

CONCURRENT ENROLLMENT

Matriculated students pursuing a degree or credential at Stanislaus State who desire to enroll for a course at another institution, or in an extension course at the University, must secure prior approval from their major adviser if credit is to be accepted. Acceptance of credit, however, depends on policies set forth in the catalog section on Evaluation and Acceptance of Credit and it is the responsibility of the student to find out whether a course taken in concurrent enrollment will be accepted. This policy is applicable to required prebaccalaureate courses.

EVALUATION AND ACCEPTANCE OF TRANSFER CREDIT

Immediately after the grades of the course(s) taken at another institution have been posted, the student is required to have an official transcript sent directly to the Stanislaus State Enrollment Services Office. The transcript will be evaluated in terms of its relationship to the requirements at Stanislaus State. Although approval for concurrent enrollment may be granted, the acceptance of credit from another institution is subject to the policies and procedures listed in the current issue of the Stanislaus State Catalog in the section titled, "Evaluation and Acceptance of Credit." Students enrolling concurrently at a community college should be especially careful to read this section regarding the limitation of credits allowed.
