Clery Act Compliance

University Police Services prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The full text of this report can be located on our web site at www.csustan.edu/UPD/Pages/CampusCrimeStatistics. You will also be able to connect to our site via the CSU Stanislaus Home page at www.csustan.edu. This report is prepared in cooperation with the Police agencies surrounding our main campus and our alternate sites, Housing and Residential Services, the Judicial Affairs Officer and the Division of Student Affairs. Each entity provides updated information on their educational efforts and programs.

University Police Services collects crime statistics from local police agencies. The University does not recognize any off campus fraternity or sorority houses. The fall term of every year, a postcard is mailed to all enrolled students, faculty and staff that provides the web site to access this report. Copies of the report may also be obtained at the Campus Services Building (north side of campus), e-mail request to Public_Safety@csustan.edu or by calling (209) 667-3114.

All CSU employees received a notice concerning this information on their August 31, 2011 paycheck.
Localized Evacuation

In some situations, it may become necessary to evacuate one or more buildings on campus due to a localized emergency situation. When this occurs the University Police will coordinate the evacuation with the Building Marshals and Monitors. The decision to evacuate will be based on the totality of the circumstances and, whenever possible, following consultation with the President and ranking Dean or Facility Manager. When evacuations are due to an overriding concern for public safety it may not be possible to make such consultations. In those instances the appropriate Dean or Facility Manager will be notified of the evacuation as soon as is practical.

  1. The fire alarm has been activated
  2. All occupants have been evacuated
  3. If the fire is small (waste basket size) and has not spread
  4. You have the correct type of extinguisher
  5. Your exit is clear and you can extinguish the fire with your back to the exit door.
- When you hear an alarm, walk to the nearest exit notifying other of the fire on your way out.
- Go to an evacuation gathering area away from the building then wait for further instructions.
- Immediately notify Police or Firefighters on the scene if you suspect someone may be trapped inside the building.

## Fire Safety Education and Training

All on campus residents receive fire safety training at the beginning of each semester. Comprehensive training on fire and life safety is also provided to all Residential Life Advisors, and Building Marshall’s and Monitors. Methods used for immediate notification may include but are not limited to: fire alarm systems, emergency radios, phone trees, and the Direct Emergency Notification system.

CSU Stanislaus utilizes an emergency communication system that is capable of rapidly sending voice, e-mail and text messages to all faculty, staff and students. This system is known as the campus Emergency Notification System (ENS).

During critical situations, CSU Stanislaus officials will use this system to provide emergency details and information on the appropriate response to all employees and students. Emergency messages will be sent to all registered e-mail and phone numbers, including work, home, cell and text.

To register in the ENS system, log on to the University emergency website at: [https://www.csustan.edu/Emergency/ENS/](https://www.csustan.edu/Emergency/ENS/) to provide or update your emergency contact number[s]. You will need to login using your existing University e-mail ID and password.

If you experience problems with this process, please contact the OIT Help Desk at: (209)667-3687.

Notices are typically posted within 24 hours of certain verified trends or incidents.

Federal Safety Compliance

Disclosure and Distribution
Copies of our policy and statistics disclosure notice statement stating availability for the CSU Stanislaus, Campus Security Report is mailed directly to all current students and employees by October 1st of each year. Prospective students and employees receive the disclosure notice statements via multiple outlets such as, but not limited to: Enrollment Services and Human Resources recruitment packets and/or application packets, near posting and information distribution centers on campus, from deans and department heads, web site links, the student handbook, new faculty handbook, class schedule, and extended education catalogs.

Public Access Arrest Log
The City of Stockton Police Department maintains a daily crime log for the most recent 60-day period. It is open to public inspection during normal business hours. Items older than 60 days can be obtained by request within two business days.

