Director, Student Leadership and Development
Recognition of Student Organizations

University recognition is a privilege granted to student organizations by the University. Recognized organizations are afforded access to campus resources and in turn agree to comply with regulations and procedures established for the governance of student groups.

Title 5 of the State Administrative Code permits campus recognition of student organizations and states that such recognition may include “allowing the use of campus facilities to any such organization.” Recognition of a student organization creates and solidifies an official relationship with the University. University recognition is granted by the Office of Student Leadership and Development under the authority of the President of the University.

Recognition in no way implies that California State University, Stanislaus approves of, supervises, sanctions, or takes responsibility for, the actions and activities of the organization. The University does not encourage or condone illegal or dangerous activities, and individuals involving themselves in student organizations do so at their own risk. Recognized groups are expected to adhere to policies and procedures identified in this handbook and all other policies of the University, all Trustee policies, and federal, state and local laws. In addition, organizations must conduct their activities in keeping with the mission of the University.

Formal Chartering and Recognition Policies

Chartering a Student Organization

Minimum Number of Students

Official recognition of a student organization requires a minimum of five CSU students who are currently enrolled in at least one class. A maximum of twenty percent of the members of a student organization may be individuals who are not CSU students, e.g., community members, students at other college. Only students enrolled at the CSU Stanislaus may vote on issues that come before the student organization. The Vice President for Enrollment and Student Affairs or designee may waive the twenty percent and voting provisions for fraternities and sororities to accommodate such organizations as the Panhellenic Council that includes representatives from non-CSU campuses. Documentation for the request of consideration shall include copies of national charters or other appropriate documentation, and these documents shall be submitted to the Vice President of Enrollment and Student Affairs or designee. Campuses retain authority to include additional requirements for recognition and/or to make the requirements more limiting.

Club and Student Organization Advisors

Each officially recognized student organization must have a University Advisor who is either a faculty member or professional staff member. Part-time faculty and professional staff are permitted to serve as advisors. Advisors selected from auxiliary organizations are not permitted to serve as advisors.
Club and student organization advisors are provided with opportunities for training and orientation and are strongly encouraged to attend as soon as possible in order to be familiar with the responsibilities and governing policies and procedures that are associated with chartering and operating a student organization.

**Filing Chartering Documents**

The university requires student organizations to comply with all student organization filing requirements described in California Code of Regulations, Title 5, Article 4, Nondiscrimination in Student Organizations, Sections 41500 (Withholding of Recognition), 4501 (Definition of Recognition), 41503 (Filing Requisites), 41504 (Penalties). These sections require each student organization to deposit with the Office of Student Leadership and Development copies of all constitutions, charters, or other documents relating to its policies. Documents must be turned in within 90 days after any substantive change or amendment; preferably file all proper documents within 30 calendar days.

**Open Membership Requirement**

The university shall not recognize any student organization that discriminates on the basis of race, religion, national origin, ethnicity, color, age, gender, marital status, citizenship, sexual orientation, or disability. The prohibition on membership policies that discriminate on the basis of gender does not apply to social fraternities or sororities or other University living groups. Academic honor societies are likely to have additional updates to this policy from the CSU Chancellor’s Office, communicated by the Office of Student Leadership and Development, as soon as it is released.

Student organizations must have open membership and leadership, open to all currently enrolled students on campus, except that a social fraternity or sorority or other University living group may impose a gender limitation as permitted by Title 5, California Code of Regulations, Section 41500. Student organizations may require applicants for leadership positions to have been members for a specified period of time, and may require officers to compete for those positions in elections of the membership.

**Off-Campus Student Activities**

Compliance of the Student Code of Conduct and applicable policies, procedures and laws are required by all student organizations and members.

All clubs and organizations will sign an off campus waiver to be turned in with the completed charter application for the 2014-2015 academic year. These waivers will be kept on file in the Office of Student Leadership and Development and are valid for one year.

**Events that involve minors**

A parent or guardian must sign the off campus liability form on behalf of any student under the age of 18. Any events where minors are the primary audience or participants,
must be reviewed through the submission of a Special Event Safety Form to the Office of Safety and Risk Management after review with an advisor from the Office of Student Leadership and Development.

Role of the University Advisor

Purpose

The basic function of the advisor is to provide support and to cultivate a working relationship between the University and the organization. According to University policy, all student organizations must have an advisor who is employed at least half time by the University in order to receive University recognition for the organization. The advisor serves as a resource and consultant to the organization; his/her mature judgment is invaluable to a student organization. The advisor helps the organization to achieve its purpose and become familiar with University policies affecting such organizations.

The Advisor is responsible for his/her own actions in the performance of the advisory role. He/she is expected to take reasonable and prudent actions in promoting and protecting a sound environment for the organization and the membership. Should the advisor hear or see any violations or alleged violations of university policies, procedures, or other laws, the advisor is to communicate such information immediately to the Director of the Office of Student Leadership and Development.

Advisor’s Responsibilities

The advisor is considered to have the following responsibilities:

- To be informed concerning the purposes and the programs of the organization they agree to advise.
- To be informed concerning University policies and procedures governing student activities and student organizations.
- To provide assistance in the administration of the financial affairs of the organization.
- To see that the officers of the organization are aware of University policies and procedures.
- To encourage the members of the organization to assume responsibility for the organization and for the effectiveness of the programs.
- To attend the meetings of the organization frequently and to help provide continuity for the program.
- To provide advice and counsel regarding proper conduct and procedures, and also the proper guidance to avoid conduct which would bring discredit to the organization or to the University.
- To provide continuity from year to year during periods of transition.
- To encourage and maintain an on campus program and to be aware of contractual and/or legal obligations arising out of programs and activities held off campus.

