The University President has delegated authority for the administration and daily operations of the Parking Program to the University Police Department. Facilities Services has responsibility for the maintenance, construction, and planning of parking facilities. Working in collaboration, these departments provide for the efficient and effective provision of parking facilities and services to the campus community.

If the time frames are not met, all parking penalties and late fees must be paid.

- **First Level** - Must be disputed within 21 days from the date the ticket was issued, or 14 days from the date the reminder notice was mailed. The initial dispute is required to be submitted online. If the time frame is not met, you will no longer be given the option to dispute the ticket and it must be paid.

Such evidence includes, but is not limited to: copies of parking permits; disabled placards; records; documents or testimony of witnesses; photographs of the location where the vehicle was parked showing relevant signs posted or curb striping.

- **Third Level** - The third level in the appeals process is to appear in the court of the county where the parking ticket was issued. You must file the appeal within 30 days of the Administrative Hearing Examiner's decision. To request a Court appeal, you must contact the Parking Management Bureau at 1-800-700-4417.
