This posting, based on sound documentation of revenues due, is referred to as an accrual of revenues. FTES

Full-Time Equivalent Students. This calculation is derived from taking the total units enrolled per semester and dividing it by 15 units for undergraduate students or 12 units for graduate students.

Prior to 2006/07, the FTES calculation for all students was based on 15 units. The 2006/07 change in the calculation is referred to as 'rebenched' FTES.

Although the FTES calculation was rebenched at the start of 2006/07, no additional funds were allocated to the CSU or to the campuses for rebenched FTES generated prior to the 2006/07 enrollment growth.

The number of FTES to be served by the campus for that academic and fiscal year. The campus is allocated additional State General Fund appropriation dollars for each additional Budgeted FTES. Effective with the 2006/07 academic and fiscal year, only resident FTES count toward meeting the Budgeted FTES target. This was imposed by the State Department of Finance so that General Fund appropriations were not allocated to cover the instructional cost for non-resident students.

Non-resident students pay a per-unit non-resident tuition fee in addition to the other mandatory registration fees paid by resident students. Non-resident tuition fee.

estimate of the student fee revenues each campus is expected to collect based upon their projected student enrollment.

Governor's Compact

This agreement was referred to as the Governor's Compact. The purpose of this compact was to provide a consistent and dependable funding level to the CSU. In exchange for predictable funding, the CSU committed to key educational outcomes. Following 1998/99, the Governor committed to a new partnership agreement, which is reviewed/renewed with the CSU Chancellor, each fiscal year. Refer to Higher Education Compact.