- Report any and all discrimination and/or harassment, including sexual violence, signs or occurrences to Dennis Shimek, Title IX Coordinator or Julie Johnson,
Deputy Title IX Coordinator. Please remember to report anything you hear or see, please say something; even if you are not sure about what type of incident it is, everyone is encouraged to talk with Dennis Shimek or Julie Johnson as soon as possible.

- Report any and all hazing signs or occurrences to Jill Tiemann-Gonzalez, Student Conduct Administrator or Julie Johnson, Campus Compliance Officer/Title IX Deputy Title IX Coordinator. Please remember to report anything you hear or see, please say something; even if you are not sure about what type of incident it is, everyone is encouraged to talk with Jill Tiemann-Gonzalez or Julie Johnson as soon as possible. Reports can also be made to Alissa Aragon, Student Organization Advisor or Nicole Turner, Greek Life Programs Advisor or Clarissa Lonn-Nichols, Director, in the Office of Student Leadership and Development.

- California State University Executive Order 1095 and 1097 state that it is California State University policy to provide equal opportunity for all persons regardless of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation and military and veteran status. For further explanation of Executive Order 1095 and for the Notice of Non-Discrimination on the Basis of Sex in Executive Order 1095 please refer to the website: www.calstate.edu/eo/EO-1095.html and www.csustan.edu/notice-non-discrimination-basis-sex.

- California State University Executive Order 1097: The California State University prohibits Harassment of any kind, including Sexual Harassment and Sexual Violence, Dating Violence, Domestic Violence and Stalking. Such behavior violates both law and University policy. The University shall respond promptly and effectively to all reports of Discrimination, Harassment and Retaliation and will take appropriate action to prevent, correct and when necessary, discipline behavior that violates this policy. Report any and all discrimination, harassment and retaliation signs or occurrences to Dennis Shimek, Title IX Coordinator or Julie Johnson, Deputy Title IX Coordinator; if you hear something, say something.

For more information about what you can do if you or someone you know are a victim, for other important educational information and who to contact for help please visit the website at www.csustan.edu/title-ix/sexual-violence-prevention-and-education and the website for The Stop Abuse Campaign at www.csustan.edu/stop-abuse.

- California State University Executive Order 1083 Mandatory Reporting of Child Abuse and Neglect is important for employees to read and understand. The California Child Abuse and Neglect Reporting Act (“CANRA”) requires every CSU employee report suspected child abuse or neglect to law enforcement within 24 hours. Any questions or concerns about when and how to report suspected child abuse or neglect should be directed to the appointed Mandated Reporting Coordinator, Dennis Shimek. Please remember to report anything you hear and or see, please say something; even if you are not sure about what type of incident it is, everyone is encouraged to talk with Dennis Shimek or Julie Johnson as soon as possible.
EO 1083, in part, states:

Article I: CANRA identifies more than 40 employment positions with specified responsibilities as mandated reporters, including teachers and, as of January 1, 2013, university employees whose duties involve regular contact with children, or who supervise employees whose duties involve regular contact with children. For purposes of this policy, all CSU employees are designated mandated reporters. Volunteers are not mandated reporters.

As designated mandated reporters, all employees are required to report suspected child abuse or neglect.

Article II: Whenever an employee, in his/her professional capacity or within the scope of his/her employment, has knowledge of or observes a child (i.e., a person under the age of 18 years) whom the employee knows, or reasonably suspects, to have been the victim of child abuse or neglect, the employee must report the incident.

An employee should reasonably suspect child abuse or neglect whenever "it is objectively reasonable...to entertain such a suspicion, based upon facts that could cause a reasonable person in a like position, drawing, when appropriate, on his or her training and experience, to suspect child abuse or neglect." (Penal Code § 11166(a)). Facts upon which a reasonable suspicion may arise do not have to have been witnessed by the employee, but rather can be learned from other sources.

The employee may seek assistance from the campus Mandated Reporting Coordinator, whose duties are described below. However, the employee is personally responsible for determining when reporting is called for and following the reporting procedures identified in this executive order.

Duties of Advisors at Events

The members of the sponsoring organization are responsible for the smooth operation of a function. Advisors are not supposed to serve as “police” but should make helpful suggestions regarding neglected areas and unwise practices. It is particularly important that advisors be available and prepared to assist in any emergency situation which might arise at an event.
When an advisor signs, or permits a designee to sign a requisition for an event, he/she is indicating acceptance for sponsorship of the event and a willingness to be reasonably informed on the activities planned.

Advisors are encouraged to be present during the entire time for which the event is scheduled or when amplified sound will be used during an event. The presence of an advisor is required for the duration of an event for which alcohol is to be served.