Student Discipline
Students may be expelled, suspended or placed on probation for committing violent or criminal acts on campus or at campus-related events. In compliance with federal and state laws and regulations, victims of violent crimes, including sexual assault, are to be informed whenever information regarding disciplinary action taken by the university is included in a student’s file. Within three days victims are to be notified of the results of the disciplinary action and any appeal. The victim is required to keep the results of the disciplinary action and appeal confidential. For further information, contact the Office of Judicial Affairs by calling 667-3144.

Security and Crime Prevention Programs

Whistle Defense
Free keychain whistles, for use as alert devices, are distributed by the University Police throughout the year. Call (209) 667-3114 for more information.

New Student Orientations
University Police personnel present personal safety tips and emergency contact information to new students on a regular basis. Students are informed of policies, voluntary confidential crime reporting procedures, and safety programs.

New Employee Orientations
Every month University Police personnel present safety policies and procedures to new employees, in cooperation with the Human Resources department. Employees are informed of injury and illness prevention, workplace violence, safety programs, and voluntary confidential crime reporting procedures.
Localized Evacuation

In some situations, it may become necessary to evacuate one or more building on campus due to a localized emergency situation. When this occurs the University Police will coordinate the evacuation with the Building Marshals and Monitors. The decision to evacuate will be based on the totality of the circumstances and, whenever possible, following consultation with the President and ranking Dean or Facility Manager. When evacuations are due to an existing and, whenever possible, following consultation with the then President and ranking Dean.

In those instances the appropriate Dean or Facility Manager will be notified of the evacuation as soon as is practical.

Emergency Evacuation

Special Needs

Wheelchair users or other disabled persons should prepare for emergencies, in advance, by instructing a University official or employee. Move toward the nearest emergency exit. When a wheelchair user and/or other disabled person reaches an obstruction, such as a staircase, they should request assistance from others in the area.

If assistance is not immediately available, the wheelchair users and/or other disabled person should stay visible in an exit corridor or on an outdoor landing. They should continue to call for help until rescued. Persons who cannot speak loudly should carry a whistle (provided free by the UPD) or have other means of attracting the attention of others.

Enforcement and Arrest Authority

The California State University, Police Department employs eleven (11) highly trained, full-time, sworn police officers, two (2) Community Service Officers, and an active support staff for the 24 hour protection of the Turlock campus community. The peace officers of this department have state-wide police authority per Penal Code 830.2 and Education Code 89560, and are vested with law enforcement powers and responsibilities, identical to the local police or sheriff departments in your home community. The Department is made up of the following sections:

1. University Police
2. Safety & Risk Management
3. Parking & Community Services
4. Communications and Records

Working Relationships with State & Local Police

Securitas Security maintains a close working relationship with all local public safety agencies. Information involving all incidents of suspected criminal activity known to involve off-campus organizations representing the university community is routinely directed to the City of Stockton Police Department.

University Police Services

Timely Warnings

To minimize the number of criminal incidents, University Police Officers, Securitas Security, students, and members of the wider campus community participate in a number of shared responsibilities to ensure that all students and their possessions are protected as much as possible. On occasion, you will see timely warning notices describing recent crime trends or dangerous incidents that present an immediate threat to others. It is our policy to post these notices around campus to provide our community with information about the incidents and crime prevention recommendations. Once all relevant information is received and verified, these notices will typically be posted.

Security of and Access to Campus Facilities

All campus facilities are key accessed, and most are open daily for scheduled campus community use. Campus key control and distribution is a function of Grupe Commercial Services.

To provide for the security of campus facilities, the University Police enforces Educational Code 89031 & Housing Policies. Campus facility access may be revoked per Penal Code 626.

Security Considerations Used in Maintenance of Campus Facilities

Securitas Security and Grupe Commercial Services are responsible for security of all campus facilities. Personnel perform daily building lock-up and monitor all maintenance issues in campus lighting, door locks and general environmental safety. Regular inspections and surveys of campus indoor/outdoor lighting, shrubbery and walkways are conducted. The University participates in Crime Prevention through Environmental Design concepts for planning and improvements on campus.
