Source: CSU Academic Planning Database (APDB), Summary Master File.

Notes: The report provides information by level and for each college and department. It shows the distribution of FTES and FTEF necessary to support the students. Also provided is the SFR for each level of aggregation.

FTES generated is assigned to the department of record for the course subject area.

FTEF generated is assigned to the department used to teach courses in each subject area. FTEF source reflects where faculty taught rather than where they were appointed.

Student-Faculty Ratio (SFR) = FTES/FTEF

State Supported Courses Only

Office of Institutional Research (04/07/2017)

Source: CSU Academic Planning Database (APDB), Summary Master File.

Notes: The report provides information by level and for each college and department. It shows the distribution of FTES and FTEF necessary to support the students. Also provided is the SFR for each level of aggregation.

FTES generated is assigned to the department of record for the course subject area.

FTEF generated is assigned to the department used to teach courses in each subject area. FTEF source reflects where faculty taught rather than where they were appointed.

Student-Faculty Ratio (SFR) = FTES/FTEF

State Supported Courses Only

Office of Institutional Research (04/07/2017)