**Organization’s Responsibility to the Advisor**

The organization is expected to have the following responsibilities:

- To keep the advisor informed concerning the overall program and activities of the organization.
- To notify the advisor well in advance of the schedule of meetings and events.
- To give the advisor an opportunity to express an opinion on issues which affect the welfare of the organization and any concerns on behalf of the University.
Responsibilities and Privileges of Student Organizations

When students wish to form an organization at California State University, Stanislaus, they apply for a charter, which is granted by the Office of Student Leadership and Development. If granted, this charter gives certain rights to the group but it also requires of the group fulfillment of certain responsibilities. In other words, student groups are not independent agents but are actually partners with the University. Student organizations’ performance is evaluated annually, and a decision is made whether or not to continue the partnership by permitting the organization to charter again the next year. Therefore, it’s important that student organization leaders remind members of the responsibilities and agreements that the organization commits to at the start of each year when chartering documents are filed and approved.

Student Organization Standards of Conduct

Academic Development: A portion of an organization’s activities must reflect the educational mission of the University. A conscious effort should be made to enrich each member’s academic development.

Character Development: The moral conduct and personal behavior of each member impacts the organization’s image. This makes it imperative for the individual to act at all times with self-respect and integrity. University policy prohibits students from cheating, providing fraudulent information, or in any way misrepresenting themselves in interactions with the campus community.

Community Relations: Supportive, communicative and positive relations with the community will result in mutual benefit. The impression made by an organization on the community reflects upon the University as a whole. All members will conduct themselves so as to support a positive relationship with the community.

Financial Management: Members shall handle both institution and private funds judiciously, recognizing the annual transfer of debt responsibility. Members shall not incur debts (either individually or in the name of the student organization), which cannot be, or are not, paid when due.

Health and Safety: Members shall take basic precautionary measures to ensure individual and group safety. An appropriate program would encompass a concern for mental, emotional and physical health and stability.

Leadership Development: The continued existence of the organization requires a regular succession of effective leaders. An appropriate program would provide for the development of the members leadership skills for positions of service and authority.

Legal Responsibility: All student organization members have a responsibility to know, and abide by, all relevant federal, state, and local laws and university policies, procedures and guidelines. Refer to the Student Code of Conduct (Title V) for responsibilities, values, grounds for student discipline, procedures for enforcement and application; please also see the section on Discipline of Student Organizations in this handbook for additional procedures.

CSU Stanislaus is committed to providing an educational environment in which students, faculty and staff work together in an atmosphere free from discrimination on the basis of sex, race, color, creed, national origin, religion, veteran status or disability in its programs and activities. Title IX of the Education Amendments of 1972 prohibits discrimination
based on sex in educational programs and activities that receive federal financial assistance. Sex discrimination under Title IX includes sexual harassment, sexual assault and sexual violence by employees, students or third parties. The University does not permit discrimination or harassment in our programs and activities. Students who believe they have been subjected to discrimination or harassment in violation of this policy should follow the procedure outlined in Executive Order 1097 (www.csustan.edu/title-ix) to report concerns. Students who wish to report a concern or complaint relating to discrimination or harassment may do so by reporting the concern to the Vice President of Human Resources and Faculty Affairs and Title IX Coordinator: Dennis Shimek at dshimek@csustan.edu or (209) 667-3351 or to Julie Johnson, Campus Compliance Officer and Deputy Title IX Coordinator at jjohnson34@csustan.edu or (209) 667-3006.

Report any and all sexual violence and or assault concerns, signs or occurrences, harassment of any kind, including sexual harassment and sexual violence, dating violence, domestic violence and stalking to Dennis Shimek, Title IX Coordinator or Julie Johnson, Deputy Title IX Coordinator; if you hear something, say something.

Report any and all hazing concerns, signs or occurrences to Jill Tiemann-Gonzalez, Student Conduct Administrator or Julie Johnson, Campus Compliance Officer/Deputy Title IX Coordinator. Please remember to report anything you hear and or see, please say something; even if you are not sure about what type of concern or incident it is, everyone is encouraged to talk with Jill Tiemann-Gonzalez or Julie Johnson as soon as possible. Reports can also be made to Alissa Aragon, Student Organization Advisor or Nicole Turner, Greek Life Programs Advisor in the Office of Student Leadership and Development.

**Multi-cultural Sensitivity:** Both the University community and society alike are diverse with persons of varying cultures. Organizations must recognize the need for an awareness of, sensitivity to, and respect for the cultural heritage of others.

**Self-Governance:** Each organization shall have an operating procedure that will allow officers to effectively uphold its own behavioral standards for this code.

**Privileges of Student Organizations**

Additional responsibilities of Social Fraternities and Sororities

All social fraternities and sororities have the same responsibilities as student organizations and follow the same process for chartering. In addition, social fraternities and sororities shall be required to follow the California State Universities Shared Principles for Greek Life Organizations.

All social fraternities and sororities at CSU Stanislaus must adhere to and complete the Chapter Standards of Excellence Program in order to be reorganized; all forms are due to the Office of Student Leadership and Development as specified in the Greek Organization Handbook. Each fraternity and sorority president will receive one copy of the Chapter Standards of Excellence Program and forms upon chartering. Additional copies can be downloaded from the Office of Student Leadership and Development website, www.csustan.edu/sld.

The goal of the Fraternity and Sorority Life Chapter Standards Program is based upon the Shared Principles for Greek Life Organizations and the California State Universities. The fraternities and sororities at CSU Stanislaus reflect the dynamic and diverse campus community. Currently, there are seventeen international/national and local fraternal organizations.

