

Verification of Low Income Status

In accordance with U.S. Department of Education funding requirements, Student Support Services is required to document a student's household income and size when considering eligibility for the program services. This verification of low-income status must accompany SSS program applications when it is not possible to verify household income and size with a tax return.

Student Information

Stan State ID: _____

SSN: _____

Last Name: _____

First Name: _____

Parent/Guardian Information (for dependent students only)

Last Name: _____

First Name: _____

Phone: _____

Tax Non-Filing Certification

I am an independent student and did not file a tax return documenting my income for the previous year.

I am the parent/guardian of the above listed student and did not file a tax return documenting my income for the previous year.

Please provide a brief explanation for your non-filing status:

Household Income and Size Certification

1. Household information is being provided for the year of _____

2. Total household income from all sources was _____

3. Total household size was _____

I certify that the above information is true to the best of my knowledge. I understand that SSS will make every effort to verify income with the information provided and agree to provide additional documentation should it be needed.

Signature Self (if independent) or Parent/Guardian (if dependent)
