How To: Add a Course

This guide outlines the process for students to **add a course to MyScheduler**. Adding a course in MyScheduler allows you to see schedule options in MyScheduler. It does **not** officially enroll you in the course. **You must complete the enrollment process in order to be officially enrolled in the course.** (See **How to Import Cart into myCSUSTAN and Finish Enrollment**)

- Click **Add Course**.

- **Pick a subject** or type a department’s name.
Pick a course or type the course number.

Click Add Course.

The course is now added to your list.