The individual universities that make up the collective body of the California State University (CSU) system view fraternities and sororities as invaluable partners in the educational mission of the university and the development of successful citizens.

The CSU will support fraternities and sororities on their campuses in the promotion of:

- Academic success and retention of fraternity and sorority members and support of members’ academic pursuits.
- Development of well-educated, well-rounded individuals who positively impact
their campuses through personal integrity, social responsibility, leadership, and appreciation for diversity.

- Creating a positive impact on their campus and community through community service, philanthropy and involvement in campus programs and activities.
- Peer education to promote fraternal values, healthy living, substance abuse awareness and prevention, personal responsibility and accountability, and concern for the safety and welfare of others.
- Unity of purpose and collaboration within the Greek community contributing to a wider sense of community on campus and throughout California and the nation.
- Promotion of inclusiveness and diversity within membership.
- Strong alliances with fraternity and sorority alumni that foster lifelong support of the University and its fraternity and sorority community.
- Leadership development opportunities and programming to serve the Greek community beyond their university experience.
- Development of positive relationships with the campus community, including faculty, staff, administration, unaffiliated students and the broader community and region.
- Development of learning outcomes and assessment for the Greek community based on these Shared Principles.

The values, which all the fraternal organizations at California State University, Stanislaus ascribe to, stem from the principles set forth by the CSU system and that of each organization’s commitment for growth and self-discovery through fraternal membership. The Fraternity and Sorority Chapter Standards of Excellence Program was created with collaboration from representatives of the fraternities and sororities and the Office of Student Leadership and Development. The goal of the program is to collectively develop dialogue and directives as identified by the fraternity and sorority community for the purposes of creating a plan for chapter excellence. This program will foster continual discussion among fraternity and sorority members, advisors and the Office of Student Leadership and Development. The valuable feedback will assist in identifying what further initiatives and support can be developed to continually enhance the fraternity and sorority membership as a safe, positive, and fulfilling experience.
Student Conduct and Discipline of Student Organizations

The Division of Enrollment and Student Affairs is responsible for the discipline of student organizations. The Office of Student Leadership and Development provides advising and support to student organizations to assist student officers and members with educational resources to prepare and reduce the risks and violations to the Student Code of Conduct and any other policy or laws. Disciplinary actions as a result of violations to the Student Code of Conduct may be referred to the Student Conduct Administrator for further investigation and or assessment pursuant to Executive Order 1098. The advising and resources made available are designed to support ethical decision-making and preventive care to aid student organization leaders and members in the decision-making process to avoid violations to policies, laws or applicable procedures.

Student organization leaders and members are asked to help enhance our university community by helping to spread awareness about The Stop Abuse Campaign; thus contributing to a vibrant and safe campus life experience free from violence. The Stop Abuse Campaign provides support and information to the university community regarding sexual assault, relationship violence and stalking. We encourage everyone to contact Dennis Shimek, Title IX Coordinator or Julie Johnson, Deputy Title IX Coordinator directly to discuss any specific situations and needs. The Stop Abuse Campaign serves all racial, ethnic, religious, socioeconomic, sexual orientation, and gender and social identities. If you or someone you know has been hurt, there is help available to you. For more information please visit the Stop Abuse Campaign website at www.csustan.edu/stopabuse.

§ 41301. Standards for Student Conduct

(a) Campus Community Values
The University is committed to maintaining a safe and healthy living and learning environment for students, faculty, and staff. Each member of the campus community should choose behaviors that contribute toward this end. Students are expected to be good citizens and to engage in responsible behaviors that reflect well upon their university, to be civil to one another and to others in the campus community, and contribute positively to student and university life.

(b) Grounds for Student Discipline
Student behavior that is not consistent with the Student Conduct Code is addressed through an educational process that is designed to promote safety and good citizenship and, when necessary, impose appropriate consequences.

The following are the grounds upon which student discipline can be based:

1. Dishonesty, including:
   - Cheating, plagiarism, or other forms of academic dishonesty that are intended to gain unfair academic advantage.
   - Furnishing false information to a University official, faculty member, or campus office.
   - Forgery, alteration, or misuse of a University document, key, or identification instrument.
   - Misrepresenting one’s self to be an authorized agent of the University or one of its auxiliaries.

2. Unauthorized entry into, presence in, use of, or misuse of University property.

3. Willful, material and substantial disruption or obstruction of a University-related activity, or any on-campus activity.

4. Participating in an activity that substantially and materially disrupts the normal operations of the University, or infringes on the rights of members of the University community.

5. Willful, material and substantial obstruction of the free flow of pedestrian or other traffic, on or leading to campus property or an off-campus University related activity.

6. Disorderly, lewd, indecent, or obscene behavior at a University related activity, or directed toward a member of the University community.

7. Conduct that threatens or endangers the health or safety of any person within or related to the University community, including physical abuse, threats, intimidation, harassment, or sexual misconduct.

8. Hazing, or conspiracy to haze. Hazing is defined as any method of initiation or pre-initiation into a student organization or student body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury to any former, current, or prospective student of any school, community college, college, university or other educational institution in this state (Penal Code 245.6), and in addition, any act likely to cause physical harm, personal degradation or disgrace resulting in physical or mental harm, to any former, current, or prospective student of any school, community college, college, university or other educational institution. The term “hazing” does not include customary athletic events or school sanctioned events.

