 STATEMENT CONCERNING YOUR EMPLOYMENT IN A JOB NOT  
 COVERED BY SOCIAL SECURITY**

<b>EMPLOYEE AND CAMPUS INFORMATION</b>

CAMPUS	DEPARTMENT

**Please be advised that your earnings from this position are not covered under Social Security.** When you retire, or if you become disabled, you may receive a pension based on earnings from this position. If you do, and you are also entitled to a benefit from Social Security based on either your own work or the work of your husband or wife, or former husband or wife, your pension benefit may affect the amount of the Social Security Benefit you receive. Your Medicare benefits, however, will not be affected.

Under the Social Security law, there are two (2) ways your Social Security benefit amount may be affected:

**1. Windfall Elimination Provision**

Under the Windfall Elimination Provision, your Social Security retirement or disability benefit is figured using a modified formula when you are also entitled to a pension from a job where you did not pay Social Security tax. As a result, you will receive a lower Social Security benefit than if you were not entitled to a pension from this job.

For example, if you are age 62 in 2005, the maximum monthly reduction in your Social Security benefit as a result of this provision is \$313.50. This amount is updated annually. This provision reduces, but does not totally eliminate, your Social Security benefit.

**2. Government Pension Offset Provision**

Under the Government Pension Offset Provision, any Social Security spouse or widow(er) benefit to which you become entitled will be offset if you also receive a Federal, State, or local government pension based on work where you did not pay Social Security tax. The offset reduces the amount of your Social Security spouse or widow(er) benefit by two-thirds (2/3) of the amount of your pension.

For example, if you get a monthly pension of \$600 based on earnings that are not covered under Social Security, two-thirds of that amount, \$400, is used to offset your Social Security spouse or widow(er) benefit. If you are eligible for a \$500 widow(er) benefit, you will receive \$100 per month from Social Security (\$500-\$400 = \$100). Even if your pension is high enough to totally offset your spouse or widow(er) Social Security benefit, you are still eligible for Medicare at age 65.
