beginning of classes when enrolling as a student; or within five business days from the date of hire for employment with the University.

When a registrant registers with the University Police Department as required, and takes classes in continuous sessions broken only by standard winter, summer, and holiday breaks, they do not have to re-register each year. If they skip at least one semester, they must re-register with University Police.

A registrant is required to notify the campus police within five (5) business days when their student status is discontinued. However, if they are returning as a student after a normal winter/summer break, they do not have to notify the campus police.

If a registrant is employed or enrolls in class(es) solely at the California State University, Stanislaus Stockton campus, including all on-line classes even if they never meet in person, they are only required to register in that jurisdiction.

If a registrant is employed or enrolls in class(es) at the California State University, Stanislaus Turlock campus, including all on-line classes even if they never meet in person, they are required to register with the campus University Police Department.

As provided by law, the California State University, Stanislaus Police Department does not maintain Sexual Offender registrant information in the ARMS master database, and it is not required to assign a new file number upon registration with our jurisdiction. Our local 290 PC registration files are currently maintained in a separate secure file under the control of University Police Sergeants.

Emergency Evacuation

Evacuation Procedures

The evacuation of campus buildings or the entire campus may be required due to emergency situations occurring on or near the campus. Campus emergency planning facilitates evacuations and are conducted in a systematic, controlled, and planned manner. The building evacuation plan for California State University, Stanislaus consists of a partnership between University Police Services, Groupe Commercial Services, Securitas Security and individual volunteer building “Building Marshals” and “Evacuation Monitors”.

Specific Instructions to Building Occupants

• Safely walk to the nearest exit and go to an evacuation gathering area away from the building then wait for further instructions.
• Stay out of the way of emergency personnel and vehicles and follow instructions.
• Immediately notify emergency response personnel if you know of a disabled or injured person needing assistance.

Campus-Wide Evacuation

When it is necessary to completely evacuate the campus due to emergency conditions, a systematic and controlled approach will be used. When campus buildings are deemed safe for occupancy, personnel will be held at their current locations pending evacuation (see map on next page).

Following the decision to order the evacuation of the CSU Stanislaus Stockton Center campus, the University President or his/her representative shall notify:
• The Stockton Campus Dean or Director or his/her representative of the need to evacuate.
• The University Communications Public Information Officer or their representative of the need for information broadcasts asking all persons to stay away from campus.

The Stockton Police, with the assistance of the Building Marshals, Monitors and Securitas Security Associates, shall be responsible for coordinating the evacuation process. Where the campus has been ordered closed and no campus facility is under eminent danger the evacuation of the campus will take place as described below with an appropriate amount of time between each area.

Localized Evacuation

In some situations, it may become necessary to evacuate one or more buildings on campus due to a localized emergency situation. When this occurs the Emergency Personnel will coordinate the evacuation with the Building Marshals and Monitors. The decision to evacuate will be based on the totality of the circumstances and, whenever possible, following consultation with the President and ranking Dean or Facility Manager. When evacuations are due to an overriding concern for public safety it may not be possible to make such consultations. In those instances the appropriate Dean or Facility Manager will be notified of the evacuation as soon as is practical.

Special Needs

Wheelchair users or other disabled persons should prepare for emergencies, in advance, by instructing a University official or employee.

Move toward the nearest emergency exit.

When a wheelchair user and/or other disabled person reaches an obstruction, such as a staircase, they should request assistance from others in the area.

If assistance is not immediately available, the wheelchair users and/or other disabled person should stay visible in an exit corridor or on an outdoor landing. They should continue to call for help until rescued. Persons who cannot speak loudly should carry a whistle (provided free by the UPD) or have other means of attracting the attention of others.

Emergency Evacuation

Evacuation Procedures

The evacuation of campus buildings or the entire campus may be required due to emergency situations occurring on or near the campus. Campus emergency planning facilitates evacuations and are conducted in a systematic, controlled, and planned manner. The building evacuation plan for California State University, Stanislaus consists of a partnership between University Police Services, Groupe Commercial Services, Securitas Security and individual volunteer building “Building Marshals” and “Evacuation Monitors”.

Specific Instructions to Building Occupants
- Safely walk to the nearest exit and go to an evacuation gathering area away from the building then wait for further instructions.
- Stay out of the way of emergency personnel and vehicles and follow instructions.
- Immediately notify emergency response personnel if you know of a disabled or injured person needing assistance.

Campus-Wide Evacuation

When it is necessary to completely evacuate the campus due to emergency conditions, a systematic and controlled approach will be used. When campus buildings are deemed safe for occupancy, personnel will be held at their current locations pending evacuation (see map on next page).

Following the decision to order the evacuation of the CSU Stanislaus Stockton Center campus, the University President or his/her representative shall notify:
- The Stockton Campus Dean or Director or his/her representative of the need to evacuate.
- The University Communications Public Information Officer or their representative of the need for information broadcasts asking all persons to stay away from campus.

The Stockton Police, with the assistance of the Building Marshals, Monitors and Securitas Security Associates, shall be responsible for coordinating the evacuation process. Where the campus has been ordered closed and no campus facility is under eminent danger the evacuation of the campus will take place as described below with an appropriate amount of time between each area.

Localized Evacuation

In some situations, it may become necessary to evacuate one or more building on campus due to a localized emergency situation. When this occurs the Emergency Personnel will coordinate the evacuation with the Building Marshals and Monitors. The decision to evacuate will be based on the totality of the circumstances and, whenever possible, following consultation with the President and ranking Dean or Facility Manager. When evacuations are due to an overriding concern for public safety it may not be possible to make such consultations. In those instances the appropriate Dean or Facility Manager will be notified of the evacuation as soon as is practical.

Special Needs

Wheelchair users or other disabled persons should prepare for emergencies, in advance, by instructing a University official or employee.

Move toward the nearest emergency exit.

When a wheelchair user and/or other disabled person reaches an obstruction, such as a staircase, they should request assistance from others in the area.

If assistance is not immediately available, the wheelchair users and/or other disabled person should stay visible in an exit corridor or on an outdoor landing. They should continue to call for help until rescued. Persons who cannot speak loudly should carry a whistle (provided free by the UPD) or have other means of attracting the attention of others.