Neither the express or implied consent of a victim of hazing, nor the lack of active participation in a particular hazing incident is a defense. Apathy or acquiescence in the presence of hazing is not a neutral act, and is also a violation of this section.
(9) Use, possession, manufacture, or distribution of illegal drugs or drug-related paraphernalia, (except as expressly permitted by law and University regulations) or the misuse of legal pharmaceutical drugs.

(10) Use, possession, manufacture, or distribution of alcoholic beverages (except as expressly permitted by law and University regulations), or public intoxication while on campus or at a University related activity.

(11) Theft of property or services from the University community, or misappropriation of University resources.

(12) Unauthorized destruction, or damage to University property or other property in the University community.

(13) Possession or misuse of firearms or guns, replicas, ammunition, explosives, fireworks, knives, other weapons, or dangerous chemicals (without the prior authorization of the campus president) on campus or at a University related activity.

(14) Unauthorized recording, dissemination, or publication of academic presentations (including handwritten notes) for a commercial purpose.

(15) Misuse of computer facilities or resources, including:

(A) Unauthorized entry into a file, for any purpose.

(B) Unauthorized transfer of a file.

(C) Use of another’s identification or password.

(D) Use of computing facilities, campus network, or other resources to interfere with the work of another member of the University community.

(E) Use of computing facilities and resources to send obscene or intimidating and abusive messages.

(F) Use of computing facilities and resources to interfere with normal University operations.

(G) Use of computing facilities and resources in violation of copyright laws.

(H) Violation of a campus computer use policy.

(16) Violation of any published University policy, rule, regulation or presidential order.

(17) Failure to comply with directions or, or interference with, any University official or any public safety officer while acting in the performance of his/her duties.

(18) Any act chargeable as a violation of a federal, state, or local law that poses a substantial threat to the safety or well being of members of the University community, to property within the University community or poses a significant threat of disruption or interference with University operations.

(19) Violation of the Student Conduct Procedures, including:

(A) Falsification, distortion, or misrepresentation of information related to a student discipline matter.

(B) Disruption or interference with the orderly progress of a student discipline proceeding.

(C) Initiation of a student discipline proceeding in bad faith.

(D) Attempting to discourage another from participating in the student discipline matter.

(E) Attempting to influence the impartiality of any participant in a student discipline matter.

(F) Verbal or physical harassment or intimidation of any participant in a student discipline matter.

(G) Failure to comply with the sanction(s) imposed under a student discipline proceeding.

(20) Encouraging, permitting, or assisting another to do any act that could subject him or her to discipline.

(c) Procedures for Enforcing This Code

The Chancellor shall adopt procedures to ensure students are afforded appropriate notice and an opportunity to be heard before the University imposes any sanction for a violation of the Student Conduct Code.

(d) Application of This Code

Sanctions for the conduct listed above can be imposed on applicants, enrolled students, students between academic terms, graduates awaiting degrees, and students who withdraw from school while a disciplinary matter is pending. Conduct that threatens the safety or security of the campus community, or substantially disrupts the functions or operation of the University is within the jurisdiction of this Article regardless of whether it occurs on or off campus. Nothing in this Code may conflict with Education Code Section 66301 that prohibits disciplinary action against students based on behavior protected by the First Amendment.

Chartering as a Student Organization

A charter packet is obtained from the Office of Student Leadership and Development website at www.csustan.edu/SLD. It is required that the prospective organization obtain the services of at least one faculty member or staff person who is willing to work with them as an advisor. The student organization faculty/staff advisor must be employed by the State of California (at CSU Stanislaus) and not an employee of any auxiliary organization at CSU Stanislaus.

All charter packets must be filled out completely and signed by all of the appropriate parties before returning them to the Office of Student Leadership and Development. One copy of the student organization’s constitution/by-laws is required to be submitted with all necessary chartering paperwork; a suggested format is available from the Office of Student Leadership and Development website. Charter applications must include a President, Treasurer, and Student Event Coordinator in order to be considered for approval. In order to be eligible to be a President, Treasurer, and Student Event Coordinator of an organization you must be enrolled in at least 6 units and must be in good standing while in office. Academic eligibility will be verified and monitored by the Office of Student Leadership and Development each semester.

Every student organization President, Treasurer, and Student Event Coordinator must complete their specific Officer Orientation and training. All training for student organizations are required for the following topics: Alcohol Education, Title IX workshops, Finance Training, and 25 Live. Faculty/Staff advisors are highly encouraged to attend for the purposes of Student Organization Advisor Training.

The purpose of the organization must be consistent with the laws of the State of California and policies developed by the Office of Student Leadership and Development. The organization must maintain, at all times, a membership of at least five regularly enrolled students in good standing at the University.

The student organization is considered officially chartered and receives notice when the Office of Student Leadership and Development approves the charter paperwork. Upon chartering, it is the responsibility of all student organization members to maintain good standing as defined in this handbook. Failure to comply with the policies, regulations and laws may result in disciplinary sanctions, including suspension or withdrawal of recognition. Student organizations’ performance is evaluated annually, and a decision is made whether or not to continue the partnership by permitting the organization to charter again the next year. Therefore, it’s important that student organization leaders remind members of the responsibilities and agreements that the organization commits to at the start of each year when chartering documents are filed and approved.

