## WHAT TYPE OF TEACHING CAREER IS RIGHT FOR YOU?

### Elementary Teaching (K-8)

Elementary school teachers usually have one class and they teach their students many different subjects. Elementary school teachers are expected to be very hands-on, creating a fun and enthusiastic atmosphere within their classroom

### Secondary Teaching (7-12)

Middle and high school teachers prepare students for college and the real world. Middle and high school courses are structured around core academics that students need as the foundation for college and life. Classes delve more deeply into a

### Education Specialist (K-12)

Being a special education teacher is an opportunity to have a positive, lasting impact on the lives of children and youth with special needs. Special Education is specially designed instruction, that often incorporates related support services,
