

## Institutional Learning Goals Alignment

The Stanislaus State Institutional Learning Goals (Baccalaureate and Graduate Learning Goals) incorporate the five WSCUC Core Competencies through alignment with program learning goals and outcomes; this includes General Education Learning Goals and program learning outcomes and the undergraduate level (Table A) and program learning outcomes at the graduate level (Table B).

**Table A:** Crosswalk of Baccalaureate Learning Goals, GE Goals, and WSCUC Core Competencies

<b>Baccalaureate Learning Goals</b>  When students graduate from CSU Stanislaus, they should be able to:	1. Demonstrate expertise in a scholarly discipline in relation to other disciplines and the historical context.	2. Develop the intellectual skills and competencies necessary to participate effectively in society and the world.	3. Develop broad knowledge of biological sciences, humanities, and creative arts, and social sciences.	4. Develop the abilities to integrate knowledge, make informed ethical decisions, and accept civic responsibility.	5. Demonstrate personal responsibility and civic engagement with respect and appreciation for diverse local and global peoples, cultures, environments, and resources.
<b>GE Learning Goals<sup>1</sup></b>  Through the completion of the CSU Stanislaus GE program, students will develop:	3. Ability to integrate knowledge, make informed ethical decisions, and accept civic responsibility.	1. Intellectual skills and competencies necessary to participate effectively in society and the world.	2. Develop broad knowledge of biological and physical sciences, humanities and creative arts, and social sciences,	3. Ability to integrate knowledge, make informed ethical decisions, and accept civic responsibility.	3. Ability to integrate knowledge, make informed ethical decisions, and accept civic responsibility.