It is the responsibility of any outgoing club/organization officer to complete the President Exit Form, found online at: https://www.csustan.edu/sld/president-exit-form

This form will provide the Office of Student Leadership and Development a correct point of contact person for important updates, particularly during breaks from the academic year. Failure to complete this form may lead to your club not receiving information regarding chartering, trainings and booth lottery, and the advisors are not responsible for emails that are not sent to outgoing officers.
Why Have A Constitution?

By definition, an organization is a “body of persons organized for some specific purpose, as a club, union or society.” The process of writing a constitution will clarify your purpose, delineate your basic structure and provide the cornerstone for building an effective group. It will allow members and potential members to have a better understanding of what the organization is all about and how it functions. It will provide structure to aid future leaders of your organization in ensuring that the group continues on a sound course. If you keep in mind the value of having a written document that clearly describes the framework of your organization, the drafting of your student organization’s constitution will be a much easier and a more rewarding experience.

Student Organization Finance Information

Student Organization Accounts

Associated Students Inc. (ASI) and Auxiliary Business Services (ABS) administer all student organization accounts. ASI has control over establishing accounts for chartered student organizations and spending from these accounts. ASI has the authority to pay debts incurred by these student organizations or to close the account without consent of these student organizations due to non-compliance of the ASI Finance Policy or Trust Account Agreement. In addition, ASI will also close these accounts if they are deemed inactive (no transactions for 2 years).

Opening an Account

Student Organizations are required to complete a Student Organization Trust Agreement each year when they charter. For new organizations this form is used to establish an on-campus account. Off-campus student organization banking accounts are not permitted. If approved for the account, the student organization may also request seed money by filling out a Student Organization Financial Request form. Once the account is open (and you have received your account number and PeopleSoft code) your student organization can make deposits into the account at the University Cashiers Office, using your student organization PeopleSoft code.

Account Statement

When your account is opened you will receive an account statement. Your account number is listed on your statement under Project. Your student organization name is listed under Project Title. You will also receive a statement each quarter that will include all deposits, withdrawals, and encumbrances (money that has been set aside for a debt that remains unpaid). For information on reading your account statement please contact the ASI Budget Assistant at 667-3820 or an advisor in the Office of Student Leadership and Development at 667-3778. You may also check your account balance, account number, or banner code by calling the department of Auxiliary and Business Services (ABS) at 667-3138.

University Reservations

In order to reserve any state facility on campus, you must submit a request via the online 25Live Master Calendar, available at [http://www.csustan.edu/mainpage/Calendars-of-Events/](http://www.csustan.edu/mainpage/Calendars-of-Events/)

Your request must include the following for approval:

- Event Title
- Event Description
- Club/Organization Name
- Headcount
- Your Name
- Your Phone Number
- Your Email Address
- Account Number of Your Organization

Requests that are received without this information cannot be processed and will be cancelled. If your request is cancelled you will have to submit a new 25Live request with the required information.

Each student organization should designate an individual to be responsible for reservation requests. Log-in using the page located on the master calendar. Only students who have attended 25Live/Event Planning Training will be able to access the Event Wizard on 25Live. Be sure to notify the Reservations Administrator if your organization’s contact information changes. Emails are sent to the contact information on file for your group.

The forms that are needed for additional services (e.g., Food sales/service forms, alcohol permit, media request, and facilities services work order) are available on the Master Calendar page. Equipment and AV needs for reservations in the Quad and University Student Union can be obtained from the USU Facility/Reservations Coordinator.

Events may be submitted on the 25Live Master Calendar by using the Event Wizard feature. Once the event request has been submitted the requestor will be able to check the status of the event request by logging in to the 25Live Master Calendar and choose Pending or Approved. Your event will be found on the Pending page if it has not yet been processed or the Approved page if it was completed.

Student organizations must check on the availability of the desired space prior to submitting a request online. Space availability may be checked by looking on the 25Live Master Calendar under the date and time of request; if there is a group already in the desired space you may not request that space. If a space becomes unavailable after you submit your request a comparable space will be assigned. Requests for meeting space must be made no less than 3 days prior to the date of the event and special events no less than three weeks.
Student organizations are exempt from facilities use fees when scheduling approved non-revenue generating events, which are consistent with the mission of the University and are held primarily for enrolled or prospective students. However, there will be a charge for events in which University Police Officers are required to be present. Student organizations that require audio/visual equipment from the University, University Student Union or custodial services (weekend events) will also be charged additional fees. For all events located outside of the University Student Union, you are responsible for leaving spaces clean and reset following your event. Facilities Services may charge your department/organization account if custodial services are required. Student organizations scheduling a one-time event, which is primarily for CSU Stanislaus, students may reserve designated facilities up to 12 months in advance. Weekly meetings for student organizations may be requested beginning July 1 for fall semester and November 1 for winter/spring semesters.

**University Student Union and Quad Reservations**

University Student Union and Quad reservations can be made via the 25Live Master Calendar. Contact the USU Facility/Reservations Coordinator for room set-up and equipment needs. Student organizations do not have to pay the facility use fee; however, a minimal fee would still apply for some equipment and after-hour manager fees.

