

BID ADDENDUM #2

January 12, 2021

To:
Prospective Bidders/Planholders

**SOLAR PHOTOVOLTAIC ARRAY
STUDENT CENTER
PROJECT NUMBER CSUSTRFP20102
California State University Stanislaus
One University Circle, Turlock, CA 95382**

This Addendum forms a part of the contract documents and modifies the original bidding documents. Addendum shall be noted as received and acknowledged on the Bid Proposal Form when submitted as outlined in the Bid Package referenced above.

The following corrections, additions, deletions, and/or modifications to the above package, by this reference, shall be incorporated therein:

Questions and Answers:

1. What if the PV system doesn't fit in the area suggested in the plans? Code changed in 2016.

This is a design-build turnkey project. A bidder needs to submit a feasible proposal which meets all required codes and regulations.

2. What manufacturer is the TPO roof?

Sika Sarnafil is the roof manufacture of the Student Center roof.

3. Is the contractor to supply all of the (2) 3in Conduit shown in the plans, or are they existing? And if so, please confirm where they are located.

This is a design-build turnkey project. A proposal should be based on all information provided by the university. A successful bidder will supply all necessary equipment for the proposed PV system.

4. How is the roof framed?

Please refer to recently uploaded structural drawing at the ARC website.

5. Is the contractor to supply the disconnect? If not, then where is the disconnect located currently?

This is a design-build turnkey project. A successful bidder will supply all necessary equipment for the proposed PV system. The proposal should be based on all information provided by the university. Please see electric drawing at ARC.

End of Addenda No. 1
