RE: Special Major Academic Program Review

Dear Dr. Miller-Antonio

Thank you for joining me to discuss the Academic Program Review for the Special Major program. It was a pleasure to read your review of the Special Major and discuss the origins and future plans for the program.

I commend you, Sari, for your dedication to the students in the Special Major program and appreciate the revision of the student learning outcomes.

I appreciated our discussion regarding possible options for the program, including the idea of creating interdisciplinary modules and the potential for linking the Special Major to the Honors program. I support potential areas for promoting the program, including updating catalog language and designating a Faculty Fellow for Advising for the Special Major to increase visibility.

The result of this Academic Program Review is that your program is approved for continuance with unqualified support.

Again, I extend my sincere appreciation for the opportunity to meet with you and discuss your Academic Program Review and implementation plan.

Sincerely,
