

2009-2010 ANNUAL REPORT
California State University Stanislaus

2009-2010 ANNUAL REPORT

What a celebration! Looking back, 2010 will be a year we remember with both pride and gratitude. Pride in the University whose 50th birthday we celebrated with gusto, culminating in the gala anniversary event which raised more than \$217,000 to directly benefit students. And gratitude for the continued, faithful support of you, our donors, who champion the cause of higher education through your generous giving.

Working together, the top priority of the CSU Stanislaus Foundation and University Advancement is to support the University's goal of achieving academic excellence. We do this by cultivating philanthropy and external support, and by demonstrating leadership in private fundraising. Our work would be impossible without you, our friends and supporters. A sobering economy in 2009-10 did not thwart our team in its mission to secure private and corporate support for California State University, Stanislaus.

In the absence of critical state support for higher education, fundraising has become more important than ever. Our staff is working closely with administration, deans, faculty, alumni, and friends, to establish and maintain positive working relationships with new and existing donors. Major areas of support include student scholarships, corporate sponsorships and in-kind gifts, as well as foundation grants, all to help fund University students, needs, and programs. These resources must be treated with the utmost care, honesty, and integrity, reflecting the character of our stewardship.

With a clear vision and renewed commitment, we look forward to continuing to work alongside you in 2011 and beyond.

SUSANA GAJIC-BRUYEA, Vice President for University Advancement

CSU Stanislaus gratefully recognizes these individuals, businesses, and organizations who have generously contributed to University programs during the 2009-10 fiscal year. Financial support from our donors and alumni plays a critical role in helping our students earn college degrees and in helping us provide excellence in our programs and services.