**Reservations Coordinator, Melissa Goodman 667-3191 MGoodman1@csustan.edu**

**Advice about Reservations**

Student organizations are exempt from some facility use fees; however, the student organization’s account number is required for all event requests, along with the approval from the Office of Student Leadership and Development Advisor(s). To inquire about fees, please contact your Student Leadership and Development Advisor. Approvals will be sent via email for online event requests. Do not submit a second request for the same event. If you want to change an existing event request, please speak with your advisor in the Office of Student Leadership and Development.

Student organizations can schedule one-time events up to twelve months in advance, and can schedule repeating events (e.g., weekly meetings) for the current semester. Reservations are subject to approval by the appropriate campus authorities.

Additional help with creating reservations can be found online on the Calendar of Events link, under Training Tools.

**Meetings**

If planning for meetings or events that are to be a series of prescheduled dates, consider whether the preferred location is one that is primarily used for University events/activities other than student events/activities. Reservations made in classrooms or in administrative conference rooms may be affected by changes in the academic or administrative calendar. If a reservation needs to be relocated, the reservations administrator will contact the event organizer via email with an alternate location. Student events/activities will be given priority scheduling for the University Student Union facilities.
Event Needs

Please plan your event in advance as there are specific deadlines for when forms and approvals must be obtained. Estimate the number of attendees, available locations, food and beverages, media equipment, room set-up and take-down, custodial services, equipment needs such as tables or chairs, and if insurance is required for your event. This information should be included in your event request and provided services may be subject to additional fees. The university reservation administrator will review your event and notify the departments involved in providing services for your event. Your event is not confirmed until all departments and the Office of Student Leadership and Development have approved the event and your reservation shows as ‘Confirmed’ on the 25Live Master Calendar.

Safety and Risk Management

The Special Event and Safety Plan form must be submitted to Safety & Risk Management at least 30 calendar days prior to the event start date - Special Event Safety Plan (SESP) to include a layout diagram of the event set-up and any promotional material.

Amplified Sound Agreement

The amplified sound policy is designed to protect organized instructional and learning activities from serious interference, while also permitting student programming activities to take place during classroom hours in high student traffic areas around classroom buildings. Student organizations that desire to have amplified sound at their events must include this information on their facility request to obtain approval.
Use of Amplified Sound

Student organizations are responsible for keeping the amplified sound at events sponsored (such as bands, concerts, and other programs scheduled for the purpose of recreation or entertainment rather than to instruct, inform, or provide a forum for the free exchange of ideas) at a reasonable sound level, so that the amplified sound does not seriously interfere with the instructors’ ability to teach and the students’ ability to study/learn.

The Office of Student Leadership and Development will monitor and regulate the level of sound at student organization events by testing the sound level inside the nearest buildings and will enforce a maximum level of 60 decibels (inside the buildings). In order to keep the sound below 60 decibels inside the buildings, amplified sound should be directed away from all classroom buildings; should there be a complaint or concern about the noise level.

The University Student Union has sound equipment that can be reserved on a first come first serve basis. For sound system rental, please use the ASI/USU Sound Equipment Form or contact the USU Facility/Reservations Coordinator at 667-3191 for more information.

Use of amplified sound requests

- Requests to have amplified sound must be included on the facilities request for your event and is subject to approval.
- Check with the Office of Student Leadership and Development to make sure another group has not already requested amplified sound at the same time.
- Set up your amplified sound so that it is as far away from the buildings that have classes or business in session.
- Always direct your music away from buildings. (We recommend you check the calendar to see if any classes, meetings, or events would be impacted by the sound, including sound checks and rehearsals).
- Advisor must be present to have amplified sound at any event.

Food Service and Catering

In order to provide food service for University students, faculty, and staff at a reasonable price, the University has an exclusive contract for campus food service. Catering from off-campus is not permitted. In order for a student organization to prepare, serve or sell food on campus the student organization must obtain and complete a Food Sales/Service Packet, which is a waiver from Campus Dining and a Food Serving Permit from the campus Environmental Health and Occupational Safety Office (located in the University Police Building). The Food Sales/Service Packet can be picked up from the Office of Student Leadership and Development in University Union Building Room 103 or by downloading the instructions and the form at http://www.csustan.edu/sld/documents/TempFoodPermit_000.pdf. Additional instructions on the Temporary Food Process can be found using the flowchart found at http://www.csustan.edu/sld/documents/TemporaryFoodPermitProcess.pdf.

Campus Dining offers special discount prices for student organizations on catering packages and bulk food purchases. To determine the menu, quantities and costs of food service for an event, it is best to schedule a meeting with Campus Dining/Catering Services. If the catering staff understands the budget limitation and the food service needs for your event, they can assist you in tailoring the food service to meet your needs. Campus Dining’s catering staff can be contacted at 667-3634, or catering@csustan.edu. The Campus Dining Office is located in Main Dining, next to the entrance of the food service area on the south side. Should your event be one that requires the participation of food concessionaires (e.g., ethnic food carts, beer dispenser trailer, etc.) such concessions

Showing a Movie

All public performances of videos are illegal unless they have been authorized by license. Even “performances in ‘semipublic’ places such as clubs, lodges, factories, summer camps and schools” are “public performances subject to copyright control.” (Senate Report No. 94-473, page 60; House Report No. 94-1476, page 64).

