

Faculty Employment Opportunity

POSITION: **WEB SERVICES LIBRARIAN:** The University Library seeks an innovative and dynamic librarian to join the library faculty as the Web Services Librarian. The Web Services Librarian leads the effort to ensure that library web services support and enhance student learning and research. The Web Services Librarian works collaboratively to create a website design that is responsive to the mission of the library and serves as a critical tool for research, instruction, and information literacy.

Primary responsibilities include:

- Management and design of the library website's architecture and integration of web-based services into student success initiatives
- Collaboration with other library faculty and staff to improve the accessibility, usability, responsiveness, and overall user experience of the library's web-based services
- Serves as a member of the library's Technology Team and as the liaison to other campus units for web-based services
- Responsible for collection development, liaison work with assigned academic departments, and some reference and instruction
- Participates in library and university faculty governance

This is a twelve-month, tenure-track position that reports to the Dean of Library Services. To be recommended for tenure and promotion, library faculty must demonstrate proficiency in the areas of librarianship; research, scholarship and/or creative activities; and participation in university affairs.

MINIMUM QUALIFICATIONS:

ALA-accredited or equivalent graduate degree if earned from outside the U.S. or Canada. Experience with web and database development using standards-based user-centered information architecture; experience creating and maintaining web sites with relevant standards, including demonstrated proficiency in CSS, XHTML, and JavaScript. Strong service orientation; effective interpersonal, communication, and organizational skills; ability to maintain good working relationships with colleagues and students in a culturally diverse academic community; ability to be flexible and to adapt to a changing work environment.

PREFERRED QUALIFICATIONS:

Experience with web development technology such as Drupal, PHP, MySQL, XML/XSLT; experience with web server technologies such as content management systems and/or Apache; experience with web 2.0 technologies and API mashups; experience with learning management systems such as Blackboard. Demonstrated experience leading work teams to successful project completion.

HOW TO APPLY & DEADLINE:

The position is available on August 1, 2017; however, an earlier start date is negotiable. The position will remain open until filled. Screening of completed application files will begin on May 1, 2017. A complete application must include an application letter, specifically addressing the position description and qualifications, a professional résumé, including the names, addresses, and telephone numbers of three references. Official transcripts will be required at the time of hire.
