**Required Upper-Division General Track Courses (15 units):** A general plan of 15 thematically-related upper-division units must be developed with the student's academic advisor and approved by Child Development Committee's prior to completion of coursework. Track coursework completed prior to committee approval may not count towards general track. Follow all steps below:

1. Meet with a CDEV faculty advisor to plan your 15 unit track.
  - a. Complete attached general track proposal form. List the courses making up your 15-unit track.
  - b. General Track must include at least 15 upper-division units of approved CDEV electives.
  - c. Nine units must have a CDEV prefix.
  - d. Two or more of those units must involve an advanced applied experience (an additional application course, a service learning course, internship, honors thesis, or fieldwork).
  - e. Courses in track cannot be cross-counted with courses taken to fulfill the core major requirements.
  - f. Make sure to check the course catalog for information regarding prerequisites for each track course.
2. Attach a document explaining rationale for each course listed on the proposal form.
  - a. Rationale should describe your educational and career goals.
  - b. For each course in track, explain how the course will help to achieve your educational and career goals.
3. Obtain your advisor's signature.
4. Submit proposal form and rationale to the Child Development Committee for approval (C231).
5. Reviewed proposals will be available in student pick-up box in C234A.
6. Any change to an approved general track requires a new general track proposal and approval of the Child Development Committee. Attach approved general track to new proposal.