Both for-profit organizations and non-profit institutions must secure a license to show Videos, regardless of whether an admission fee is charged. (Senate Report No. 94-473, page 59; House Report No. 94-1476, page 62)

A party is liable for contributory infringement when it, with knowledge of the infringing activity, contributes to the infringing conduct of another or provides the means to infringe. Vicarious liability arises where a party has “the right and ability to supervise the infringing activity and also has a direct financial interest in such activities.” Gershwin Publishing Corp. vs. Columbia Artists Management, Inc., 443 F.2d1159, 1161 (2d Cir. 1971). Both the property owner and exhibitor must make sure a license is in place before a video is shown by either party.

Non-compliance with the Copyright Act is considered infringement and carries steep and significant penalties. Such exhibitions are federal crimes and subject to a $150,000 penalty per exhibition (Section 506). In addition, even inadvertent infringers are subject to substantial civil damages ($750 to $30,000 for each illegal showing) and other penalties. (Sections 502-505). If you are still interested in showing a movie you must submit the Movie Request form two weeks prior to your event. The sponsoring organization or individual is responsible for ensuring that the content of all materials posted is non-discriminatory in nature, and that it complies with all CSU Stanislaus, local, State, and Federal policies and laws, including Title VII and IX of the Civil Rights Act as amended. **Posting of Personal Notice of Goods and Services**

Members of the University community (students, faculty and staff or alumni) may post notices offering or seeking goods or services provided that such notices do not promote commercial businesses or transactions. The posted notice must include the individual’s name and the date of posting only on approved areas for posting.

**Administration of Campus Posting Guidelines**
Posters or banners written in languages other than English must indicate the name of the sponsoring organization in English. In addition, the group must provide the Dean of Students with an English translation of the information on the poster or banner prior to being granted approval for posting to ensure that material complies with posting requirements, e.g., noted under “Compliance with University, Local, State and Federal Policies and Regulations.” Signs and A-frames are placed in public areas at the sponsoring organization’s own risk. The University cannot provide security for such materials.

**Raffles and Casino Nights**

As a result of Assembly Bill 839, Article 17, please review the information below to be sure all members understand the implications of the law. The effect of the law is to legalize charitable gaming events such as poker tournaments and “Monte Carlo” or “Casino Night” events.

19986. (a) Notwithstanding any other provision of state law a nonprofit organization may conduct a fundraiser using controlled games as a funding mechanism to further the purposes and mission of the nonprofit organization.

(b) A nonprofit organization holding a fundraiser pursuant to subdivision (a) shall not conduct more than one fundraiser per calendar year, and each fundraiser shall not exceed five consecutive hours.

(c) No cash prizes or wagers may be awarded to participants; however, the winner of each controlled game may be entitled to a prize from those donated to the fundraiser. An individual prize awarded to each winner shall not exceed a cash value of five hundred dollars ($500). For each event, the total cash value of prizes awarded shall not exceed five thousand dollars ($5,000).

(d) At least 90 percent of the gross revenue from the fundraiser shall go directly to a nonprofit organization. Compensation shall not be paid from revenues required to go directly to the nonprofit organization for the benefit of which the fundraiser is conducted, and no more than 10 percent of the gross receipts of a fundraiser may be paid as compensation to the entity or persons conducting the fundraiser for the nonprofit organization. If an eligible nonprofit organization does not own a facility in which to conduct a fundraiser and is required to pay the entity or person conducting the fundraiser a rental fee for the facility, the fair market rental value of the facility shall not be included when determining the compensation payable to the entity or person for purposes of this section. This section does not preclude an eligible organization from using funds from sources other than the gross revenue of the fundraiser to pay for the administration or other costs of conducting the fundraiser.

Any approved student organization event as defined as a controlled game must submit to the Student Leadership and Development Advisor the following information outlined below. The nonprofit organization shall maintain records for each fundraiser using controlled games, which shall include:

1. An itemized list of gross receipts for the fundraiser.
2. An itemized list of recipients of the net profit of the fundraiser, including the name, address, and purpose for which fundraiser proceeds are to be used.
3. The number of persons who participated in the fundraiser.
4. An itemized list of the direct cost incurred for each fundraiser.
5. A list of all prizes awarded during each fundraiser.
6. The date, hours, and location for each fundraiser held.
7. No person shall be permitted to participate in the fundraiser unless that person is at
A raffle may appear to be a great way to raise money for an organization with minimal effort or expense. Unfortunately such “get rich quick” schemes are a violation of the California Penal Code (Sections 319-325). The law specifies that any means of disposing of merchandise or property of value among persons who have paid or exchanged anything of value, whether it is called a lottery, raffle, or gift enterprise is a misdemeanor. It also holds every person accountable who sells, gives or in any manner furnishes or transfers a ticket, chance or share liable. Likewise, persons who are involved in such activities through printing, writing, advertising, publishing, or managing such activities are guilty of a misdemeanor, unless sanctioned by the state. In the same manner, student organizations are not permitted to sponsor a Casino Night event where there is an exchange of money for playing tokens or chips. Script must be distributed free with no connection to any donation of monies. In such cases, prizes should be awarded through a drawing process at the end of the event. All advertising should indicate that no purchase is necessary to participate in the event.

Free drawings are permitted as a means of promoting an organization providing there is no money or other valuable consideration given in exchange for a change. Questions on what might be considered a free drawing rather than a raffle should be directed to an Advisor in the Office of Student Leadership and Development. No tickets or publicity should be printed without first obtaining approval from the Office of Student Leadership and Development.
