<b>RE:</b>	Leadership Studies Academic Program Review

Thank you for joining me to discuss the Academic Program Review for the Leadership Studies program. It was a pleasure to read the self-study and talk with you about the future of your program.

The Leadership Studies programs certainly has a unique history and it is noteworthy that the Leadership Studies program is the first official Leadership Studies program in the CSU. I would like to recognize the work of Dr. Nancy Burroughs to revive the major and minor and acknowledge the impact of Dr. Burroughs' efforts to attract students to the major through the LEAD 2500 course.

I was interested to discuss potential opportunities for the development of a Stockton campus program and potential connections with Delta College and support efforts to bolster the major and minor infrastructure for a Stockton-based Leadership Studies program. As the program grows, I recognize the need for time to establish a thriving program, including the development of an assessment plan. We should continue to explore the option of an additional three WTUs annually for three years to the Program Director.

The result of this Academic Program Review is that your Program is approved for continuance.
